Weather

Today and Tuesday—Strong southeast winds. Sun rises Tuesday 5:51. Sets 7:20. Light up vehicles by 7:40; light up aircraft by 19:50 hours. Edmonton Temperatures — Sunday maximum, 40; overnight low, 28. Estimated high today, 50; estimated overnight low, 30; estimated high tomorrow, 50.

Japanese Demand Cabinet Quit

Follow Up Of Sunday Rioting

By RUSSELL BRINES

TOKYO, April 8.—(AP)—With Japan's election two days away, a 14-man committee of the "Democratic People's Front" appeared today before Premier Shidehara with a demand that his cabinet resign immediately.

THE COMMITTEE, claiming to represent 70,000 persons, called on Shidehara as a follow-up to yesterday's explosive leftwing demonstration in which at least 10,000 Communist-led demonstrators swarmed into the premier's courtyard, broke windows and injured eight Japanese policemen. The crowd, which was herded quietly away from the residence by United States military police, did not accompany the committee today.

Three resolutions were presented to Shidehara by the group. One from farmers condemned the amount of rice provided under the compulsory purchase rules; and another from labor unions opposed the announced government plans for drafting legislation to prohibit labor unions from assuming control of industries during strikes; the third was an eight-point demand for the cabinet resignation because of "its inability to solve the country's problems."

EMPEROR HIROHITO, meanwhile, called on the 36,000,000 voters of Japan to "take part in the election with enthusiasm and conviction by voting for the candidates of their free choice and contribute

Tram System Shows Gain in Patronage

Edmonton's street railway system appears to thrive on the competition created by the abolition of gasoline rationing and the subsequent greater use of automobiles as during the first three months of this year the tonnage was 10% greater than in the same period of 1945, it was announced Monday by Thomas Ferrier, street railway superintendent.

Traffic on the system during the first three months of this year totalled 9,584,305, compared with 8,537,567 for the same period last year.

During March this year 3,286,609 passengers were carried compared with 2,906,050 in March, 1945, an increase of 380,555.

Rock Slide Blocks CP Line in Rockies

CALGARY, April 8.—(CP)—Calgary-Vancouver rail traffic was still at a standstill in the mountains this morning as a result of a rock slide which occurred on the CPR main line near Field, B.C., early Sunday morning.

It had been hoped to have the line cleared by 10 a.m. today but officials said it might be 1 p.m. before traffic was opened.

Four eastbound and three westbound passenger trains were waiting at points on both sides of the slide waiting for clearance. An eastbound train originated in Calgary Sunday evening to handle local passengers travelling east.

THE FALL CAME sometime between 4 and 5 a.m. yesterday. The Vancouver-bound Transcontinental passenger train had passed the spot about 4 a.m., but an hour later an eastbound freight piled into the rock and the locomotive and two cars were derailed. No one was injured.

There was no immediate indication when the line would be cleared.

WORK OF THE CPR crews assigned to clear the traffic is complicated by the fact that they can approach the slide from only one side. The rock came down at the east end of a small tunnel, blocking the mouth. To remove the rock the men were using dynamite and a ditching machine.

Veteran Edmonton Airman Is Dead

OTTAWA, April 8.— (CP)—Flt.-Lt. David E. Anderson, 34, of Edmonton, veteran of six years service with the RCAF, died in hospital here Sunday following a lengthy illness. A native of Roland, Man., he was educated in Edmonton and enlisted in the RCAF in 1940. Surviving are his widow, the former Bernice R. Lauder of Winnipeg; his parents, Mr. and Mrs. Robert Anderson, Edmonton; a brother and two sisters. Funeral services will be held here tomorrow with interment at Winnipeg.

League of Nations opens final assembly. Page 8.

Troops Dig in Mud of Tokyo Bay

Expect Buried Jap Wealth To Bare Big Underground

Exclusive to The Edmonton Bulletin

TOKYO, April 8.—(BUP)—Troops of the U.S. 1st Cavalry Division began digging in the mud of Tokyo Bay today for a treasure of gold, platinum and silver, estimated to be worth $2,000,000,000, which may lead to the uncovering of an extensive Japanese underground organization.

LT. E. V. NEILSEN, WHO DISCOVERED the hoard which had been hidden to finance future Japanese nationalist activities, said the cache may lead to more finds.

He said an investigation to find the men responsible for dumping the bars of precious metals probably would produce results in two or three days. It is possible, he predicted, that the men who pumped the treasure may be connected with a wealthy Japanese underground society operating in Korea.

NEILSEN HAS ONE EYEWITNESS, A LABORER, who was forced to help dump the treasure into the bay. The witness was held in secrecy for his own safety.

Occupation authorities said they would ask the Japanese government why it had failed to list the hoard among the government assets, as required by Gen. Douglas MacArthur. They did not anticipate a satisfactory answer, as the government usually blames all such actions on the militarists.

Stages Gun Duel With Police

Hacks Family to Death, Says "Ordered by God"

DES MOINES, April 8.—(AP)—A mother, grandmother and two small children were hacked to death in the front yard of their home today and after a gun fight in which he was wounded police took into custody a newspaper printer who said "God had ordered me to kill my family."

A NEIGHBOR CHILD was wounded in the gun battle involving police and William C. Irwin, 41, who was tricked in the leg by a police bullet.

Irwin, after treatment in hospital, was placed in a padded cell at the city jail.

No charges were filed immediately.

Those killed were:

Edith Irwin, 38, Irwin's wife;

Mary Alice Irwin, 64, His mother;

John Irwin, 8, his son, and

Henry Irwin, 5, another son.

A third son, William, Jr., 11, had gone to school before the slayings.

Detective Chief Paul Castelline said Irwin told him:

"I had an impulse. God had or-

Despite Reports

Doubt Any Delay In Redistribution

By CHESTER BLOOM
Edmonton Bulletin Ottawa Bureau

OTTAWA, April 8.—Reports that nothing may be done about redistribution at this session, due to inability to get Ontario and western prairie members to agree to any reduction of their seats in the house as discounted here in government circles.

THERE HAS BEEN no indication that the government would recede from its announced intention in the Speech from the Throne to proceed with a redistribution as required under the existing law.

To postpone redistribution would require another amendment to the BNA Act as was done during the war. It would be just as easy to amend the act to get a new basis of representation.

Quebec members would resist such a delay with all their might.

See REDISTRIBUTION

SC Party to Open Offices in Ottawa

REGINA, April 8.—(CP) — The national council of the Social Credit Association of Canada has laid plans for the start of Dominion-wide organization work and a head office will be opened in Ottawa as soon as space can be found, it was announced today by the association offices here.

THE PLANS WERE laid at a closed meeting of the council Saturday following the association's three-day convention at which Solon Low was re-elected president and national leader of the party and resolutions were passed opposing compulsory state insurance, calling for general taxation revisions and urging national action by the Social Credit movement.

Dr. Joshua N. Haldeman of Regina, Saskatchewan Social Credit leader, was elected permanent chairman of the council at the meeting at which all provinces except Manitoba were represented.

Warmer Weather Is Due in the City

Thermometers on the upward trend Monday morning support the forecast for warmer weather which was issued by the Dominion public weather office. The forecast also calls for clearing skies and moderate southeast winds.

Saturday's 2.2 inches of snow disappeared by Monday as strong winds Sunday absorbed the moisture from the district.

Highest temperature Sunday was 40 at 5:30 p.m. The low was 17 at 6:30 a.m. Overnight low was 28 from 1:30 a.m. Monday to 4:30 a.m. Estimated high for Monday was 50 with the mercury sitting pretty at 38 for the 8:30 a.m. reading.

The sun rises Tuesday at 5:51 and sets at 7:20.

To Demand Probe Of Butter Supply

SYDNEY, N.S., April 8.—(CP)—The Cape Breton Labor Council decided at a meeting Sunday to ask for an investigation into the butter supply situation in Canada after the council rejected a motion calling for strike action by Cape Breton county industrial workers to protest the butter shortage.

New Red Deer Bridge Planned

A graceful new steel girder bridge will be completed across the Red Deer River at the summer of 1947, according to Hon. W. A. Fallow, minister of public works, who said that the work of erecting the piers will be begun this fall after the "highwater" period has passed. It is expected that the piers will be completed before freeze-up and as soon as the ice forms it is intended that the steel work shall be completed.

THE BRIDGE WILL mean that the Calgary-Edmonton highway will be re-routed to cut off North Red Deer and the winding road between Red Deer and Blackfalds. The new section of the highway, on which gradings will commence this spring will run from the north end of the bridge to the present highway near Blackfalds, and will eliminate the sharp turn now necessary on the present bridge.

Railways near Red Deer will be crossed by means of underpass or overpass, the minister said, which will mean that all level crossings between Calgary and Edmonton will be eliminated, except for the branch line running out of Leduc, which rejoins the main line of the CPR at Lacombe.

THE NEW BRIDGE will be about 600 feet long, Mr. Fallow estimates, and will cost about $150,000.

The present bridge at Red Deer, classified by the minister as a territorial bridge, will be taken down and will be moved to Rosedale near Drumheller where it will again cross the Red Deer River.

Camrose Man Dies In North Accident

WINNIPEG, April 8—(AP)—John Tanner of Camrose, Alta., an employee of the Eldorado Mining and Refining company, drowned in Great Bear Lake, Northwest Territories, the night of April 3, reaching Winnipeg said Sunday. Tanner had brought out a tractor from Port Radium in answer to a call for help from a snowmobile of the Canadian army's Exercise Muskox, caught in a crevice in the ice. Tanner had anchored the tractor with a cable before attempting to cross the miles-long crevice but it broke through.

Fire at Mundare

About $400 damage was caused by a fire which broke out in the Mundare livery barn Sunday evening, according to word received here by RCMP. The fire destroyed a large quantity of hay and caused considerable damage to the building. The fire is believed to have started from a carelessly discarded cigarette butt.

Edmonton Airmen on Flying Ambulance

—RCAF Photo.

Pictured above is the crew of an RCAF Flying Ambulance which arrived recently at Leeming, England, with 18 stretcher cases aboard. The patients were British Army personnel from units on the Continent. From left to right are: FO. Vic D'Aignon of Edmonton, wireless operator; FO. Brian Smith of Edmonton, navigator; LAW. Hilary Barnes, of Sussex, England, medical orderly; SL. Rod Milne, DFC, of Windsor, Ont., captain of the aircraft; and FO. Bill Robinson of Edmonton, co-pilot.

Carried Out in France During War

2 Nazi Financial Swindles Bared

By SEAGHAN MAYNES

HEADQUARTERS, BRITISH ARMY OF THE RHINE, April 8.—(Reuters)—Special investigation officers in the British zone of Germany have discovered evidence of two colossal financial swindles carried out by Germany in occupied Europe during the war.

AN INQUIRY INTO the affairs of the firm of Otto Wolff, one of the biggest steel-making concerns in Germany, disclosed transactions which disrupted the financial structures of many European countries.

Pre-war Germany paid for goods abroad in blocked marks which, after the fall of France, were bought back from the French by Wolff at a cheap price. French firms, unable to realize their blocked credits, were induced to part with 180,000,000 marks in exchange for occupation francs worth 53,000,000 marks.

GERMANY GAINED a profit of nearly 110,000,000 marks, of which Wolff received nearly 2,500,000 marks as commission.

The occupation francs cost the German state no more than the paper on which they were printed and the whole deal amounted to the actual wiping out of credits without cost.

The second swindle was even more blatant. Seeking foreign exchange to buy war materials in neutral countries, Wolff obtained quantities of the currency of occupied countries, paying for it with occupation currency costing the Germans nothing.

Shooting Victim Said Recovering

Authorities at the Colonel Mewburn Pavilion reported Monday that Nick Survilla, who was shot and seriously wounded by an unidentified gunman on a city street last March 28, was continuing to recover from the bullet wound which entered his chest about one inch below his heart and pierced the right lung. Meanwhile police are continuing investigations into the shooting, but state that no further developments have materialized.

Regent Is "Out"

ATHENS, April 8.— (Reuters) — It was officially confirmed here today that King George II of Greece has accepted the resignation of Regent Archbishop Damaskinos and has asked the government to summon his views regarding a successor.

La Guardia demands wheat for UNRRA. Page 5.

War Crimes Court Is Told:

Hitler, Keitel and Himmler Sealed Fate of 50 Fliers

Exclusive to The Edmonton Bulletin

NUERNBERG, April 8.—(BUP)—Marshal Wilhelm Keitel admitted before the War Crimes Court today that the fate of 50 British airmen, recaptured after their escape from a German war prisoner camp, was sealed at a conference of Keitel, Adolf Hitler and Heinrich Himmler.

KEITEL WAS BACK in court for another session of cross-examination which Saturday brought out some of the most damning testimony by a defendant yet produced in the five-months trial.

The former chief of the Nazi high command betrayed his nervousness by fists clenched so tightly his knuckles showed white and fumbling attempts to sidestep the questions of Sir David Maxwell Fife, chief British prosecutor.

The Royal Air Force officers about whom Keitel was questioned escaped from the notorious Stalag Luft III. Fyfe asked him whether he was "satisfied in your own mind" after a conference with Hitler and Himmler that the recaptured prisoners were going to be shot.

"THAT IS NOT CORRECT," Keitel said.

"But you will agree," Fyfe persisted, "that you thought there was a grave possibility that these men would be shot."

"I had some feeling they were in danger of their lives," he admitted.

Canada Developed Atomic Bomb, Says Scientist

THE CURRENCY thus obtained was sold in Stockholm and Bern. About $60,000,000 marks' worth of marketable securities were brought up with occupation currency.

Sales traced so far in Switzerland amount to only 12,000,000 marks and the remainder may still be somewhere in neutral countries. Otto Wolff died in 1940.

U.S. War Secretary Reveals:

New Chemicals Developed Decisive as Atom Bombs

ATLANTIC CITY, N.J., April 8.—(AP)—War Secretary Patterson disclosed today that the United States had developed a new gas that "would have made the Japanese military mask useless".

Mr. Patterson made only that brief reference to the gas at the opening of the 109th meeting of the American Chemical Society. He did not elaborate.

Maj. Gen. Alden H. Waitt of the chemical warfare service declared in another address to the society that chemical warfare probably would be "as decisive a weapon in any future war at the atomic bomb".

"I say this advisedly for already we know of agents thousands of times more toxic than mustard gas, phosgene, the cyanides and the arsenicals that we have worked with in the past", Gen. Waitt said. "Our discoveries in recent years give me more confidence than ever in the power of the chemical weapon".

Mr. Patterson also declared that at the end of the war the United States was just getting into stride with "improved" fire bombs which "would have levelled everything (the enemy) had and rendered their cities uninhabitable."

Mr. Patterson said 66 Japanese cities with an aggregate population of more than 20,000,000 were crippled by fires from American incendiaries.

Asserting that the wartime developments in chemical warfare also offered promise of peacetime humanitarian uses, Mr. Patterson said a group of war gases known as "nitrogen mustards" have shown "such positive effects (experimentally) on certain forms of cancer that vigorous study will be pushed. . . ."

City Land Sales Nearing $500,000

City land sales up to April 6 this year are now nearing the $500,000 mark, or approximately 50 per cent of the estimated $1,000,000 of sales for this year, and probably will have passed the half way mile-post when large sales made recently have been finally reported.

UP TO THE END of March the total of sales reported was $382,684, more than $100,000 in excess of the sales for the first three months of last year.

During the first six days of April sales totalling $32,800 were made to 89 purchasers, with 81 of the deals being with residents acquiring property for home-building purposes. Seven of the sales were to purchasers desirous of extending their homesites, and one was a re-purchase of property forfeited for taxes.

Monday the land department was extremely busy, with more than 15 sales being made during the morning.

Child Injured By Bulldozer

Hugh Dunnegan, five-year-old son of Mr. and Mrs. J. Dunnegan, 9641 107A avenue, narrowly escaped serious injury shortly after 1 p.m. on Monday when he was struck and knocked down by a bulldozer on 108 avenue.

The child was hit while the bulldozer was doing excavation work on a basement being dug next to 9643 108 avenue. He was rushed to the Royal Alexandra hospital by Smith's ambulance suffering from minor bruises and shock.

Tantalite Refinery Planned For West

TORONTO, April 8.—(AP)—A refinery will be established in Western Canada in connection with discovery of deposits of mineral tantalite in Canada's sub-Arctic region, Dr. Daniel Gardner of St. Petersburg, Fla., said during the week-end.

WELL KNOWN as a biochemist, Dr. Gardner said the ore mineral from which tantalum is produced has been discovered in the Northwest Territories. He said it is anticipated the concentrate will be bagged and shipped by water down the Great Slave Lake system to Fort McMurray, Alta., and then to the refinery.

Exact location of the refinery was not disclosed.

To Seek Revision B.C. Divorce Laws

VICTORIA, April 8.—(CP)—A motion that the divorce law of British Columbia should be immediately amended "with a view to modernizing the whole law on the subject in harmony with modern conditions and trends of thought" will be made in the legislature Tuesday by Charles W. Morrow (Coalition North Okanagan). Giving notice of the motion, Mr. Morrow said that the divorce law of England as they stood in 1858 are in force in British Columbia, and ing they are "inadequate and unjust."

Want No Tourists

LONDON, April 8.—(CP) — Britain will take "no active steps to encourage tourists" before 1947, H. A. Marquand, secretary for overseas trade, said in the House of Commons today. He said "the present scarcity of accommodation" was the reason.

Pictures of returning veterans. Page 9.

On Iranian Issue

Reds Pose New Threat To Boycott UN Meet

By CHARLES A. GRUMICH

NEW YORK, April 8.—(AP)—Russia posed a new threat of boycott before the United Nations Security Council today unless the council abandons its scrutiny of the Iranian case and accepts the Soviet view that the issue has been settled in by-lateral agreement between Iran and the Soviet Union.

MOSCOW LAST NIGHT broadcast both a firmly phrased demand that the council remove the Iranian case from its docket and a telegram from Iranian Premier Ahmed Qavam to Prime Minister Stalin expressing satisfaction with the new agreement between them.

Moscow said Soviet Ambassador Andrei A. Gromyo had advised Trygve Lie, UN secretary-general in New York, that the Iranian case "must be dropped" at once rather than remain on the agenda for reconsideration May 6, by which time all Red Army troops are supposed to be out of Iran.

IN A LETTER to M. Lie dated April 6, M. Gromyko was quoted as saying the council's retention of the Iranian case for re-checking on May 6 is "not right and is illegal

No Early Decision Wheat Price Seen

By CHESTER BLOOM
Edmonton Bulletin Ottawa Bureau

OTTAWA, April 8.—No action by the Dominion cabinet to raise either the export price of wheat now $1.55 per bushel, No. 1, Fort William, nor the domestic price of $1.25 is expected until after seeding on the prairies is completed some time in late May, it was reported here from usually reliable sources.

IN NO CASE, however, would the government change the initial payment of $1.00 per bushel.

This situation, according to these reports, is because the government wants a line on the total amount it will be obligated to insert for a wheat crop bonus in the new 1946-47 budget. This cannot be estimated until the total wheat acreage under cultivation for this crop season is approximately known.

The pressure from western grain interests for an increase, especially on the export price, has been extremely heavy. It is reported, however, that Hon. J. G. Gardiner, minister of agriculture, has been unwilling to make a specific recommendation until the acreage problem is decided.

MR. GARDINER, as well known, has resolutely opposed making any official recommendation for increase of wheat acreage over the last year mark, especially by way of reducing summerfallow lands. The argument is held to announce an increase in the wheat price at the moment might result in an undue increase in wheat acreage at the expense of summer fallow.

After seeding is completed, however, this factor would disappear. The government could make some reliable estimate on the total crop, (allowing for a gamble on the weather) and alter the price with some knowledge of what the extra amount would cost the taxpayers of Canada.

Police Probing Death of Girl

Exclusive to The Edmonton Bulletin

VEGREVILLE, April 8.—Agnes Ashmore, 17 years old, of Vegreville, died in hospital here Sunday evening where she had been taken earlier in the day suffering from a .22 calibre bullet wound in the mouth.

The girl, who attends high school here, was found unconscious on the kitchen floor in the home of Mrs. John Duke by two school friends, Evelyn Hess and Anna Orfeina. A .22 rifle was lying nearby on the floor.

RCMP are investigating.

Coroner Dr. R. M. Reid of Vegreville is conducting medical inquiry into the shooting. No inquest will be held.

Man Decapitated By Moving Train

LETHBRIDGE, April 8.—(CP)—Lethbridge police and Coroner J. S. Wray so far have been unable to establish the identity of a man about 60 years old who was decapitated by a train here Saturday. The man was walking near the track on which the locomotive was moving when he suddenly dropped across the rails in front of it, was struck and killed, witnesses said.

Japanese Volcano Ruins Wheat Crop

TOKYO, April 8.—(AP)—The all-Japan agricultural association reported Sunday that ashes spewing from Minami Dake volcano opposite Kagoshima destroyed 975 acres of wheat and that heavy damage has been done in a 22-mile radius. The volcano is still erupting after nearly a month.

$3,700 Robbery

MONTREAL, April 8.—(CP) — Three masked gunmen today held up J. A. Gaboriault, manager of Superior Bread Limited, and Marcel Guibolt, an employee, and escaped with $3,700, the company's weekly receipts.

Gets Navy Post

OTTAWA, April 8.— (CP) — Appointment of Capt. G. R. Miles, 44, of Rothesay, N.B., as chief of naval personnel and a member of the Naval Board, with the acting rank of Commodore, was announced today by naval service headquarters.

Reds Pose New Threat To Boycott UN Meet

By CHARLES A. GRUMICH

NEW YORK, April 8.—(AP)—Russia posed a new threat of boycott before the United Nations Security Council today unless the council abandons its scrutiny of the Iranian case and accepts the Soviet view that the issue has been settled in by-lateral agreement between Iran and the Soviet Union.

Manitoba Budgets $1,973,813 Surplus

WINNIPEG, April 8.—(CP)—Premier Stuart S. Garson, who also holds the portfolio of provincial treasurer, has budgeted for a surplus of $1,973,813 for the fiscal year ending April 30, 1947, he reported to the Manitoba legislature today.

In presenting his first peace time budget in seven sessions, Mr. Garson said there would be no new taxes nor no increases in existing taxes.

Until agreement is reached at the Dominion-provincial conference, the Manitoba government cannot formulate long-range financial policies, he told the house.

Reach War Assets Accord With U.S.

OTTAWA, April 8—(CP)—Prime Minister Mackenzie King announced today in the Commons the conclusion of an agreement with the United States for the disposal of various war assets, Canada paying $12,000,000 (U.S. funds) for American equipment originally valued at $59,000,000.

MR. KING SAID the equipment included some connected with the Alaska highway, which the Canadian Army is taken over, and with the northwest staging route which is being kept up by the RCAF.

It also included some naval and air equipment which went to the United Kingdom from the United States on lend lease and which on its return had remained in Canada. Both Canada and the United States regarded the agreement as satisfactory.

AS A RESULT of the agreement the Canadian forces would obtain $7,000,000 worth of needed American equipment at a low price,

No Developments in "Drowning" Case

There are no further developments in the mysterious "drowning" incident near the Low Level Bridge last April 3 according to police officials. An intensive search was carried out along the banks of the Saskatchewan river after police had received several reports that a young girl believed to have been that of a boy or a woman, was heard crying for aid about 9:30 p.m. No indication that anyone had been drowned was found.

Fete North Couple On Anniversary

Exclusive to The Edmonton Bulletin

ATHABASCA, April 8—Marking the 30th anniversary of the marriage in Sheffield, Eng., of Mr. and Mrs. George Meadowcroft of Athabasca, members of the Masonic Lodge here conducted an "open house" Saturday for friends of the town and district.

THE MEADOWCROFT home, decorated with spring flowers, was the scene of the celebration. In the evening, a town party in the Memorial Hall gave further honor to the principals.

Mr. Meadowcraft was born in England in 1874. His wife, the former Annie Mason, was born in 1875. For 9 years following their marriage the couple resided in England where seven of their nine children were born.

IN 1912 THE family came to Canada, living for eight years in Montreal. In 1920 they took a homestead west of Athabasca. They moved to town several years later, taking over the Grand Union hotel.

For his efforts on behalf of the Athabasca and District Board of Trade, Mr. Meadowcroft was made an honorary life member of the Canadian Chamber of Commerce. He retired from the hotel business in the 1930's, took up a farm and for the last few years have lived in their town home. Mr. Meadowcroft has been a member of the Eastern Star order for the last 19 years. Mrs. Meadowcroft has been a member of the Eastern Star Order for 20 years. Both attend All Saints' Anglican church.

Official Gives Figures on Vets

Figures on training-on-the-job, homes for veterans campaign, and veterans receiving out-of-work allowances were quoted Monday by J. W. Proctor, district administrator, department of veterans' affairs. A total of 441 veterans have enrolled for TOJ 'as compared with 204 opportunities offered by employers. So far 103 veterans are under contract with employers under the training scheme and another 55 have been allotted straight jobs as a result of the canvass conducted by DVA officials and the Junior Chamber of Commerce.

FORTY-THREE homes offered last week by Edmontonians brings the total to 784 since the "homes" for veterans campaign" started last December. Most of these are single rooms and take care of the veterans attending university and prematriculation courses.

An increase of 89 veterans applying for out-of-work allowances during the week ending April 6 brings the total now receiving the allowances to 2,272.

The name of the cauliflower is derived from the Latin "caulis" (cabbage) and "flos" (flower).

THERE OUGHTA BE A LAW

by Fagaly & Shorten

Vets' Counsellors' Work Is Praised

Special tribute is paid to the work being done by travelling counsellors, in a release issued Monday by the department of veterans' affairs here. The actual mileage travelled by the counsellors every month exceeds 3,000.

The area covered by the seven Edmonton branch counsellors stretches from the Rockies to the Saskatchewan border, and from Morningside, 90 miles south of Edmonton, to Coppermine. It is also expected that shortly a service will be opened up to Yellowknife and Great Bear Lake, more than 1,200 miles north of Edmonton.

THE VISITS ARE usually made by a trio consisting of a training counsellor, a Canadian Vocational representative and a Veterans' Land Act official. Nearly half the veterans they meet at the outside points are interested in acquiring a farm or small holding.

Besides the work they do in acting as a liaison officer for all branches, and for the valuable work they carry out in personal interviews, the counsellors have done much in forming citizens' rehabilitation committees in the small towns throughout Northern Alberta.

POLICE COURT

Rene L. Plant was sentenced to 14 days' imprisonment and his driving license ordered suspended for a period of four months when he pleaded guilty in city court Monday to driving a truck while intoxicated. The accused was arrested Sunday morning by Constable Musa of the city police force on 118 avenue just north of the exhibition grounds.

Week-end Deaths

OTTAWA.—Harvey M. Boyd, 54, former sports writer for the Ottawa Citizen and well-known sportsman.

TORONTO. — Albert Edward Bradwin, 80, former Ontario newspaper publisher.

NEW MILFORD, Conn. — George Upton Harvey, 66, whose stormy career as Republican president of the borough of Queen's in New York City attracted wide attention.

BUFFALO.—Samuel F. Head, 61, assistant managing editor of the Buffalo Evening News since 1934.

SEAL, Kent, Eng.—Sir William Coxen, 79, former Lord Mayor of London.

RICHMOND, Va.—Dr. J. Shelton Horsley, 75, nationally-known surgeon and member of the National Advisory Cancer Council.

Redistribution

(Continued from Page 1)

They are demanding with undoubted legal justice on their side an increase in their representation relative to the other provinces, adjusted to Quebec's population growth.

AS THE BNA Act now stands, this would mean a loss of three seats in Manitoba, four seats in Saskatchewan and possibly one in British Columbia. The Quebec members, to win both Ontario and prairie support, have proposed, as previously recited in these dispatches, to amend the BNA Act by using the present number of Ontario seats, 82, as a divisor into Ontario population, to get the unit of population, instead of Quebec's 65 into Quebec population.

This would leave Ontario representation unchanged but increase Quebec's from 65 to 73 or 74 seats.

BUT SOME PRAIRIE members consider this politically unwise. These members think western sentiment would prefer to see the Quebec seats remain at 65 and have Ontario's cut down to her factual representation by population. That could be done by amending the BNA rule which says no decrease in House of Commons seats may be made unless the population of a province decreases by more than five per cent between any two ten-year census takings.

EVEN THOUGH this would mean a temporary loss of prairie seats until the next ten-year census of 1951, these Western members think it would be desirable to accept a temporary loss rather than have a national quarrel over increasing the Quebec federal membership providing Ontario had to take a cut, too.

To Attend Meeting

Ald. Fred G. Mitchell left Saturday for Montreal to attend the annual meeting of the Canadian Institute of Mining and Metallurgy being held in the Quebec city this week.

Weather

SYNOPSIS

A weak low pressure area, moving east through B.C., brought snowflurries to the Peace River area this morning and will bring variable cloudiness to the rest of Alberta today. Strong southerly winds frequently reaching gale speeds this afternoon will prevail east of the trough and decrease west of it.

PEACE RIVER REGION

Cloudy with snowflurries today remaining cloudy Tuesday. Low at Grande Prairie tonight is expected to be 20 and the high tomorrow 40. Light east winds.

EDMONTON REGION

Cloudy in the east portion today with widely scattered snowflurries. Otherwise variable cloudiness today and Tuesday. Low tonight at Edmonton 25, high tomorrow 55 Strong southeast winds of 25 mph, frequently gale winds of 30 mph in the east portion this afternoon, decreasing overnight to moderate at 15 mph.

RED DEER REGION

Variable sky clearing this evening. Low at Red Deer tonight 25, high Tuesday 50. Strong southeast winds of 25 mph decreasing overnight to moderate at 10 mph.

CORONATION REGION

Clear and warmer. Low tonight at Coronation 25, high tomorrow 50. Strong southeast winds of 25 mph decreasing. Moderate south winds of 15 mph Tuesday.

LLOYDMINSTER REGION

Cloudy overnight otherwise clear. Low tonight at Vermilion 25, high Tuesday 50. Strong southeast winds of 15 mph this afternoon decreasing moderate at 15 mph overnight.

Warning Is Given On U.S. Potatoes

Danger of a new spread of bacterial ring rot in potatoes is seen in a warning issued by the provincial department of agriculture against the planting of American potatoes, which were imported into Alberta during last winter to meet shortages in this province.

"ON NO ACCOUNT be persuaded to use these American potatoes for seed," the department urges. "Those who have not had experience with the disastrous effects of ring rot may be inclined to treat this warning lightly and, in planting such potatoes "just for their own use," may start new spots of infestation throughout the province."

The department urges that gardeners, and others should not use potatoes purchased from their local store for seed unless it is known that they come from a source free of disease, or unless they bear the Dominion tag certificate showing them of healthy stock.

Wife of Solicitor Dies in Hospital

The wife of the solicitor and legislative counsel for the provincial attorney-general's department, Mrs. W. S. Gray, 27 Rene Le Marchand Manaions, died in an Edmonton hospital early Monday.

Mrs. Gray was under hospital care as the result of a fall from a horse last Tuesday.

BORN IN LONDON, Eng., Mrs. Gray received her education there, and attended finishing school in Belgium. She came to Canada in 1909, living first at Macleod. She and her husband came to Edmonton from Lethbridge in 1924.

She was a former municipal Regent of the IODE and had been latterly an adherent of First Presbyterian Church.

Surviving, besides her husband, are one son, Donald, at Winnipeg; two brothers, Dr. Harvey Hilliard, OBE, in England, and Thomas Hilliard of Worcester, Mass; two sisters, Mrs. Charles Ford and Miss Beatrice Hilliard, both in England.

FUNERAL arrangements will be announced later by Howard and McBride.

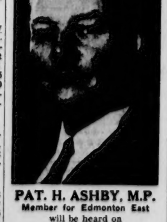

Danger Is Seen Of Grass Disease

The appearance of cotony web-like growth in patches on lawns and bowling greens may mean that patches of dead grey turf may be expected, according to Dr. W. C. Broadfoot, Dominion laboratory of plant pathology, University of Alberta, who says that this grass disease in called snow-mould, and who predicts that considerable damage will result from it this year.

HE ADVISES THAT the lawn be brushed with a stable broom or wire brush to break up the growth. Should patches of dead grass appear later, grass seed should be raked in nad likhtly top-dressed.

He also advises that next fall, just before snow comes, the grass should be treated with a mixture of equal parts of mercurous chloride and bichloride of mercury, which should be spread over the turf at at a rate of four ounces for each 1,000 square feet of turf.

Widows outnumber widowers in the United States two to one.

Winnipeg Cabbies Capture Suspect

WINNIPEG, April 8—(CP)—The suspicions of a Winnipeg taxi driver and the loyalty of a fellow cabbie combined early Sunday to bring about the capture of a man suspected of planning a holdup.

A week ago Sunday, Johann Johnson, 48, a taximan, was found dead with his head crushed in on a lonely street in near-by Tuxedo, and since then the fear that the killers would strike again has haunted taxi drivers on night trips. The advent of another week-end heightened the cabbies' feeling of dread.

About 4:15 o'clock Sunday morning two strangers hailed driver Don Clayton and asked to be driven to an address which Clayton, well-versed in Winnipeg's streets and intersections, considered non-existant.

As Clayton pulled away, another taxi, with its lights out, started to follow him.

CLAYTON'S SUSPICIONS increased when his passengers ordered him to stop "just around the corner" of a lonely intersection. Clayton stopped, and so did his friend who had followed him.

Then the two taximen confronted the passengers. One fled into the bush which lines the street but the drivers captured the other and turned him over to police. He is being held without charge.

See No Difficulty In Road Contract

Alberta will have no difficulty in finishing the 247 miles of the Grimshaw-Great Slave Lage road by November 1, 1947, which is required under the terms of the Dominion-provincial agreement, according to Hon. W. A. Fallow, minister of public works, who predicted Monday that the whole road would be completed in accordance with the terms of the contract.

THE PROVINCIAL government is confident, Mr. Fallow said, that two-thirds of the province's share will be completed by the fall of this year, which will give the contractors plenty of time to complete the work by the required date.

Machinery is ready to go to work, having been moved over the winter roads into the areas before the spring thaw, the minister said, and work has already been started. The contractors have set up camps from which work on the highway will be done in both directions, as was done on the Alaska highway.

Reds Quit Gilann

TEHRAN, April 8. — (Reuters) — Russian troops have begun to evacuate Gilanu, Iranian province nearest the Soviet Union, it was authoritatively reported here today.

Boyer Committed For Trial As Spy

MONTREAL, April 8.—(CP)— Bail of $15,000 was posted for Dr. Raymond Boyer shortly after noon today, following the Montreal scientist's committal for trial at the May assizes of the court of King's Bench on charges under the official secrets act.

Bail for the McGill University professor and National Research council employee was granted by Mr. Justice Wilfrid Lazure of the King's Bench court and was $5,000 higher than the bail granted on Dr. Boyer's original arraignment.

TALBOT JOHNSON, a relative of Dr. Boyer who posted the first $10,000, also was bondsman for the additional amount.

DR. BOYER, charged with communicating information to the Soviet Union and with conspiring to communicate such information, made application for bail to Mr. Justice Lazure after appearing before Judge Rene Theberge of the criminal court who ruled that a prima facie case had been made at the scientist's preliminary hearing two weeks ago.

Judge Theberge ordered Dr. Boyer to voluntary statement which followed immediately and cancelled the original bail. Dr. Boyer declined the opportunity of testifying on his own behalf or calling witnesses and was then committed for trial.

The King's bench court assizes begin next month.

Ex-Loyal Edmonton Leader Is Retiring

OTTAWA, April 8.—(CP)—Defence headquarters today announced the retirement of Brig. H. P. Bell-Irving, 47, DSO and Bar, OBE, of Vancouver, after six and a half years service. In civil life he is associated with Bell-Irving and Co., of Vancouver. After going overseas as a lieutenant in 1939 Brig. Bell-Irving rose to command first The Loyal Edmonton Regiment and later the Seaforth Highlanders of Canada. His most recent command was the 10th Canadian Infantry Brigade.

Attorney-General Helpful to DVA

Valuable assistance has been rendered to the department of veterans' affairs by the attorney-general's department of the provincial government, stated J. W. Proctor, district administrator DVA, in an interview Monday morning. Since the DVA has been in operation 280 abstracts of title and other legal documents have been issued to veterans, through the department of veterans' affairs, by the attorney general's department, all free of charge.

Home, School Head To Attend Meeting

Dr. S. R. Laycock, Saskatoon, will make his first official visit to the province as president of the Canadian Federation of Home and School, when he will attend and take part in the three-day meet of the Alberta Federation of Home and School Associations opening in the Olds School of Agriculture at Olds, on April 16.

DR. LAYCOCK, widely known as professor of educational psychology, University of Saskatchewan, Saskatoon and director, division of education and mental health of the National Committee of Mental Hygiene, will speak on "Home and School Across Canada," and will also open and address the first meeting of the Alberta Parents' Institute, being arranged by the Alberta Federation's parents education committee, of which Findlay Barnes, Rocky Moutain House, is chairman, as a new and important feature of the convention.

Auto Stolen

Both city police and RCMP are on the lookout for an auto stolen from the garage at the rear of J. A. Oram's home at 11147 86 avenue sometime Sunday night or early Monday morning. The theft was discovered by Mr. Oram at 8:20 a.m. Monday. The car is dark green in color.

Telephone Offices Going to Calgary

The government is firm in its intention to move the headquarters of the Alberta Government Telephones to Calgary as soon as housing conditions in that city permit, according to Hon. W. A. Fallow, minister of public works, Monday.

"We have heard nothing from the City of Edmonton since the announcement of our intention to move was made in the Legislature," Mr. Fallow stated.

INSTRUCTIONS THAT the move was going to be made had been issued to telephone officials, he said.

He indicated that no word of any effort on the part of the city to stop the move had been brought to his attention and recalled Mayor Ainlay's statement that all government offices could move out of the city.

Open Navigation On Great Lakes

PORT ARTHUR, April 8.—(CP) —The carrier Algoma of the Algoma Central Steamship Company docked at the United Grain Growers elevator here at 11 a.m. Sunday to open navigation for the 1946 season. It was the earliest opening since 1942 when the first vessel arrived March 31.

ABRAHAM LINCOLN'S SIGNATURE
kept the United States united

LINCOLN'S EMANCIPATION PROCLAMATION freed three million slaves. But it did more than that . . . Its appeal to anti-slavery sentiment in Great Britain and France in 1863 forestalled recognition of the Confederacy by those countries and won their support for the Union.

Your signature on a Canada Life contract can proclaim your freedom from fear and worry about the future—can make you the master of your money instead of its slave.

With a Canada Life contract you can make every dollar saved do the work of more than $3.00 when it comes to earning a life income for you after age 60 or 65. And you have the comfort of knowing that your family is provided for no matter what happens. Ask your Canada Life representative to tell you about it.

The CANADA LIFE Assurance Company

GEO. LOMAS, C.L.U., Provincial Supervisor, Alberta and Saskatchewan
GRAEME P. SMITH, Country Supervisor
RODNEY P. PEZ, C.L.U., City Supervisor

TO THOSE WHO NEED MONEY... once again we say:

When you ask for a loan at the B of M...

you do not ask a FAVOUR*

WHEN the housewife calls at the grocery store and orders a supply of provisions, she is not asking a favour . . . she is buying goods for which she will pay on delivery . . . purely a matter of business.

So with your bank. It is a business proposition just as much as the grocery store.

The grocer deals in groceries . . . the banker deals in credit. And as the making of loans is one of the principal ways by which his bank derives its revenue, he is as anxious to sell his credit as the grocer is to sell his groceries. And like the grocer, the banker naturally wants to know that he is going to be paid for his goods . . . that his loans will be met when they fall due. That, too, is only good business.

When you have occasion to ask for a loan, look at it this way. Come to the Bank, not feeling that you have to ask a favour, but to offer the manager a sound business proposition which will be of profit both to you and to his institution.

BANK OF MONTREAL
working with Canadians in every walk of life since 1817

MY BANK B of M

* We published this message last July; we published it again in September . . . and we believe it bears repeating.

On each previous occasion the response from people in all walks of life was widespread, and tens of thousands of private citizens, farmers, fishermen, lumbermen, merchants and business concerns alike have since proved for themselves by actual experience the sincerity of this advertisement.

For personal purposes alone, well over 10,000 people are borrowing each month at B of M branches from coast to coast.

To Stop "Coercion and Penetration"

Truman Asks Powerful Forces To Back U. S. Foreign Policy

CHICAGO, April 8.—(AP)—President Truman Saturday proclaimed a "universal" foreign policy for the United States aimed at stopping "coercion and penetration" of the weak and calling for powerful peacetime military reserves.

SPEAKING AT AN Army Day celebration in Soldiers' Field, where he renewed his appeal for extension of the Selective Service Act, unification of the armed forces and a universal training program, the President declared that:

1. One "universal" policy must guide United States relations with every country, "no matter how remote."

2. In return for American recognition of "important interests" of Great Britain and Russia and others in the Orient, these countries must respect American interest in peace and security in that area. The United States, he added, "shall expect them to pursue" the same peaceful objectives.

3. **THE UNITED** Nations have a right to insist that the sovereignty of the countries of the Middle East where outside rivalries might "erupt into conflict" must not be threatened by coercion or penetration.

4. The United States hopes "for the peaceful settlement of differences which have arisen between colonial people and colonial sovereigns in all areas."

5. The United Nations Security Council "is fully capable" of settling disputes between any countries of the world, however different their philosophies, traditions and interests, if it respects "the legitimate aspirations and needs" of fellow members.

6. "The United States intends to join with the other sovereign republics of America in a regional pact to provide a common defence against attack."

USING SOME of the strongest language he has ever employed in discussing the United States' new global foreign policy, Mr. Truman declared its immediate objective "is to support the United Nations to the utmost."

The United States stands ready to provide necessary support for a world trade system to "strengthen and safeguard the peace." The president said universal training, a year's extension of the draft and unification of the armed forces are "the foundation stones which hold the promise of a strong nation."

If the country is to carry out its new world-wide obligations to support the "peace and freedom" that are "the very root of our foreign policy," the president said, "we must remain strong."

In proclaiming the United States' intention to assert its interest in peace and security everywhere, the president reminded:

"**REMEMBER THAT** the First World War began in Serbia; that the peace of Versailles was first broken in Manchuria and that the Second World War began in Poland."

The control and reform of Japan "is only a beginning" of American policy in the Orient.

First Lady

Col. Juan Peron's recently-acquired movie-actress wife, blonde Eva Duarte, is ready to reign as Argentina's first lady. Opponents have conceded election of the "strong man" as president.

Commons Will Sit Until Prorogation

By D'ARCY O'DONNELL

OTTAWA, April 8.—(CP)—The government has abandoned thoughts of having the current session adjourn for the summer months and reconvene in the autumn to complete unfinished business, it was learned Sunday.

A SOURCE CLOSE to federal affairs said the idea of a summer recess was opposed by most members and a prorogation in late June or early July now was being sought.

He said the government had thought of suggesting an adjournment from early in June until September while the Canadian delegation attends the Paris peace conference for which no definite date has been set.

When members were polled on the idea, objections were raised by farmers and lawyers. A fall session would prevent farmers from being at home at harvest time and would prevent lawyers from accepting cases they might be asked to handle at autumn terms of courts which adjourn for the summer months.

A LIBERAL MEMBER, after attending a party caucus last week, said there appeared to be general agreement among government supporters to make special efforts to advance work of session as rapidly as possible.

As far as he could see there was little contentious legislation to delay proceedings. The major debate likely would come on the budget.

Finance Minister Ilsley has not indicated when he will bring down the budget, but it is likely he will hold it off until after the co-ordinating committee of the Dominion-provincial conference resumes its meetings here April 25.

INQUISITIVE MAN HANDCUFFS SELF

VANCOUVER, April 8.—(CP)—Police have long advised against the practice of leaving children at home unattended.

Now they wonder if the advice shouldn't include adults.

A sheepish citizen telephoned police Sunday with a request for someone to come and release him.

The man said he had been playing with a pair of handcuffs—the property of his brother, a policeman.

Hungary Must Pay Big War Assessment

PRAGUE, April 8.—(AP)—A reparations agreement between Hungary, a German ally, and Russia, Czechoslovakia and Yugoslavia, which may be a preview of what's in store generally for the war losers, was announced Saturday in its final form.

Hungary is required to pay $330,000,000 in cash, materials and labor. Russia will receive $220,000,000, Yugoslavia $77,000,000 and Czechoslovakia $33,000,000.

Unenthusiastic Over Gift

First Apricot—Three-year-old Peter Stewart is decidedly unenthusiastic about his first apricot, offered on a London dock by Sir Charles McCann, Agent General for South Australia. Apricots were part of the first shipment of gift food from South Australia to Britain.

South Youth Hurt In Freak Accident

CALGARY, April 8—(CP)—Rebounding from the wheel of a train, a stone thrown from a chum sent 15-year-old Jerry Moore to hospital Sunday. His condition last night was reported as severe. Jerry reportedly was in the company of a number of other boys about his own age when one of them threw a stone at a passing train. It struck the wheel and was thrown back, striking Jerry in the centre of the forehead and knocking him unconscious. Extent of the injuries was not definitely known but it was said the boy may be suffering from a skull fracture.

It is possible to read a newspaper in the light produced by the lantern fly of Costa Rica.

Low Again Leader Canada SC Party

REGINA, April 8.—(CP)—Solon Low, former Alberta provincial treasurer and now Social Credit leader in the House of Commons, Saturday was re-elected president of the Social Credit Association of Canada and in a brief message to the association's closing convention session said he would strive to build up the movement across the nation.

AS PRESIDENT, Mr. Low also will serve as national leader of the party.

J. E. Gregoire, of Quebec City, professor of economics at Laval University, was re-elected first vice-president and deputy leader of the party. A. H. Jukes of Sanichton, B.C., was elected second vice-president, a new executive post opened by the convention.

The convention endorsed resolutions opposing compulsory state insurance and calling for income tax exemptions for those making $3,000 a year or less.

The resolution on compulsory insurance declared any such plan would involve wage taxation, increased prices, government bureaucracy and regimentation, thereby impairing the economic security and freedom of the individual." It said a system of non-contributory social dividends on the other hand, would provide individuals with family allowances, retirement pensions and basic income sufficient to ensure economic security with freedom in sickness, disability and unemployment.

THE TAXATION resolution declared that "taxation as we now know it is legalized robbery" and urged drastic reductions in general taxation.

E. G. Hansell, Social Credit member of parliament for Macleod, withdrew a motion he had put to the convention urging immediate election of a finance committee to handle funds. The withdrawal came after a number of delegates said confidence should be expressed in the present executive. Mr. Hansell said his motion was not a reflection on present handling of funds by those in executive positions in the party.

Mr. Low said some $22,000 had been put into the national movement in the last year and gave a breakdown on how the money had been spent.

NORMAN JAQUES, Social Credit member of parliament for Wetaskiwin, warned the convention there were those in the Social Credit movement, as well as in other movements in Canada, whose objective was to "destroy".

He likened the Social Credit movement to a great symphony orchestra with the executive as the conductor but with some members who "want to jazz up the music" Those individuals had no right to cause "discords" he said and if they wanted to "jazz up the music" they should get an orchestra of their own.

U.S. Senate Passes Curb on Petrillo

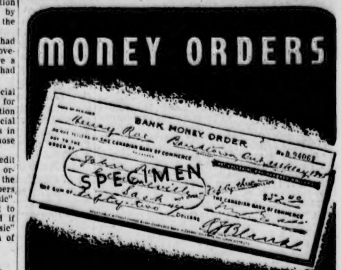

WASHINGTON, April 8—(AP)—The United States Senate passed and sent to the White House Saturday legislation designed to curb the powers of James C. Petrillo, head of the American Federation of Labor Musicians' Union, over radio broadcasting.

By a 74-to-3 vote, it approved a redraft of the original bill, already cleared by the House of Representatives, 186 to 16.

THE MEASURE provides penalties of up to a year's imprisonment and a $1,000 fine for use of force, threats or intimidation intended to compel broadcasters to:

1. Hire more persons than they actually need;
2. Pay money to a union or person for services not performed;
3. Halt foreign programs or any type of non-commercial, educational or cultural program;
4. Pay unions for re-using phonograph records, or pay again for sending out a transcription of a program previously broadcast.

MONEY ORDERS

● For sending money anywhere in Canada our Domestic Money Orders are safe, convenient and cheap.

Payments abroad can also be made by means of our Foreign Money Orders, Drafts and Mail Transfers—as well as by Cable Transfers where speed is necessary.

Explain your requirements at any of our branches and we will advise the method which best suits your case.

THE CANADIAN BANK OF COMMERCE

Edmonton Branch—J. WALKER, Manager

Private Enterprise Warned by Minister

LEEDS, Yorkshire, April 8.—(Reuters)—Fuel Minister Shinwell gave a "plain warning" to British business Saturday that "if they cannot deliver the goods the government will do so." Mr. Shinwell said that though there was a good deal of efficiency in private enterprise there was also a great deal of inefficiency adding: "We do not want to nationalize every industry in the country—at any rate not at the present. But they had better be warned: The people of this country are in no mood to stand any nonsense from private ownership."

FREE SAMPLES OF TREATMENT FOR

Stomach Trouble

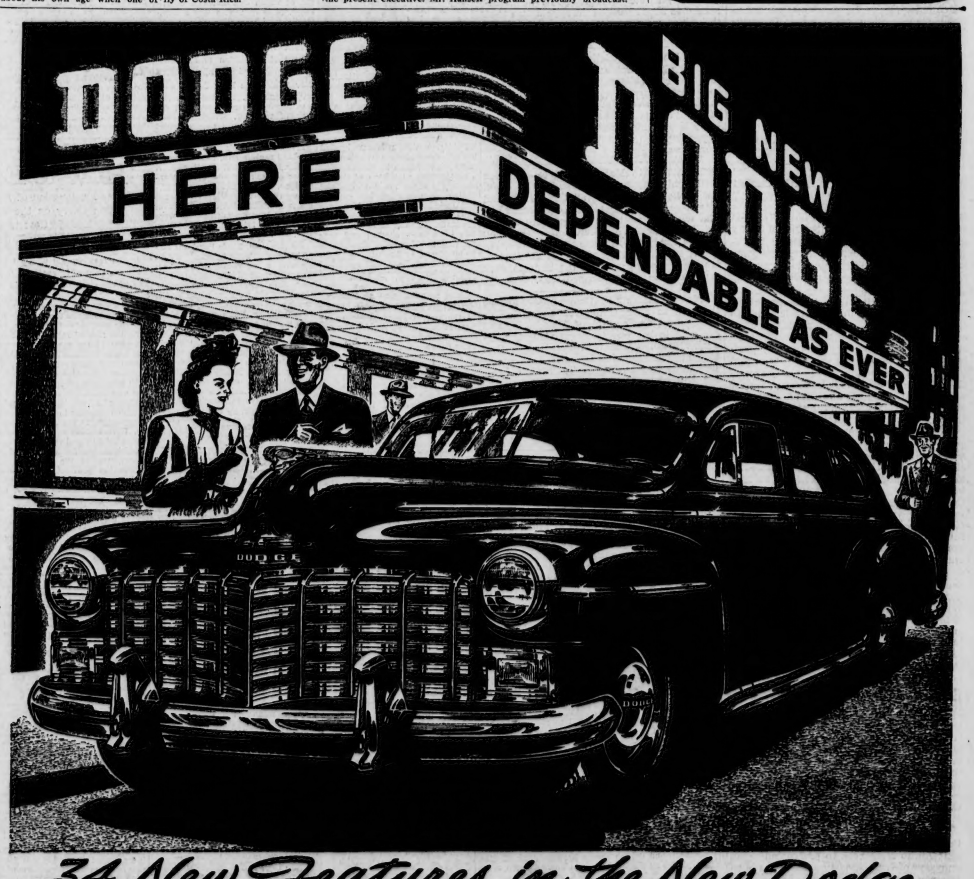

(Due to Gastric Hyper-Acidity)

C. F. Shea, Campbell - R.R.1, Que., writes: "I suffered for the past 25 years with indigestion, pains and gas after each meal and I found relief when a friend told me about your treatment. From the first day I used Canadian Von Tablets I believe they have done me good. I can't praise them too much." SUSIE Q. SMITH by Linda & Jerry Walter

34 New Features in the New Dodge

IT'S BETTER THAN EVER . . . the beautiful, new, Dependable Dodge.

Thirty-four important new features and improvements, added to Dodge time-tested engineering and design, make it the finest low-priced car ever built by Dodge in Canada.

It's *New* . . . with new solid, wrap-around bumpers for greater protection . . . new, massive grille of glittering chrome . . . new enamel finish, smooth as silk—yet harder than ever . . . new, streamlined rear fenders with lowered side opening to protect body finish from flying stones . . . luxurious, two-tone, French-pleated upholstery that blends with the colorful plastics and shining metal of the new instrument panel and steering wheel.

It's *New* in performance . . . finger-touch starting with the new push-button, mounted on the instrument panel . . . quicker warm-up and easier cold weather starting with a new intake manifold, having a greater heating area and better gas distribution . . . a new, rotor type oil pump which gives required oil pressure over the range of engine speeds and temperatures . . . new enclosed, universal joints for added protection on rough roads . . . new, sturdier, rear axle ring gear and pinion . . . new gas tank filter which prevents dirt and blockages in the gas line and is self-cleaning by action of the gasoline in the tank . . . and many other improvements in engineering and design, including the great brake improvement described at the right.

See this New Dodge now at our showrooms . . . let us demonstrate these many new features . . . drive it . . . and judge for yourself.

THE GREATEST BRAKE IMPROVEMENT IN 24 YEARS

You will be amazed at the efficiency of these new brakes the first time you drive a new Dodge. A light touch on the pedal immediately gives you sure, smooth brake action, at all car speeds, in all weather conditions. Instead of requiring from twenty-five to thirty pounds pressure, as before, Dodge linings last longer than ever. The new-type brakes are the most important improvement in brakes since 1924, when four-wheel, equal-pressure hydraulic brakes were first introduced. Try them to-day!

Improved rear brake with integral-mounted wheel cylinder.

New front brake, with new-color lining. (Right wheel shown.)

Daylight Saving in Spots?

Although the federal government has indicated no interest in the re-imposition throughout the country of so-called daylight saving this summer, the Edmonton city council is to consider the possibility of employing the device here.

It seems that the decision is to be left to individual cities and municipalities of which only Toronto, Ottawa and Montreal have so far shown any decided inclination to inflict this chronological humbug on their citizenry.

On the other hand, Mayor Cornett of Vancouver, as chairman of the Canadian council of mayors, has expressed a strong opinion that no Canadian city should impose daylight saving of its own accord unless there is unanimity of action in this regard among all Canadian cities.

Since daylight saving is only tolerable when it applies, not only to all of Canada, but to the United States as well, this view offered by Mayor Cornett would appear to be the only sensible one.

In itself, daylight saving has had enough, particularly in this latitude where it imposes undue hardships on farmers and mothers of small children and others. If it is to be inflicted on the country in scattered spots, the ensuing confusion will be unthinkable.

If industries or stores want to get an early start in the summer season all that is necessary is for their employees to set their alarm clocks an hour ahead.

Meanwhile the Edmonton city council would be well advised to leave this absurd bit of time trickery strictly alone until, if we have to suffer the affliction, this city can act in concert with its neighbors.

Nothing to Do With the Case

The Russian embassy at Ottawa has issued a statement on Gouzenko, the former employee who disclosed to the police that a spy ring had been organized by embassy officials which extracted secret information from Canadian civil servants and research workers and forwarded it to Russia.

It seems to have taken the embassy men a long time to find out that Gouzenko is a thief and a liar, or to make up their minds to say so. The accusers and the accused are the only parties who know whether these accusations are true. And they are the only parties directly concerned in that matter.

If Gouzenko stole embassy money and slandered some of its officials there must be some way of bringing him before Canadian courts. There is no hint in the statement that this action is contemplated.

Whatever Gouzenko may have done, some of the Canadians apprehended as a result of his disclosure have admitted passing along forbidden information to members of the ring. These, and any others who may be implicated, are the persons with whom Canada is officially concerned. It has nothing to do with the internal affairs of the Russian embassy, with the alleged mishandling of funds by an employee, nor with the opinions of embassy employees as to the truthfulness of each other.

If any member of the staff has been slandered that will be deplored by Canada and Canadians when the fact is established. But beyond that the statement issued by the embassy has nothing to do with the Dominion and its people. It is with Canadians who are said to have betrayed their trust the courts have to deal, not with Gouzenko and what the embassy officials say about him.

Double-Crossing

Colonel Hodgson, Australia's representative, is obviously correct in describing as "completely hollow" the declarations which were made to the Security Council that no negotiations were going on at Tehran. That they were going on, while the Council was told nothing was happening behind the curtain of secrecy, is now proclaimed, and the Council is invited to "expect" that it was ever asked to study the situation.

The responsibility for this lies with Premier Gavam and his associates. They sent Ala to New York to present an appeal on behalf of Iran. The day after he made the appeal they discredited both him and his mission by an official statement that what he said should not be taken too seriously. Now they blandly announce that they were bickering behind his back, that the whole situation has been cleared up, and that the Council need pay no attention to Iran's troubles.

Should the time come when Iran again wants to appeal to the Security Council, the plea will have to come from some one other than the double-crossing gentlemen who now speak on behalf of that country. They have treated the Council with something so far removed from candor that it amounts to misrepresentation. Their credit in the international court of settlement is down to zero.

The smaller nations in particular owe no thanks to Iran for this exhibition of trifling. It has lowered their prestige as well as its own. When any one of these states calls on the Security Council to listen to a complaint, the Iran affair will come to mind, and the deception Tehran practised upon the Council will not help the plaintiff to get a hearing.

How to Start Inflation

The Congress of Labor wants the wage control order removed. Divers and sundry demands are coming from other quarters that the price ceilings be removed.

These demands are complementary. Neither can be conceded without the other restriction being also taken off. If wages are allowed to soar under the influence of labor shortages, prices will have to soar also. If prices are allowed to go up to whatever level a scarcity demand would bid them, wages will have to go up in more or less proportion.

We can't have high wages and low cost of living. Nor a high cost of living and low wages. Any attempt either of these directions would kill production. To take off both controls and let prices and wages fight it out would bring inflation, uncontrolled and uncontrollable.

Of course there are inequalities in the wage scales, and these ought to be adjusted. And producers in some lines are not making as much money as those in other lines, which is also a proper case for adjustment. But it is one thing to adjust inequalities and a very different thing to throw off all restraints and invite a price-wage war.

Laws, rules and regulations of all kinds have to be amended in the interests of fairness and justice; but nobody wants law abolished and chaos introduced. And chaos is what would follow if the legal controls were taken off now and prices and wages left to see which could get ahead of the other in the race toward a higher cost of living.

Democratic ideas must be taking root in Japan. Some occupational groups are calling on the Shidehara government to resign. A year ago that would have been an affront to the ancestors, state religious beliefs, and traditions going back into tribal days.

Ex-premier Tojo is said to have admitted that he was guilty of planning the war. This doesn't imply that he is penitent; only that he knows nobody would believe him if he denied it. But even that marks some progress toward enlightenment. His war communiques were based on the assumption that the Allies were such fools they would believe anything he said.

Washington officially denies the report of a Moscow newspaper that United States forces are establishing permanent bases in Iceland. The denial was to be expected, and is of course true. But that isn't good news. It would be a godsend to Iceland if American bases were maintained there, and would do something also to stabilize the outlook for world peace.

According to Marshal Keitel there was really only one bad Nazi, and he is dead. Hitler, he says, ordered all the killings and starvings and tortures. Some one should ask him who saw that the orders were carried out. Certainly the Fuehrer didn't. One man wouldn't have time to count the corpses, tag the intended victims, and inspect the concentration camps to see that the inmates were maltreated in the prescribed ways.

Nationalist and Communist armies threaten to fight it out for possession of Changchun, the capital of Manchuria, and are said to be "cool" toward General Marshall's arrangement with the leaders that they consider the civil war ended. The warlord days may have gone in China, but the Manchurian peasant must find it hard to note the difference.

Looking Backward

From The Bulletin Files

1886: 60 Years Ago

Captain Strange of the Home Guard is corresponding with the Manitoba Rifle Association with a view to forming a branch here.

The census of the province gives Alberta a population of 15,533, of which 6,115 are whites or halfbreeds and 9,418 Indians. The whites and halfbreeds are distributed: Edmonton, 2,599; Calgary, 2,276; Macleod, 1,240. A department of the interior survey shows no indication of oil whatever on the Red Deer.

Messrs. Port and Stone commenced sowing wheat.

1896: 50 Years Ago

A rising of natives in Matabeleland has sent settlers hurrying to shelter in the towns. Volunteers are being enrolled. The uprising is believed to be a result of the Jamieson raid and the defeat inflicted by the Boers on Dr. Jameson and what the embassy officials say about him.

Transvaal and Orange Free State are making common cause against Great Britain, in which they have been secretly encouraged by German agents.

1906: 40 Years Ago

London.— Debate on the bill to remove the embargo from Canadian cattle was closed without a division.

Greytown, Natal.—Colonial forces concentrating at Impaneza for operations against the insurgent chief, Dowhasta, have been compelled to abandon their lagger and have returned here.

1916: 30 Years Ago

Ottawa.—Sir Thomas Whyte said there would be no publicity on the new war taxes except through parliament.

French and British armies brought down 42 German planes on the western front during March.

1926: 20 Years Ago

The Alberta legislature authorized a loan of $1,300,000 to buy E.D. and B.C. securities held by the Royal Bank.

UFA members, prior to adjournment, presented Premier Brownlee with a gold watch and chain.

1936: 10 Years Ago

H. Leonard Humphreys, principal of McCauley school, died, aged 70.

D. M. Duggan, provincial Conservative leader, speaking at the West End Conservative club, predicted the early collapse of the Social Credit government before next session of the legislature.

Social Credit members in caucus following prorogation of the legislature discussed ways and means of investigating the feasibility of a Social Credit plan for Alberta.

For rebellion is as the sin of witchcraft, and stubbornness is as iniquity and idolatry. Because thou hast rejected the word of the Lord, he hath also rejected thee from being king.—I Samuel 15:23

THE TIMID SOUL -:- by Webster

Hostile Factions In Jugoslavia

Today in Europe

How the British Government Came to Throw Its Weight Behind Tito When Chetnik Rivalry Created a State of Civil War.

By Randolph Churchill

Exclusive to The Edmonton Bulletin

NEW YORK.—There seem to be no grounds for doubting the authenticity of the recent report from Jugoslavia that General Draja Mikhailovitch had been captured by Marshal Tito's forces. The announcement was made in the most formal fashion to the Jugoslav parliament by Lt. General Alexander Ranjevitch, Minister of the Interior and head of OZNA, the secret police with which Tito maintains his regime.

CHURCHILL

Mikhailovitch's impending trial will excite interest and stir passions throughout the world; and nowhere more than in the United States, where there are several hundred thousand first and second generation Serbians.

Public opinion has been baffled by the contradictory wartime reports which began by representing Mikhailovitch as a hero of the resistance against the German and Italian occupiers of his country and ended by depicting him as a collaborator and traitor. What is the truth? As so often in matters of this kind, it is obscure and very far removed from the propaganda disseminated by the parties to the dispute. It has been well remarked that "nature never draws a line but she smudges it."

* * *

DURING THE LATTER PART of the war, I spent more than a year in Jugoslavia, first at Marshal Tito's headquarters in Bosnia, and later commanding the British Military Mission to the Partisan Croatian army. I did my best in this period to find out the truth of what was happening in Jugoslavia. But I cannot pretend to "know all the answers" even yet, through the clouds of lies and propaganda which befog the issues, the following facts are confidently placed upon the record.

Mikhailovitch, an officer in the regular Jugoslav army, fought against the Germans from the day his country was attacked. When Jugoslavia was overrun, he retreated into the Serbian mountains with a small band of adherents and started to organize a resistance movement.

There is no evidence that any organized Communist opposition to the German invaders took place before the German invasion of Russia on June 22, 1941, almost three months after the invasion of Jugoslavia. Tito himself did not take the field till about September, though there is reason to suppose that he was organising underground resistance in Belgrade prior to this.

Several attempts were made in the early days to unite the two resistance movements; and Tito and Mikhailovitch met on at least two occasions. These negotiations proved abortive, since the two leaders held irreconcilable views on a number of topics. Mikhailovitch was faithful to King Peter who, by leading the coup d'etat against his cousin, the Regent Prince Paul, had brought Jugoslavia into the war on the side of Great Britain. Tito was always a staunch republican. Mikhailovitch stood for the continuation of the Serbian hegemony over Jugoslavia. Tito declared for a "free federal democratic" Jugoslavia in which there would be equality and a wide measure of autonomy for the six or seven major provinces out of which Jugoslavia is constituted. Moreover, Tito was a Communist, and Mikhailovitch was not.

* * *

THE BRITISH GOVERNMENT soon sent a mission to Mikhailovitch, who had been appointed War Minister in King Peter's exiled government. In those days, it was difficult to send much in the way of weapons. Everything had to be flown from Cairo, a round trip of nearly 3000 miles.

Meanwhile, Tito's movement was growing rapidly and, though it was almost non-existent in Serbia, it attracted far more support in Montenegro, Bosnia, Croatia and Slovenia than Mikhailovitch could claim in those provinces. Early in 1943, the first British officers were parachuted into Tito's headquarters.

By this time, Tito's Partisans and Mikhailovitch's Chetniks were fighting a ferocious civil war. It was clearly bad business to support both these rival movements. Repeated efforts were made by the British Government to effect a reconciliation. But too much blood had flowed to permit of any settlement.

In these circumstances, the British Government decided to recall its mission to Mikhailovitch and throw its full weight behind Tito. In my next column, I will explain the reasons which led the British government to this decision.

Does It Work?

STRATFORD BEACON-HERALD

In this day and age the city housewife may not have a churn around but she probably has "something just as good"—an electric mixer. And, as it said, some of the town ladies are making butter easily and efficiently by using their electric mixing machines in lieu of old-style churns. Husbands, we imagine, will not be recklessly inquisitive as to how they do it so long as there is butter for the morning toast. Like "rolling your own," churning your own butter in these times of rationing is a saving grace.

Clamping Down on Terminal Markets

Cotton Exchange Closed

British Chancellor of the Exchequer Predicts Tenfold Increase in Revenue Under Central Agency Scheme —Will Grain Exchange Go?

By B. T. Richardson

London Bureau of The Edmonton Bulletin

LONDON.—As part of the socialist planning of British economic life by the Labor government, the Liverpool cotton exchange is to remain permanently closed and imports of cotton will be handled entirely by a central agency at Liverpool, backed by public funds.

Whether other commodity markets will suffer the same fate has not been decided, for the continuance of each market will be determined on its merits. The parliamentary debate on the Liverpool cotton market provided little guidance to the future of other terminal markets, when Mr. Dalton, the chancellor of the exchequer, remarked that earnings of foreign exchange were higher from the grain than the cotton trade.

* * *

HE PUT the foreign earnings of the cotton trade at not more than £1,000,000 a year, but indicated increased export earnings of the textile industry as a result of greater efficiency under new conditions would amount to ten times that amount. One opposition MP said the cotton market earned £17,000,000 a year in foreign exchange. Similar confusion of figures existed in regard to the loss of employment arising from abolition of the cotton market. Mr. Lyttleton, leading opposition critic, claimed that 7,000 jobs were involved.

Mrs. Braddock, the Labor MP, who won the Liverpool Exchange seat in the last election, gave a fighting speech. Her speech confirmed the opposition argument that the market was being closed for political reasons rather than because it could be replaced by a more established as a more efficient method. Working people in Liverpool would suffer when the cotton Exchange, a stronghold of conservatism, had fallen.

* * *

The Liverpool cotton exchange, like other commodity markets in Britain, developed a century ago when the industrial revolution brought world eminence to Lancashire as an importer of raw materials and an exporter of manufacturers. Through the years, controversy has raged between the benefits of buying and selling at effective world prices on the one hand, and the abuses of speculation on the other. The cotton spinners who, a few years ago, were in favor of closing the market, have recently changed their position. Mr. Morrison admitted the spinners had urged re-opening of the market.

During the recent war, cotton was bought in bulk by the cotton control. Up to 1944, the government agency incurred a loss of £2,000,000 and since then some profits have been made. The opposition made these three points against further bulk purchasing. It would hamper the manufacturing industry, it would increase cotton prices, it would lose valuable foreign exchange. The claim went unchallenged that, with Liverpool closed down, the cotton market of the world would operate elsewhere—New York, Rotterdam, Ghent and Antwerp. That this means a loss of British commercial leadership was also unchallenged.

* * *

AS GOVERNMENT spokesman, Mr. Morrison said the main question was how best to buy cotton. The majority of the opponents were not necessarily right, as the industry was none too progressive. The government could be relied on to employ the best "experts" to buy cotton, and the government expected the cotton scheme would pay its way. This kind of argument left the Manchester Guardian to observe that "the reasonable side of the government's case was lost in semi-political generalities."

The House of Commons, which disposed of the issue in a four-hour debate, showed closer interest than in other recent Labor measures. The sense that a decision of fundamental importance to the commercial life of Britain was at stake was felt by a crowded house. Under the huge Labor majority, the government received shorter support than was expected.

By vote of 337 to 186, the cotton market was killed.

Time-Worn Theories on Public Finance—

How to Escape Taxes

A Simple Explanation of How Municipalities and Provinces Can Carry on the Public's Business Without Cost to the Taxpayer

By Bruce Hutchison

Exclusive to The Edmonton Bulletin

In the municipality where I live we have seen a bright new light, one of the great discoveries in the field of economics. We have found a way of escaping taxes. We are going to make the other fellow pay the bill.

At the risk of incurring the displeasure of the municipal council which discovered it, I propose to reveal our discovery so that the nation at large may benefit from it, until presently no one will have to pay any taxes.

First of all, we have managed in British Columbia to set up a royal commission, in the able person of Dr. Carl Goldenberg, to consider the pitiful fiscal plight of the municipalities. As a result of his report, we in the municipalities expect the provincial government to hand us out a few million dollars so we won't have to raise it ourselves.

Now, the ignorant outside observer may wonder how this helps us, since the provincial government must get this money from us somehow and presently may be paying into Mr. Hart's treasury instead of the treasury of the municipal councils. This reasoning, of course, overlooks the modern revelations of progressive economics, which typically old-fashioned and reactionary reasoning, tinged with fascism and invented by the bankers and capitalist wreckers.

* * *

FOR OF COURSE the provincial treasury will not get the money from us. It will get the money from the federal treasury in Ottawa. The provincial government will be in the process of getting this money from Ottawa now and keeps asking for more at every conference with collecting any taxes. Then we, in the municipalities, will be getting everything for nothing.

Like all great ideas it is simple when you once get your mind around it. You just hand on the bill to Ottawa. Where Ottawa gets the money, of course, is not our problem, so long as it doesn't get it from us. I suppose it will get the money from the taxpayers of the nation and it is beginning to occur to some of us out here—a few old fuddy-duddies and odd-fuddy-duddies—that we are taxpayers of the nation add that Mr. Ilsley may be paying a little for one of these days with his hand out.

But in this age of enlightenment, no one speaks such alarms seriously. For who are the taxpayers of the nation anyway? They are not people we know or can see. They are a vague, amorphous mass of foreigners living in some other province, never close at hand. Let these pay up all they can. What are taxpayers for but to pay taxes? They have no other reason for existence and probably like it.

* * *

ANYWAY, if the bills can be handed on to Mr. Ilsley the municipal council will have all the fun of spending the money without collecting it and will always be popular. The provincial government will build roads and what-not all over the place without levying taxes and thereby will always get re-elected. When governments don't have to collect taxes they will spend high, wide and handsome and everybody will be happy, except Mr. Ilsley, and out here, at least, we are not worrying about him. Because, of course, by the latest discoveries of the economists, he won't have to collect taxes either. Through the invention of the cyclical budget he can always finance on deficits and borrowed money, and the only people who object to this enlightened plan are the bankers, fascists and wreckers.

In short, once a municipality can get rid of all the bills to the province and the province can hand them on to Mr. Ilsley the old burden of taxation—a stone-age conception which has no place in a modern and civilized age—is removed altogether and we have emerged from the barbarous fetish that bills have to be paid by someone.

When history is finally written about what was done, it will record that we in the municipality of Saanich, British Columbia, finally struck a blow for freedom from its shackles and ushered in the Golden Age.

Ambassadors

LONDON ECONOMIST

Great Britain, abroad, labors against a prevailing impression that she is past her prime and stuffy in contrast to a glass-and-chromium America and a young-mannered Russia. It should not be assumed that the task of representation must therefore be handed to members of the Labor party.

Only by a miracle can a man who spent his formative years at the coal face or in any home job equal in skill the diplomat who is also endowed, or trained to possess, breadth of mind. Nothing could be more disastrous than to entrust the representation of the country to elderly trade unionists whose only subject of conversation is the miracle of their own careers. The diplomat must be a highly educated, cultured and personable man; he must be a trained and skilled professional.

Need of Good Will

NEW YORK TIMES

The Russian leaders are men of fixed ideas, but they do know how to deal with practical situations. The practical situation is that a great part of their country has been so wrecked by one great war, of a now outmoded type, that they will not for many years be able to raise the living standards of the average man.

Another great war, with the atomic bombs we are already promising and they may soon be able to make, might force a further postponement—perhaps for a generation, perhaps forever. The Communist party, like other political organizations, has had to make many concessions. Its leaders may well doubt that it could hold its power if it brought on a war which condemned its people to perpetual poverty.

There is need on both sides of good will and good works to avert such a conflict of systems.

Asks for Budget

Editor, Bulletin: Re mother's allowance. I am a widow with three children, aged 7 and 1 year. My allowance is $47.50 per month. Since July I have also received the government allowance of $17, which brings my total monthly income to $64.50.

With rent at $10 (no bath), water and light at $4, wood (in 4-foot lengths) at $8 per cord, you can see how much is left for provisions and clothing. Money for entertainment is just a dream.

I am trying to manage on $16.12 per person.

I wish those who control the amount of my allowance would increase supply a budget for it as well.

MRS. FLOR. MAE GREENLOW,
Kaslo, B.C.

Re Spy Trials

Editor, Bulletin: Re the current "spy trials", I wonder if you would be good enough to publish in your letters from readers column the following comment which has come to my attention: It is from the current issue of the Fortnightly Law Journal, Toronto, in an article by its editor, P.M. Willes Chitty, K.C.

"They have abolished the constitution. They have deprived men of their most valuable fundamental rights, not to be arrested uncharged, not to be held in prison unchained, not to be held in prison unarraigned, not to have justice deferred or denied. They have subjected those men and women thus deprived to the most indecent and to inquisition and all that implies. But beyond and above that, they have destroyed the independence of the judiciary and suborned the courts to lend the appearance of legality to their crime. They have established the invention of the new cyclical budget he can always finance on deficits and borrowed money, and the only people who object to this enlightened plan are the bankers, fascists and wreckers.

ALEX. MILLER.

Parental Neglect

Editor, Bulletin: Recently a letter appeared in your column dealing with the effect of comics, radio thrillers and movies on children's minds and berating them as the chief causes of juvenile delinquency and at the same time calling for a leader to head a "crusade" to eradicate these "evils."

I think that if one would take the time to picture through some of these comics we would see gangsters depicted in such a manner as to make them repulsive even to a child with an under-average IQ, and in radio thrillers and comics alike the moral "crime does not pay" is very forcibly brought home by the criminal either meeting a violent end or falling into the toils of the law.

This is a very striking contrast to the "heroic"? deeds of the James Brothers or Billy the Kid, so vividly portrayed and so avidly perused in the dime novel form by much of a generation ago.

The solution of the problem of juvenile delinquency will not come from the suppression of the aforementioned comics, movies or radio thrillers, but must necessarily come from the root of the trouble, namely, the home.

Any welfare worker knows that juvenile crime is found almost exclusively in homes where, intentionally or unintentionally, parents have neglected to take a proper interest in their children. This became self-apparent when, during the war years, many homes were broken up through both parents being away from home and juvenile delinquency reached its height.

Character building organizations such as the Boy Scouts Association and the Girl Guides are doing a wonderful job and our schools aided by our recreational and social associations are doing their best to make suitable movies and literature available to our children.

Capable group leaders we have aplenty but until every parent realizes that he or she must assume the role of leader in their own homes with the welfare of their children at heart the efforts of all other group leaders will not achieve much success.

PATER.
Edmonton.

This'n That

A bus filled mainly with old ladies going shopping pulled up when the air-raid warning sounded. The old ladies scrambled off the bus and ran to the nearest shelter.

"Famine," said the conductor, scratching his head, "and those are the old dears I've been helping on and off for years."

Alberta District News Briefs

Lamont Experiences Mild Building, Business Boom

LAMONT.—Alterations to various buildings and business premises here together with the proposed construction of a children's playground have combined to provide this town with a mild boom in business and building.

THE BOARD OF TRADE, using the commissions it received for sponsoring two Victory Loan drives, plans to provide a much-needed recreation centre here. Included in the program are soft and hardball diamonds, tennis courts and a new three-sheet curling rink. Work is expected to get underway soon.

J. H. Mohr is making further alterations to his business premises, in the way of increased showroom facilities, parts bins and furnishings. He will do business as Mohr's Sales and Service, and will sell Massey-Harris machinery, as well as conduct a repair service on tractors, machinery and cars. Mr. Mohr is mayor of Lamont.

The Empire Confectionery has been sold by Sam Lavine to Joe Blevis, veteran of the recent war. Mr. Blevis is making major alterations in the store, while remaining open for business.

ARTHUR JOHNSTON has been hauling lumber to his farm, one mile east of town. He is planning the erection of a large dairy barn and a milk house.

Dr. R. B. Campbell has arrived here to start his dental practice. He has taken over the practice of Dr. R. D. Stewart, who is now practising in Edmonton. He received his discharge from the army with the rank of captain.

Returns Home

LAMONT—Word reached here here last week that Flt. Lt. Alex Paruk is expected to reach Halifax on the Ile de France Friday. He has served with the RCAF for four and a half years. Joe Paruk, pioneer merchant, is Flt.-Lt. Paruk's father.

Name Officers

SEDGEWICK — Annual meeting of the Canadian Red Cross Society branch here, was held in the United Church hall with a large turnout of members. Officers for 1946 are: president, J. E. Gasnell; vice-presidents, C. E. Blakeney and H. B. Hay; secretary-treasurer, Mrs. F. W. Weber.

Sponsor Drive

LAMONT—The W.A. of Lamont United church is sponsoring a drive for food to be sent direct to private individuals in Europe. Mrs. A. E. Archer, Miss Lillie Duke, Mrs. J. E. Kirk and Mrs. Charles Norman are on the committee to receive donations.

Plans Return

ENDIANG — Karl Frederiksen, proprietor of the Endiang hotel, has received a letter from Lauritz Melchior, Wagnerian tenor of the Metropolitan Grand Opera, New York City, in which Mr. Melchior said that he plans to return to Endiang again this fall for the hunting season.

To Close Stations

HANNA—Operators of Hanna garages and service stations last week unanimously decided to close their businesses on Wednesday afternoons except for emergency work which would be done by each station in turn. This is similar to the arrangement now in force for Sunday gasoline sales.

Theft Charged

HANNA—Herb Berke's jewelry store was allegedly broken into Friday morning and $200 worth of goods stolen. A small hole was found in the lower left-hand corner of the plate glass window and a number of wrist watches, rings and watch chains were missing.

Bride Honored

HANNA—Mrs. J. C. Byrne and Miss Patricia Coughlin last week entertained at a miscellaneous shower for Mrs. Gordon Cochran, who recently arrived from overseas. The tea table, presided over by Mrs. W. F. Powell, was decorated with spring flowers and tall tapers. The gifts were presented to the guest of honor in a carriage wheeled in by Maureen Byrne.

18-Foot Stick Pierces Worker In U.S. Sawmill

ROSWELL, Ga., April 8—(AP)—An 18-foot wood shaft driven through Matthew Brown's body by a sawmill blade had to be whittled down with a pocketknife Saturday before he could be placed in an automobile and taken to hospital.

Slender, 29-year-old Brown stood 10 minutes while fellow sawmill workers' trimmed about 16 feet from the splintry, one-inch-square scantling.

He was taken 25 miles to hospital at Atlanta where the wooden spear, which penetrated his liver, was removed. Dr. Charles E. Holloway said he would be out of the hospital "in about 10 days".

If all the land in the world were equally divided, each person would receive approximately 18 acres.

Widespread Interest in Alberta's Attractions

Interest in Alberta as a summer resort is evidenced by the large number of inquiries from prospective tourists received at the publicity branch of the Alberta government. Shown above is Eunice Johanson, of the branch staff, with the replies to one day's mail piled on her desk. The requests for information mainly came from Canada and the United States, but there were some from South Africa, Australia and many parts of Europe.

Council May Help In School Building

City council Monday night will deal with the proposal made by the city commissioners of making some contribution to the cost of new school buildings contemplated with a view to having a certain facilities, particularly with respect to assembly hails, enlarged to accomodate community work after school hours.

IN THEIR REPORT to council the commissioners state they have been approached by City Architect Maxwell C. Dewar as a result of conversations with representatives of the Edmonton public school board on the question of the city bearing a share of costs of school construction to provide greater facilities for community work in schools after school hours.

Assurance has been given city council by Premier Ernest Manning that the question of larger pensions for old age pensioners would be discussed at the Dominion-provincial conference. The assurance came in reply to a resolution recently passed by city council asking that the provincial government relieve municipalities of the portion of the cost of old age pensions which, at present, is borne by them.

COUNCIL WILL ALSO TAKE the necessary steps to abolish the present sinking fund board and transfer its duties to that board to permanent officials of the city. Power to abolish the board was given at the recent session of the Legislature. The proposed board of permanent civic officials will be composed of the city commissioners, the city treasurer and the city comptroller.

Council will be asked in the meantime to approve the appointment of A. A. Campbell, city comptroller, as a member of the sinking fund trustees, and to instruct the city solicitor, T. E. Garside, KC, to make the necessary application to a judge for such temporary appointment.

Also coming before city council is the question of assessment of paving on proposed bus routes. Council will enquire into the amount that should be apportioned on this pavement to the street railway, to property and to the city at large. The commissioners recommend that the proposal be referred to the utilities committee of council for consideration.

APPROVAL WILL BE SOUGHT for the recommendation by the city commissioners that an offer of $7,600 cash from the British American Oil Co. Ltd., for five lots between 96 and 97 streets be accepted. The company has been renting this property for a number of years, and now plans to rebuild on the property. The matter is coming to council because aldermen previously expressed an interest in the development of this particular river bank frontage.

Tenders for the excavation of a new road in connection with the Bonnie Doon bus route will be considered by council. The lowest tender was that by Fitzgerald Construction Co. of 19½ cents a cubic yard. Acceptance of this tender is recommended by A. W. Haddow, city engineer, and concurred in by the city commissioners. Early last week the Fitzgerald Construction Co. started work on this excavation.

Also coming before council is a recommendation from the city commissioners that they be authorized to request the minister of public works to require any person proposing to subdivide any land within two miles of the city limits to obtain written approval of the city before submitting the subdivision plan to the minister for final approval prior to registration in the land titles office. This action is being taken to prevent a recurrence of the growth outside the city of a community similar to that of West Jasper Place.

Pope Broadcasts To Spanish Church

VATICAN CITY, April 8—(AP)—Pope Pius in a Spanish language broadcast to the Catechetical congress at Barcelona said Sunday that the world was "suffering from many painful ills," but that few of its ills were as important as the ignorance of religion.

"I have a brother with a wooden leg."

"That's nothing. I've a sister who has a cedar chest."

Magnetic Storms Studied

Track Down Clouds of Gas That Wreck Radio Reception

WASHINGTON, April 8.—(AP)—Three scientists Sunday announced discovery of speeding clouds of electrically-charged gases which hurtle from the sun into upper layers of the earth's atmosphere and seriously disturb radio communications.

THEY ARE H. W. WELLS, J. W. Watts and D. E. George, of the Washington Carnegie Institution staff.

The three studied magnetic storms—intervals when the ionosphere or electrically-charged region of the earth's outer atmosphere, undergoes fluctuations which result in fading or disappearance of radio signals. Using a new technique for recording phenomena in the upper layers of the earth's atmosphere, the scientists found clouds of charred matter rushing into the ionosphere and out again in intervals of a few minutes.

These clouds are said by their discoverers to be the result of bombardment of the earth's atmosphere by irregular bursts of electrically charged corpuscles from the sun.

Coming into the range of detecting instruments at 500 to 600 miles above the earth, the clouds fuse with the ionized air 180 to 250 miles above the earth and occasionally appear to break away and move away again at the rate of a mile a second.

WHEN THE CLOUDS rush in the ionization of the so-called F-layer above the earth changes suddenly. This layer of electrically charged air normally is steady enough in its charge and weight to bounce radio waves downward and thus make long distance broadcasting impossible.

The clouds also cause rapid changes in the layer's height, which causes the distance of a radio wave's "bounce".

The three scientists made their discovery during the magnetic-ionosphere storms of March 26 and 27.

They said the charged gaseous clouds probably originate in or near sunspots.

Co-Op. Delegation Going to Britain

REGINA, April 8—(CP)—Saskatchewan Co-Operative Minister L. F. McIntosh will head a four-man delegation leaving here Wednesday for Britain to negotiate reciprocal trade agreements between United Kingdom co-operatives and those in this province which could open a market of 20,000,000 Britons to the products of Saskatchewan. Turnover would be counted in millions yearly.

Others on the delegation will be John H. Wesson, president of the Saskatchewan Wheat Pool, George Robertson, Wheat Pool secretary, and Robert McKay of Saskatoon, manager of the Saskatchewan Federated Co-Operatives.

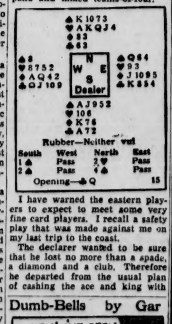

WHILE MR. WESSON will attend the co-op trade negotiations he will also take part in the international agricultural conference opening in London May 21. This conference also will be attended by George Bickerton, represenating the United Farmers of Saskatchewan, who will be leaving for London in 10 days.

Co-operative trade negotiations between Saskatchewan representatives and those of the Scottish Co-operative Wholesale Society of Glasgow and the Co-operative Wholesale Society of England, two of the United Kindom's largest co-ops, follows visits to Saskatchewan last year by representatives of the British organizations.

Bridge

By WILLIAM E. McKENNEY
America's Card Authority

The Western Division of the American Contract Bridge League plans to greet the first large delegation of eastern players to Bridge Week starting in Los Angeles May 29. A group of eastern experts have chartered a plane for the trip to the Pacific Coast tournament, which will include this year two national championships: mixed pairs and mixed teams-of-four.

Rubber—Neither vul

2♠	Pass	4♠	Pass

Opening—♦Q 15

I have warned the eastern players to expect to meet some very fine card players. I recall a safety play that was made against me on my last trip to the coast.

The declarer wanted to be sure that he lost no more than a spade, a diamond and a club. Therefore he departed from the usual plan of cashing the ace and king with nine trumps in sight, in case East held three. Once in the lead, East would certainly lead through the diamond.

Declarer won the second club trick with the ace, played a trump to dummy's king and returned a trump. When East played low, declarer took the finesse and was able to spread the hand for the balance of the tricks.

Calls For Stored Grain

Fiery Address by LaGuardia Demands Action for UNRRA

WASHINGTON, April 8.—(AP)—Fiorello La Guardia, director of the United Nations Relief and Rehabilitation Administration, charged last night that his international relief organization "is being kicked around."

"I DON'T MIND being kicked around personally," he said in a blunt statement. "In fact, I am used to it.

"But I'll be damned if I am going to stand for the kicking around of millions of hungry, starving, dying people."

Mr. LaGuardia, who succeeded Herbert H. Lehman as UNRRA chief last Monday, acknowledged that "after only six days I am reaching the point of impatience."

There is "enough" food in the world to permit UNRRA to feed hungry people in starving nations "a minimum subsistence ration to be able to do some work." Yet, he said, UNRRA shipped only 347,000 tons of wheat last month whereas "we could ship 700,000 tons of wheat a month."

THE FIERY EX-MAYOR of New York said: "I want to start by criticizing my own country, and I shall not spare other countries unless I get more co-operation."

He said he had been "reliably informed" there are 100,000,000 bushels of wheat on American farms.

"That wheat must be forthcoming," he said. "It must be on the ships during the month of April and, if we fail, it will be to the everlasting shame of our country and contrary to our American tradition of kindliness and understanding."

THE FOOD SITUATION in Italy, Poland, Greece and Yugoslavia is "most critical," he added, and "simply beyond description" in China.

Stressing that he had received "splendid co-operation" from President Truman and "every department of our government," La Guardia did not identify those who had "kicked" UNRRA.

Unless wheat is forthcoming to UNRRA, however, he warned, "some drastic action will have to be taken."

WE ARE CENTERING all efforts now on wheat because it is either that in April or coffins in June."

Mr. La Guardia said: "I have not the heart to send a message which is on my desk which would require further reduction of rations.

"The people on any farther deduced rations will be unable to work in the fields or in the mines or even industry."

To Rule Germans?

Gen. Vassily D. Sokolovsky, above, may succeed Marshal Georgi K. Zhukov as commander of the Russian occupation zone in Germany. Marshal Zhukov, newly-elected to the Presidium of the Supreme Soviet, may resign his command.

N.S. Girl Charged With Baby's Death

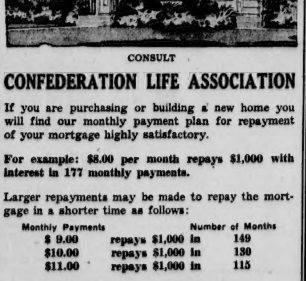

AMHERST, N.S., April 8.—(CP)—Miss Pearl Clark of River Hebert, N.S., was committed for trial on a charge of murder Saturday. The charge was laid after discovery of the body of an infant child March 7.

LARGEST STEEL TUBES

LONDON—(CP)—British manufacturers have produced what are believed to be the largest stainless steel tubes in the world. They are 14 inches outside diameter, ¼ inch thick and over 20 feet in length. They are to be used in a food plant and will be subject to severe high frequency vibrations.

Gardiner Preaches In Ontario Church

KINGSTON, Ont., April 8.—(CP)—Federal Agricultural Minister Gardiner was the morning preacher at Sydenham United church Sunday, devoting his speech to the meeting of the United Nations Organization at London recently and declaring that Canada must set an example to the world in sharing her surplus food supplies.

CUT DOWN ON TAKING LAXATIVES THIS WAY

See How Regular You Can Be Every Morning

Try taking Carter's Pills this way: Start with 8 and set a definite time every morning. When you get regular every morning cut down to 2. After a few days, try 1.

Then try taking Carter's every other day. You may even find you can keep regular without any laxative.

You see, Carter's are so tiny you can cut down the dose—from 8 to 1—to fit the needs of your individual system. Without disappointment.

Carter's help clean out your intestinal tract one half way, but thoroughly. They are doubly effective because made with two vegetable herbs compounded properly for thorough, easy action.

Thousands can cut down on laxative dosing this Carter way. Ask for Carter's Pills by name to get the genuine at any druggists—25c. Insist on Carter graduated dose method tonight, and jump out of bed tomorrow rarin' to go.

KICKIN' AROUND -:- -:- by Wally Falk

"Is my interest in a certain sweet young thing deductible?"

The Bulletin's SPORT SHOW by Hal Dean

SPORTS EDITOR

JUST what happened to the Canadians in the Winnipeg Monarch series will remain one of the mysteries of the 1945-46 hockey season. Monarchs may have had more good individual players than possessed by the Edmonton juniors, but that does not necessarily explain the whole story.

Team work, one of the features of Canadian play all winter, was almost entirely missing during the series and so was that second and third period fire which marked their work throughout the year. And the impression of many even in Winnipeg, was that in Moose Jaw Canucks, the Canadians had knocked out an even better club than the present western champions.

Monarchs did show some effective team play during the games in Edmonton, possibly due to a larger ice surface, and the Maple Leaf Gardens may help them, but combination was almost entirely missing in their two home stands. Incidentally, Canadians looked better in the second despite the 8-2 score, than in the first of the Amphitheatre sessions.

* * *

THE WEST will be pulling for the Monarchs in the Memorial final which will commence next Saturday and the big, aggressive Winnipeg club, which in addition to several smart individualists, has several consistent back-checkers, should prove a tough number for Toronto St. Michael's, especially if Majors to play their type of hockey.

Tiny Thompson, Chicago Black Hawks's chief scout, stated during the third game in Edmonton, "I think the Canadians may have reached their peak. The team I saw at the Arena tonight isn't half the club which played Moose Jaw." He also gave it as his opinion, the fifth game of the Canuck-Canadian series which was played in Regina, was "the best Junior exhibition I have ever seen."

Doubtless there are varying explanations, but one thing is certain, Canadians were not up to their former standard even when they beat Monarchs in the first game.

* * *

AFTER WISHING the team play all five finals and being missed but two or three junior fixtures all season, this corner is of the opinion Canadians had too much hockey and too much travelling during the playdowns.

The Edmonton juniors had engaged in 14 playoff sessions before the Winnipeg series. After the city finals here, in a period of 28 days commencing with Feb. 24, they travelled approximately 3,600 miles, or an average of 128 per day and took part in 11 games, of which only two were lost.

Those 3,600 miles did not include the trip to Winnipeg, but adding roughly another 1,500 for a total of 5,100 miles, probably makes the Canadians the most travelled team in Canada's playoff history.

AFTER WINNING their own league, Canadians had to eliminate Lethbridge, Nanaimo and Moose Jaw in order to reach the final Monarchs won their league and then a home and home series with Port Arthur Flyers was all that stood between them and the Abbott Cup final round.

It does look as if Alberta received the short end of the deal, and that the CAHA should see there is no repetition of such a situation in the future.

Of course the Nanaimo and Moose Jaw series must have resulted in a nifty credit balance for the CAHA coffers, which in opinion of the officers of that organization may be the most important consideration. But the ultimate result, after getting out of their respective leagues, was a mileage of more than double and three series to one for Canadians, as compared to Monarchs.

CECIL (TIGER) Goldstick returned to Edmonton on Saturday from New Westminster, where he had resided since the commencement of the hockey season last fall. "Tiger" says he likes the west coast alright, particularly Seattle, but nevertheless admits being glad to get home. Freddy Smitten, left-winger for the Royals, made the return trip with Cecil.

"Tiger" reports Victoria likely will be a starter in the Pacific Coast League next season, a new rink being in the cards for that city in the spring. Another professional mecca is Tacoma, Wash., where a new rink already is under construction.

Calgary and Trail Again Battle to Draw

SPORTS BULLETIN

McDonald Scores Four

Ex-EAC Sextet and Flyers Tie 5-5 in Puck Exhibition

There was a tinge of old home week in night at Arena Saturday when a team of former EAC juniors and Edmonton's senior Flyers fought to a 5-5 draw in an exhibition hockey contest.

A crowd of 3,537 paid fans were on hand to see the Colville brothers, Neil and Mac, Billy Maher, Morey Rimstad, Terry Cavanagh, Harry Allen, Hassie Young and the rest show flashes of hockey in an entertaining way.

The Flyers were in form too, but despite being pre-game favorites, they had to come from behind to gain the even break. Bob McDonald, speedy winger on the Bobby Carse-Johnny Kennedy-Jack McDonald line, pulled the point out of the fire for the Flyers, rifling home four successive goals.

LOUIS HOLMES, picked up by the Flyers for the encounter, banged in the first tally while on the other side, the Colville boys figured in four of the five goals. Billy Maher tallied two and assisted in another for the EAC gang with the other three counters coming off the sticks of Neil Colville, Mac Colville and Morey Rimstad, smooth puck carrying pivot.

The game wasn't four minutes old when the EAC crew grabbed off a two-goal lead. Mac and Neil combined on the EAC's first scoring effort at 2:12 and shortly afterwards Allen rifled one at Ken McAuley from quite a distance and Maher tapped in the rebound which came to the open side of the cage.

THREE PENALTIES — Maher for slashing, Mac Colville for tripping and Pug Young for roughing were handed out at play begun to pick up, but after the close of the session, with Dan Carrigan's club out front 2-0, the players settled down and referees Pep Moon and Cam Smith didn't have to wave another soul to the penalty box.

The Flyers made a nice effort to overtake the "visitors" in the second and were awarded with goals by Holmes and McDonald, the latter banging in a pair to make it 2-2 for Riley Hulford's sextet.

Holmes slapped Bing Merluk's rebound past Doug Stevenson for Flyers' first tally at 2:28 of the third and then McDonald added up two within 31 seconds. Kennedy grabbed a rebound off a shot by Mullen and passed to Bob McDonald right in front for Jack's first counter and then McDonald banged in a relay from Carse and Doug Lane.

EAC's came back with the smartest play of the game when they tied it again. Neil Colville carried the rubber down, feinted the defence to the left boards and then zipped a pass to Maher who went straight in to draw McAuley to the side and slide the disc into the cage.

NEIL COLVILLE put the pres ahead for the second time early in the third when he banged in a short pass from Maher and shortly afterwards Maher finished off an EAC power play to put his club ahead 5-3.

It wasn't long after Maher's second counter that McDonald took a pass from Carse, shot, and then flipped in his own rebound to cut the margin to one. Then, less than two minutes later, the same Mc-Donald tied it up Carse gained possession in the corner, passed back to Mullen who gave it to Mc-Donald.

The EAC crew put up the better fight in the remaining five minutes, Neil Colville moving up to the forward line from the defence post he held down for the most part, but they failed to click.

LINEUPS:

Edmonton Athletic Club: Stevenson; Watt, Gaul; Rimstad, Mac Colville, Neil Colville. Subs: Maher, MacDonald, Allen, H. Young, Manson, Kovanagh.

Flyers: McAuley; P. Young, Lane; Carse, Kennedy, McDonald. Subs: Holmes, Devico, Merluk, Newsome, Mullen, Goldstick.

Referees: Pep Moon and Cam Smith.

SUMMARY:

First period: 1—EAC, Mac Colville (Neil Colville) 2:12; 2—EAC, Maher (Allen) 3:26. Penalties—Maher, Mac Colville, P. Young.

Second period: 3—Flyers, Holmes (Merluk) 3:36; 4—Flyers, McDonald (Kennedy) 15:21; 5—Flyers, McDonald (Carse, Lane) 15:31; 6—EAC, Rimstad (Neil Colville) 18:19. Penalties: none.

Third period: 7—EAC, Neil Colville (Maher) 7:33; 8— EAC, Maher (Allen, Mac Colville) 9:41; 9—Flyers, McDonald (Carse) 11:38; 10—Flyers, McDonald (Carse, Mullen) 14:26.

CRICKET MEETING

An organization meeting of the Edmonton Cricket Club will be held Tuesday evening at 8:00 in the City Hall, Newcomers to the city who wish to play cricket and all old members of the club are asked to attend. This is an Edmonton Club meeting not a League meeting.

Fires Four

Jack McDonald, Flyer right winger, turned in a sparkling performance in Saturday night's exhibition against the former EAC juniors to score four of his clubs' five counters in the 5-5 draw.

Now Meet Winnipeg

St. Mike's Juniors Take Eastern Title

TORONTO, April 8.—(CP)—Outlasting a fighting Montreal Canadien club in the final minutes of play, Toronto St. Michael's College Majors, defending Memorial Cup champions, captured the eastern Canada junior championship in three straight games with a 6-5 victory that sent them against Winnipeg Monarchs, western champions, for the Memorial Cup finals. Majors took the first two games 7-2 and 8-2.

With two minutes of the third period remaining, Johnny Blute led an Irish rush with Fleming Mackell and Red Kelly, and netted the puck for the deciding counter, giving the Irish the lead for the first time.

LINEUPS:

Montreal—Goal, Scurrah; defence, Legace, Mosienko; centre, Morenz; wings, Filion, Hayden. Subs: Bonin, Pepin, Burnett, Dore, Newton, Perron, O'Shaughnessy (sub goal).

St. Michaels—Goal, Boehmer; defence, McLeod, Kelly; centre, Harrison; wings, Sloan, Costello. Subs: Powers, Blute, Mackell, Paul, Sandford, Winslow, De Courcy (sub goal).

Referee — Connolly and Arnie Peterkin, both of Ottawa.

SUMMARY:

First period: 1—Montreal, Morenz (Lepine) 2:30; 2—Montreal, Morenz (Hayden, Filion) 12:08. 3—Montreal, Filion (Morenz, Bridel) 13:47. Penalties: Michaels, Sloan (Kelly) 5-38; Michaels, Paul (Mackell, Sandford) 17:10; 8—Montreal, Pepin (Lepine) 19:34. Penalties: Mackell, Powers, Lepine.

Second period: 7 — St. Michaels, Sloan (Harrison, Kelly) 18:30. Penalties: Denny, Mackell, Burnett.

Third period: 8—St. Michaels, Sloan (Kelly, Powers) 6:36. 9—Montreal, Pepin (Burnett) 12:52; 10—St. Michaels, Sandford (Mackell, Costello) 14:24; 11—St. Michaels, Blute (Mackell, Kelly) 17:36. Penalties: Burnett, Mackell, Morenz, Hayden.

Doug Cairns Ties Up Tilt Last Minute

CALGARY, April 8—(CP) — Doug Cairns scored with but 25 seconds remaining in the third period to give Calgary Stampeders a 4-4 overtime draw with Trail Smoke Eaters here Saturday night and leave the teams tied after playing two games of the best-of-seven final for the western Canada senior hockey championship and the right to qualify for the Allan Cup finals.

The teams battled to a 1-1 draw in the first game at Trail Wednesday night.

A paying crowd of 5,289 fans jammed the arena to the limit and expectedly match Calgary's speed on the larger ice surface.

CAIRNS SPARKED Calgary with two goals while Bob Breen, ridge with one and one, Dunc Grant with a goal and an assist and Fisher, Wilder and Hunter with assists, accounted for the rest of the Calgary points. Don Menzies, with a goal and an assist, Cronie, Gardiner and Kwong with goals and Buckna and Kwasney with assists, figured in the scoring for Trail.

Expected to be at a disadvantage playing on the larger Calgary ice surface, Trail made the most applecarts by matching Calgary's speed and seemed right at home on the big floor.

Duke Scodellaro and Russ Dertell were again stars as the two netminders turned in brilliant performances with Scodellaro finding the edge over the Calgary custodian.

EARLY IN THE first period playing coach of Smoke Eaters, Jimmy Morris, was forced to leave the game after he was hit very hard by Art Mahaffey. He was rushed to check was the hardest seen in Calgary for a long time and put Morris on the sidelines for the balance of the game.

Pete Slobodian, Calgary defenceman, was given the axe in the first game at Trail, was missed but Johnny McIntyre filled in very well for the rugged bouncer.

Smoke Eaters held the edge in play for the first two periods and play was through the second but in the third and mostly throughout the overtime session it was Calgary all the way. Scodellaro held countless Calgary attacks at bay with brilliant netminding.

PLAY OPENED WITH both clubs skating at a furious pace and Cairns took a pass from Joe Fisher at the 7:49 mark to beat Scodellaro on a neat deft shot and give Calgary into the lead for the only time in the game. Trail pressed hard but lacked finish around the net. Once Buckna passed right in front of the net, shot the puck which rolled to the crease but Kwasney was out of position and couldn't flip the puck into the open goal.

In the second stanza Trail started to fly and after a couple of minutes attack that netted three goals. Veteran Ab Cronie scored the first on a pass from Menzies to give Trail the equalizer while Ron Gardiner put Trail ahead less than two minutes later when he beat Dertell on a smooth passing play with Kwasney assisting.

MENZIES COUNTED the third Trail tally while Dertell was busy remaining in the period when Buckna drew Dertell out and passed to Menzies who fired the puck into the open net.

In the third period Calgary started to hit its stride. Grant scored on a pass from Brownridge at the 4:31 minute mark to put Calgary back into the picture. Stampeders pressed hard and Brownridge broke through at the 12:24 mark to beat Scodellaro and give Stampeders the equalizer only to have Kwong score on a solo effort 14 seconds later and put Trail back in the lead.

IN THE LAST FEW minutes Calgary tossed all defensive hockey to the winds and played five man up. The power play paid off with Cairns beating Scodellaro with a high shot with only 25 seconds remaining.

In the overtime period it was Calgary all the way with Trail showing only a few flashes. Although holding a majority of play Stampeders couldn't put the puck past Scodellaro for the winning margin.

Third game of the series will be played here Monday night with the

Racing Fans Set Betting Record

NEW YORK, April 8—(AP)—Fans bulged the park at its seams and made the mutuel machines ring as they never rang before to welcome horse racing back to New York at Jamaica Saturday.

Neither rain nor a general beating for the horses dampened the 55,961 "contributors" who got the 189-day campaign under way with new opening-day crowd and betting record. Altogether $3,412,875 was tossed into the mutuels, erasing by more than $750,000 the previous first-day high set two years ago.

Giving every indication that they are aiming at last year's all-time record figures—when they bet $470,000,000 in a war-shortened 154-day campaign—the customers started arriving at 9:30 a.m. and by 2½ hours before post time every one of the 18,500 seats were taken.

In the hour hour, bettors jammed every available spot in which there was room to put two feet on the ground and had long since wiped out the 45,796 record first day attendance mark chalked up in 1944. By 12:30 p.m., every road leading to the compact Long Island racing plant was snarling with traffic tangles and parking lots within half a mile were overflowing.

And when the races finally started, you had to beat your way up to the mutuels—and the $100 windows were getting just as big a play as the $2 tickets.

Chandler Offered Mexican Ball Job

MEXICO CITY, April 8—(AP)—A. B. "Happy" Chandler, United States baseball commissioner, was offered a $50,000 yearly salary to become high commissioner of the Mexican League, Bernardo Pasquel said Saturday.

Bernardo Pasquel said his brother, league president Jorge Pasquel cabled the offer to Chandler Friday night.

The proposal was said to include a five-year contract, plus living expenses in addition to the salary.

Jorge Pasquel is Mexican League high commissioner as well as president of the Vera Cruz club. Bernardo Pasquel is vice-president of the Vera Cruz club.

DOESN'T DENY

OFFER

FRANKFORT, Ky., April 8—(AP)—Asked about the report Saturday that he had been offered the high commissionership of the Mexican baseball, A. B. "Happy" Chandler, U.S. baseball commissioner, smiled broadly and said:

"You might say that when interviewed, Mr. Chandler said nothing."

Returns

Freddie Smitten, former EAC puck star, returned home Saturday night after playing the season with the New Westminster Royals of the Pacific Coast League.

Breaks Up Overtime Game

Terry Reardon Nets Winner As Boston Stops Canadiens

By BILL KING

BOSTON, April 8. — (AP) — A sudden death goal by Terry Reardon gave the Boston Bruins their first win in four Stanley Cup starts over the Montreal Canadiens, 3-2, last night and moved the National Hockey League final series back to Montreal for a fifth chapter. Reardon rapped home an angle shot after being set up by little Kenny Smith in 15:13 of the overtime.

For the first time in this postseason play, which required overtime sessions twice before, the Bruins managed to be the first to score, a habit that proved its value in the sudden death action.

With Canadiens needing only one more victory to clinch hockey's most coveted trophy and the Bruins making a last ditch stand, the overtime action was terrific.

EACH SIDE HAD at least five wide-open chances before Terry Reardon whose brother holds Montreal defensive post, lashed in his game-winning shot. The Bruins were packing the Montreal zone all the time and had a beautiful passing attack going under the direction of the veteran Bill Cowley.

That canny pivotman set up Smith from the left side of the cage with a short passout and the latter fed right to the Boston member of the Reardon family after he had settled himself nicely in a quiet spot that afforded plenty of elbow room.

Don Gallinger, who has hopes of landing a baseball berth with the Red Sox as soon as he packs away his skates, figured in both of the other Boston tallies and Maurice (The Rocket) Richard provided both Canadien tallies.

AFTER A SCORELESS opening session, Gallinger drove hard from the Montreal blueline against goalie Bill Durnan's pads and defenceman Herron who backed in the rebound for first blood, during the ninth minute of the second session. About five minutes later, the fast and shifty Richard wiped out the Bruins' lead, with Glen Harmon's aid and in the third period, about a minute after Gallinger had converted Herb Cain's assist, the Rocket pulled Canadiens in a tie by stick-handling through the defence in the most artistic fashion after having Lach's pass with almost 16 minutes of regular time remaining.

There were two fistic outbursts as the rival finalists swapped the most rugged brands of bodychecks. The Bruins' Pep Guidolin and Toe Blake were the most willing and they were punished with major penalties.

The fifth game will be played in Montreal, where Canadiens gained two sudden death verdicts, on Wednesday and if a third night game is needed, it will be played here Thursday.

LINEUPS:

Bruins: Brimsek, Egan, Crawford, Schmidt, Bauer, Dumart. Subs: Galiner, Goldsworthy, Smith, Klapper. Church, Henderson, Cowley, Cain, McGill, T. Reardon.

Montreal: Durnan, K. Reardon, Edmunds, Reay, Peters, Chamberlain. Subs: Lach, Richard, Blake, Bouchard, Lamoureux, Harmon, Mosdell, O'Connor, Hiller, Filion.

Referee—Bill Chadwick. Linesmen—George Gravel and Sam Babcock.

SUMMARY:

First period: scoring—none. Penalty: Lamoureux.

Second period: 1—Boston, Henderson (Gallinger) 8:05; 2—Montreal, Richard (Harmon) 9:46. Penalties: K. Reardon, Cain.

Third period: 3—Boston, Gallinger (Cain) 3:01; 4—Montreal, Richard (Lach) 4:04. Penalties: Schmidt, Mosdell, Guidolin (major), Blake (major).

Overtime period: T. Reardon (Smith, Cowley) 15:13. Penalties — none.

Raymond Retains Basketball Title

LETHBRIDGE, April 8—(CP)—Raymond Union Jacks retained the Alberta senior basketball championship at Raymond Friday night when they defeated Calgary Legion 40-34 in the second final two straight. They won the opener at Calgary in mid-week 48-24.

Lineups:

Calgary—Buchanan 1, Cameron 10, Brewerton 6, Solway 6, Donaldson 3, Williams, Bell 6, Silver 2. Total—34.

Raymond—Turner 12, Bourne 1, Stone 12, Ricken, Rolfson 2, Naider West, Mickleson 11, Mitchell 3. Total—41.

Officials—Rolfson and Wheeler, Raymond.

Canucks Overseas Beat Americans

LONDON, April 8— (CP Cable) —All-round superiority gave "The Canadians in England" a 14-3 victory over "The Americans in England" in a hockey game Saturday night before a sell-out crowd of 4,000 at Wembley Stadium.

The decision was never in doubt from the opening whistle.

Jack Schmidt of Regina, property of Boston Bruins of the National Hockey League, reached top form with one goal and five assists. Tony Leach of Hull, Que., scored two goals and three assists.

Wrestling Card Empire Tonight

Combining football tactics with the usual tricks of the wrestling profession, Bronko Nagurski, will make his initial appearance in an Edmonton ring tonight at the Empire Theatre when he has been booked to meet Jack Clayborne in the main event on promoter Tommy Tasker's card.

An extremely popular figure in the wrestling circles of Eastern Canada Pierre De Glane will take on and Jim Wright in the semi-final windup of the card. The preliminary will bring together Steve Jossul of Edmonton and Alex Gerkie of Wetaskiwin.

The referee will be Maurice Debleik of Edmonton.

Ball Hangs on Edge of Cup

Hogan Blows 30-inch Putt; Keiser Cops Masters' Tourney

AUGUSTA, Ga., April 8.—(AP) — One of the game's greatest golfers, Ben Hogan, blew a 30-inch putt on the final green of the Augusta national course Sunday and Herman Keiser, a n "unknown" from Akron, Ohio, won the 10th annual Masters tournament by that single all-important stroke.

Leader all the way in the biggest American golf event next to the open championship, Keiser sat in fear and trembling in the club house, having finished with a wobbly 74 and a total of 292, while the little Giant-killer, Hogan, chewed away at him on the final few holes.

ALL HOGAN NEEDED on the last hole, a 425-yarder, was a par four to wind up with a 69 and tie Keiser for the lead. Around the course, as the shadows lengthened, it was crowded. Hogan could do that with one hand behind his back. The host club was reconciled to a playoff today, and perhaps another such crowd as estimated 7,500 which rampaged around the fairways yesterday at $5 a head.

Playing confidently, Hogan always had a chance to win, but he blew beyond the cup on the 18th. It looked like a cinch. He went boldly for a two-shot lead and a first prize worth $2,500 cash. Barely the ball missed the cup and rolled past, and quite a yard. The former came in from Fort Worth tried again—and missed again. The pellet rolled around the hole and lay dead on the edge.

THUS HOGAN, ONE of the biggest money-winners, again failed to capture a major tournament and Keiser, who never before won first money in the 70-odd events in which he had competed as a professional, finally came into his own.

Keiser's four rounds over the 6,800-yard Master's course were 69-68-71-74—282. Hogan, recovering from a poor start, posted rounds of 74-70-69-70—283.

Canadians Feted On Arrival Home

Edmonton Canadians, finalists in the western junior hockey championship playdowns, arrived home Saturday night from Winnipeg where the last two games of the Abbott Cup series were played.

Well over a hundred supporters were at the station to welcome the boys back, and the members of the team along with coach Earl Robertson, manager Ken Henry and trainer Stew Hall, were guests of the Canadian Athletic Club at a reception held in the Jasper Room of the Macdonald hotel.

Officials and members of the club and wives, in addition to players and coaches, numbering 30 in all, attended the reception. A buffet supper, music and other entertainment features were included in the program.

Derry Derrington, chairman, and Ralph Blackmer were in charge of the welcome-home arrangements.

Lawn Bowling

The semi-annual meeting of the Edmonton Lawn Bowling Club will be held in the club house, 9a katchewan Drive, on Wednesday, April 10, at 8 p.m. All members and prospective members are particularly asked to make every effort to attend as there are matters of vital interest to the club to be discussed.

Hamilton Grabs 2-Game Lead In Series With Montreal

TORONTO, April 8.—(CP)—Rallying around sensational goaltending by artful Art Childs, Hamilton Tigers went two games up in their best-of-five Allan Cup eastern Canada final series against Montreal Royals Saturday night when they trounced the Quebec senior titleholders 5-1.

Playing against the team the experts picked to skate them into the ice, Tigers notched a quick goal in the first period and then checked Royals at almost every turn. Beaten 4-3 on home ice last week, Royals failed to get more than a dozen passing plays going throughout the contest.

TIGERS — RACKEDY-ANNS of the OHA—continued to wear their torn and dirty black and yellow uniforms with odd, faded red and white stockings, many of which have not been washed since the Hamiltonians began their terrific win streak that netted them 31 victories in 35 games among which were 16 shutouts for Childs.

Young Jerry McNeil in the Royal nets was given a hot time most of the night, especially in the first and third stanzas. With Julion Brady picking up Clarry Shillington's pass to score at the 2:45 mark the Tigers did not ease up for a minute.

McNeil accumbed a second time at 15:20 with Swat Mason pushing home the puck on passes from Frank Liscombe and Bobby Laurent. With 38 seconds left to play in the second period, Mason again bulged the twine with a hard shot above McNeil's shoulder.

ROYALS FINALLY broke into the scoring column on Floyd Curry's efforts when the speedy Oshawa General star slapped Butch Stahan's pass between Childs' legs.

After Shillington notched No. 4 for Hamilton midway through the period, he went in all alone at 19:00 and pulled McNeil right out of the net for the last counter.

The teams meet for the third game in Hamilton Monday night. Should fourth and fifth games be necessary they will be played in Montreal Thursday night and in Toronto next Saturday afternoon.

LINEUPS:

Royals: McNeil, Lamirande, Hagerty, Marcinek, Bennett, Heffernan. Subs: Meredith, Gravelle, Riopelle. Curry, Raymond, Casavant, Morin, Harvey, Stanton.

Tigers: Childs, Harvey, Laurent, Brady, Shillington, Conick. Subs: Dinning, Groom, Runions, Robertson, Liscombe, Mason, Mocinovich.

Officials — George Seeds and Stan Pratt.

SUMMARY:

First period: 1—Hamilton, Brady (Shillington) 2:45; 2—Hamilton, Mashe (Liscombe, Laurent) 16:20. Penalties: Gravelle, Mason, Harvey.

Second period: 3—Hamilton, Mason (Shillington, Conick) 19:22. Penalty: Harvey.

Third period: Montreal, Curry (Stahan) 1:14; 5—Hamilton, Shillington (Brady, Conick) 3:25; 6—Hamilton, Shillington 19:20. Penalty: Laurent.

Finalists Lose In English Soccer

LONDON, April 8.—(CP Cable)—Both finalists in the English Football Association cup competition hit an unlucky day Saturday with Charlton Athletic trounced 3-2 by lowly Millwall and Derby County failing 4-1 to Aston Villa.

To add to their discomfiture neither of the finalists contributed a man to the all-England team which meets Scotland at Glasgow in an international game next week.

Charlton's loss also damaged its chances of winning the league south championship, which it is trying for along with cup play.

ASTON VILLA'S victory gave it the lead over Birmingham City, semi-finalist in the cup play and formerly leader of league south. Birmingham City dropped into second place when beaten 1-0 by Nottingham Forest.

The English international team was named at half-time in the trial match between a football association eleven and an army physical training corps squad at Wembley Stadium, London. The army team won 5-3.

The only new international player named was Leonard Shackleton, 23, who before the war was an amateur with Arsenal but who returned to his native Yorkshire and joined Bradford in League North. Bradford lost to Sunderland by a 1-0 score Saturday.

Cleveland Leads Final Series 2-1

BUFFALO, N.Y., April 8.—(AP)—Cleveland Barons took a 2-1 lead in the play-offs for the American Hockey League championship and the Calder cup by defeating Buffalo Bisons 6-5 last night on Lou Trudel's goal at 9:38 of an overtime period.

It was Trudel's second goal of the game, witnessed by 10,286 persons.

Len Halderson scored Bisons' first goal 14 seconds after the face-off. Earl Bartholome batted home Tom Burlington's rebound to tie at 3:36.

Jerry Bellemarre sent Bisons ahead at 13:29, and Vic Lynn made it 3-1 at 13:52.

Jack Adams' breakaway made it 4-1 at 4:38 of the second. Fred Thurier came back for the Barons with a 35-footer at 5:14, and Trudel put the visitors only one in arrears at 15:20. Halderson bagged his second goal at 17:56 and the Bisons left the ice, leading 5-3.

The Bisons unwisely tried power plays in the third, and Thurier scored two goals in 55 seconds on breakaway plays at 4:32 and 5:27, giving him three goals for the evening.

The teams will resume the best-of-seven series in Cleveland Tuesday night.

Baseball Headed Box Office Boom

NEW YORK, April 8.—(AP)—Baseball appears headed for its biggest box office boom in history with the 16 major league clubs clicking turnstiles at near-record rates on their southern barnstorming jaunts while huge advance sales pile up at the home offices.

Brooklyn's always-enthusiastic public will have poured $400,000 into the Ebbets Field till before the season opens, says business manager Jack Collins.

Tonight's Play-Offs

Allan Cup playoffs tonight.

East Final: Montreal Royals at Hamilton Tigers, third game of best-of-five series; Hamilton leads 2-0.

West Final: Stanley Smokes Eaters at Calgary Stampeders, third game of best-of-seven series; first two games overtime ties.

Golf

By BYRON NELSON

ONE of the best scoring rounds I have ever seen was Harold McSpaden's 59 over the Brackenridge Park Golf Course in San Antonio, Texas, where Ben Hogan more recently won the 1946 Texas Open with a record score for that event of 264.

Nelson

While practicing for the 1945 Texas Open, Harold and I were teamed up against Ben Hogan and Paul Runyan in a friendly match when he did it, so I had a chance to observe the round from beginning to end.

Brackenridge, a public course owned by the City of San Antonio, is not tough, but it is hazardous because it crosses the San Antonio River three times and a bayou three or four times. What's more, you have to be straight and true on the fairways as they're bordered by short, heavy-limbed trees which are always a problem to a golfer who is having trouble keeping straightened away off his tee.

IN COMPILING HIS spectacular score McSpaden had seven birdies and two pars for a 29 on the first nine. On the last nine he shot three birdies, always enthusiastic public will have poured $400,000 into the Ebbets Field till before the season opens, says business manager Jack Collins.

I saw another remarkable round of golf at Willow Springs, San Antonio, when Lawson Little, winner of two British amateur titles, two American amateur titles and the 1940 U.S. Open, shot a 62 in the first round of the Texas Open of 1941. Lawson, who won that tournament with a 72-hole score of 275, shot the most remarkable golf under adverse weather conditions in collecting that first round 62 that I have ever seen.

It was so cold they had fires built in little iron buckets and barrels on every tee so that we could warm our hands. The greens were rough and the grass was frozen on the fairways due to the cold and storms. Several times during the round we had to wait for hail storms to stop. It was a great exhibition of concentration and competitive courage on Lawson's part.

ONE OF THE BEST PLAYING rounds I have ever had was in the first round of the 1937 Masters' Tournament at the Augusta National Golf Club when I shot a 66 on that par 72 course. It isn't the best scoring round I have had, but I think it was the best round I have played from tee to green. It was particularly gratifying to me because the National Golf Club course which averages 6700 yards during Masters' Tournaments is a Championship course and a real test of golfing ability.

Ralph Guldahl, who was at the peak of his game at the time, was leading the tournament by four strokes when I came from behind to win with a score of 283 to Ralph's 285. One of the odd things about that tournament was that I picked up six strokes on him in two holes. The 12th hole at Augusta is a par three hole with a maximum distance of 155 yards while the 13th is a par five with a maximum distance of 480 yards. On the last lap of the tournament Ralph took 5 and 6 for these two holes while I was 2 and 3, thus allowing me to pick up the six strokes which gave me my first victory in that great tournament.

BUT TO GET BACK to my 66 in the first round. There are four par five holes on the National course, the second, the eighth, the thirteenth, and the fifteenth, and I was on all those greens in two.

There are ten par four holes and I was on all of these in two. I was on the four par three holes in one. Yet I had only one one-putt green besides the 17th, where I put my tee shot within one foot of the hole and then holed out in one putt.

During that round I putted for fourteen birdies and four eagles. As I said before, it isn't my greatest scoring round, but there is no question in my mind about it being my greatest round from tee to green.

Mexican Sees Yank Players As Good-Will Ambassadors

WASHINGTON, April 8. — (AP) — The boys at the Mexican embassy Saturday got in the hubbub over the Mexican League signing up some American baseball players.

With a quick oral delivery—a person close to Ambassador Antonio Espinosa De Los Monteros suggested that big league owners were missing the international pitch of a lifetime.

Asserting the ambassador is "very interested and sympathetic" toward baseball—he "played it as a kid" and "kept up with it while a student at Gettysburg and Harvard"—this Mexican official asked:

"Why all this fuss over some American players going to Mexico? It looks like a rare opportunity for baseball to go to bat in furthering the exchange of international ideals.

"Here we are with the United Nations meeting in New York and baseball finds in its lap this rare opportunity for a practical demonstration of spreading ideas from one country to another.

"We exchange students, professors, artists, workers and so on, so why not ball players?

"We even borrowed American coaches to teach our youngsters to play your game. Now that we're coming of age in the sport are we to be cut off from this relationship?

"In the past, Mexican players have played in American leagues, so why not the other way around?

"Come to think of it, it's too bad you haven't bull-fighting, Mexico's national sport. Then we could reciprocate by sending you some of our big-league toreadors in exchange for some of your guys who make the kill with the bases loaded."

CANADIAN SPORTSHOTS

By KEN EDMONDS

MONTREAL, April 8. — (CP)—Play completed, the all-Negro line of the Provincial Hockey League has broken ranks for another season, two of the trio to turn to the more prosaic occupation of operating a cartage firm and the third to await the opening of the baseball season.

The Carnegie brothers, Herbie, 24, and Ossie, 27, and classy Manny McIntyre, 24, completed last week a highly successful term with Sherbrooke Randies, who finished first in the PHL's regular season and bowed to Victoriaville Tigers in the final playoff.

THIS WAS A good season for what is probably the only Negro line in organized hockey. Herbie stole the thunder by finishing second in the league scoring race with 43 goals and 36 assists, but Ossie and Manny were not far behind.

The Carnegies, Toronto boys, and McIntyre, who comes from New Brunswick, linked up in northern Ontario in 1941, playing together as a line for the first time for Buffalo-Ankerites. They moved into Quebec hockey in the 1944-45 season with Shawinigan Falls Cataracts of the Quebec senior league.

Tennis talk:

SLIM HENRI ROCHON is being touted as one of the most likely prospects for a place on Canada's 1946 Davis Cup team. The dark haired 22-year-old Montrealer recently walked away with the Concordia Indoor singles title here and experts rate him a leading contender for the tennis team which will meet Mexico next June.

The war limited opportunities for competition, but Rochon proved he has class by extending Sydney B. Woods, one of the United States best netmen, in an exhibition match last year. The score was 6-3, 8-6 for Woods but Rochon held the lead in both sets, only to blow them because of nervousness and over-anxiousness.

Rochon considers Montreal's Macken brothers, Brendan and Jimmy, Don McDiarmid of Ottawa and Laird Watt of Montreal other strong contenders for a cup position.

Watt, incidentally, returned home during the week-end from army service overseas.

A snake's teeth are pointed backward to prevent escape of animals captured for food.

Stephens Quits Mexican League

HOUSTON, Tex., April 8—(AP)—Shortstop Vernon Stephens, who rejoined St. Louis Browns Saturday after playing briefly with the Mexican Baseball League, said he rejected earlier in the day a new offer from Jorge Pasquel to play in Mexico for $25,000 a year for five years, with $50,000 of the money to be placed in a New York bank as a guarantee.

STEPHENS TOLD of receiving the new bid in a telephone conversation when he called Pasquel, president of the Mexican loop, to inform him he was "As of now resigning from your league, under the provisions of our contract." The star shortstop said his Mexican contract provided that it could be terminated at any time by either party.

Pasquel told him, Stephens said, that he planned to see the United States ambassador to Mexico to make a formal complaint over Stephens' walkout and that he would file suit to enforce it.

"YOU HAVE DAMAGED me and my league," Stephens quoted Pasquel. "I also can damage you."

Pasquel also talked with Luke Sewell, manager of the Browns, who said the head of the Mexican loop pleaded: "You come down here right away and bring him back." Sewell said he replied: "If you want to see me, you come up here. You say you are a busy man. I am pretty busy, too."

The telephone conversation was recorded.

Stephens said he was happy to get back to the United States.

"The top Mexican league looks too unsettled to me—too much of a gamble," he said after looking over the situation and playing two games there.

Montreal Race Track Is Sold

MONTREAL, April 8.—(CP)—Sale of Mount Royal race track to a group of Montreal businessmen was announced Saturday by Paul E. Demers, real estate broker. The former sports landmark on the outskirts of the city will be converted into industrial, business and residential areas to be ready for development purposes. Price figures were not announced.

Amateur Boxing

MONTREAL, April 8.—(CP)—Entries for the 1946 Canadian amateur boxing championships—to be held May 6-8, will be received until midnight May 4, Dennis White, supervisor of boxing of the Amateur Athletic Union of Canada, Quebec branch, announced here tonight. Competition will be held in all divisions from flyweight to heavyweight.

Grid Star Signs

PHILADELPHIA, April 8—(AP)—Steve Van Buren, one of the greatest football players in professional ranks, Sunday signed a three-year contract with Philadelphia Eagles, scotching rumors that he planned to jump to the rival All-American conference.

Seek End Embargo On Timber to U.S.

WASHINGTON, April 8.—(AP)—Two western congressmen said Saturday the state department had agreed to seek removal of Canadian export embargoes on timber to increase supplies of housing materials in this country.

Senator Mitchell and Representative Jackson, Washington state Democrats, said in a statement they received the assurance from assistant secretary of state William Clayton at a conference early in the day.

"PEACETIME CONTINUATION of (Canadian) wartime embargoes on log exports has meant that Pacific northwest mills, especially those producing plywood, had been operating on a part-time basis even though full-time production would not produce sufficient housing material," their statement said.

"We believe the state department should abandon its passive presentation of the problems and be specific in asking Canada to allow United States citizens to use, without embargo restrictions, the timber they own in Canada."

Family Slain

(Continued from Page 1)

deered me to kill my family. Now I've done everything in the book."

CASTELLINE SAID he asked Irwin whether he was crazy and the man replied: "I must be."

The chief said Irwin told him he had been confined in a Chicago mental institution some years ago.

Castelline said an early examination indicated this sequence of events:

Edith Irwin ran screaming from their home, Irwin in pursuit, carrying a garden instrument. He downed her and repeatedly struck her with the sharp blade as she lay in the yard.

John and Henry Irwin then emerged through the front door, also screaming. Irwin turned on them and slashed them with the tool. At about that time Irwin's mother came to the yard from an adjoining garden patch and he attacked her. The family dog also was dispatched in the same manner.

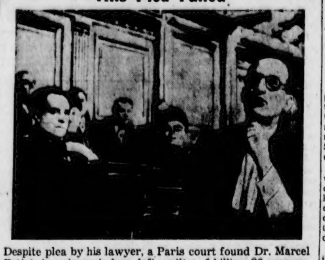

IRWIN THEN returned to the house, obtained a shotgun and a box of shells and sat on the front porch. Within a few minutes police cars arrived and he started firing. In the exchange, Irwin and Geraldine Nelson, 5, a neighbor child passing the scene, were wounded slightly.

The weapon used was a double-edged grubbing tool with a flat blade on one side and a point on the other. It had a five-foot handle.

How to Combat RHEUMATIC PAIN

Rheumatic pains may often be caused by excess uric acid, a blood impurity that should be extracted by the kidneys. If kidneys fail, and excess uric acid remains, it may cause severe discomfort and pain. Treat rheumatic pains by keeping your kidneys in good condition. Get and use Doan's Kidney Pills. Doan's help your kidneys get rid of trouble-making poisons and excess acids—help you feel better. See what Doan's can do for you. 137

This Plea Failed

Despite plea by his lawyer, a Paris court found Dr. Marcel Petiot, in prisoner's box, left, guilty of killing 26 persons, and sentenced him to death. Petiot confessed slaying 63, but contended his crimes were patriotic.

Additional Sport

Former Giants Now in Mexico

MEXICO CITY, April 8.—(AP)—Pitcher Sal Maglie and second baseman George Hausmann, who jumped New York Giants, arrived here Saturday to play in the Mexican Baseball League.

They were introduced during the Mexico City-Torreon game and received a big hand from the crowd. They joined another former Giant, Tom Gorman, and Murray Franklin, once of Detroit Tigers, in the box of league president Jorge Pasquel.

First baseman Roy Zimmerman, who left the Giants at the same time with Maglie and Hausmann, remained in Nuevo Laredo, where he was scheduled to play yesterday.

Pasquel said he understood that Mickey Owen, Brooklyn catcher, who agreed to a five-year contract to play in the Mexican loop, is en route here from Nueva Laredo.

Maglie commented: "I'm mighty glad to be here. I've thoroughly made up my mind that I want to play in the Mexican league, and I'm going to stick."

Hausmann declared he was "ready for a big season in Mexico," and that he was "certain there is a big future for the game here."

Increase Prices In Mexico City

MEXICO CITY, April 8.—(AP)—Jorge Pasquel, millionaire Mexican League president, who spends lavishly on United States major league baseball talent, said Saturday the price of admission will be boosted for all games in Mexico City.

The new scale will be from 2.75 pesos (55 cents) in the sun, to 6.50 pesos ($1.30) for choice shady seats. Previously the prices were 2.50 to six pesos.

Pasquel said the prices were necessary because of increases in expenses as the result of contracting American players.

Baseball is an all-year sport in Mexico. Many players in Pasquel's Mexican League join the winter league when the summer season ends.

The Metropolitan Winter League, which last season included Mexico City, Poza Rica, San Luis Potosi and Guadalajara, may be enlarged to an eight-club circuit next year.

Pasquel said he is considering starting a larger rival winter league.

Tulsa in Final

OMAHA, Neb., April 8.—(AP)—Tulsa defeated Omaha 4-3 in the United States Hockey League semi-final playoffs Saturday night to take the best-of-seven games 4-3.

Tulsa now meets Kansas City in the finals, tentatively scheduled to open in Tulsa Tuesday.

Putter Is Stolen At Masters' Event

AUGUSTA, April 8.—(AP)—The local papers carried a paid advertisement signed by golfer Lawson Little, the golfer, saying "please return my putter, because it's my bread and butter".

Someone lifted the putter iron, Little's prize possession, from his bag near the 17th green Friday while Little was playing out the second round of the Masters' tournament. Little was forced to use a No. 1 iron for his first putt on the 18th green, and then to get special permission to borrow a putter to hole his final stroke.

Resumes Play

STOCKHOLM, April 8—(AP)—King Gustav, known as Mr. G. among tennis players, has resumed play after a three-month layoff because of his health. Now 88, he plays regularly in the Royal Tennis hall and those who have watched the Monarch recently say he still "Hits the ball with the same precision and aureness as before."

UN Meeting

(Continued from Page 1)

and is contrary to the charter of the United Nations . . . there is no reason to leave the Iranian question before the Security Council for any further discussion."

M. Gromyko's letter to Lie promised to stir new debate when the council meets at 2 p.m. EST, tomorrow after a long week-end recess, during which Poland announced her intention to bring the Spanish question before the council.

Iranian Ambassador Hussein Ala, who pressed his case before the council in Gromyko's absence and last week agreed to postponement of further discussion until May 6, declined to comment on the new turn as he prepared to return to his duties in Washington today.

POLAND'S ANNOUNCED intention of bringing the Franco regime in Spain to the attention of the council brought immediate opposition from the United States and the British delegation while the Madrid press asserted that Russia was behind the move.

American and British delegation sources contended that unless any new evidence tended to show Franco was endangering world peace, they would not vote to interfere in Spain's domestic problems.

IRAN IS UNDECIDED ON SOVIET DEMAND

TEHRAN, April 8—(AP)—The Iranian government apparently had not reached a decision this morning as to its policy toward Soviet demands that the Iranian case be withdrawn from the United Nations Security Council.

Prince Firouz, minister of propaganda, when asked if Premier Ahmed Qavam supported the Soviet demands, said: "Action on Mr. Gromyko's request is entirely a Security Council matter."

A CABINET MEMBER said privately, however, he believed "in view of the friendly relations existing between Persia and Russia," that Qavam would agree to dropping the case from the agenda.

On the other hand the Tehran radio, which is government-operated, repeated a statement made to reporters by Qavam Sunday that the case would remain on the council's docket until May 6, the date the Russians have set for completion of their troop evacuation.

(A REUTERS NEWS agency dispatch from Tehran said Qavam had ordered troops to proceed immediately to the Caspian seacoast province of Mazanderan following reports of an attempted coup d'etat.)

It was stated here that the agreement reached April 4 between Russia and Iran calls for a joint Russian-Iranian oil company in which Russia would be the majority stockholder for the first 25 years of the 50-year term. The agreement is to be presented to the Iranian parliament for approval.

Qavam said Russia would control 51 per cent and Iran 49 per cent of the stock for the first 25 years.

TRANSLATION of his statement showed the agreement provided for 50-50 control the second 25 years. One newspaper had quoted him as saying Iran would have 51 per cent the second 25 years.

The translation also said the Azerbaijan government in that self-proclaimed autonomous province has "selected certain prominent Azerbaijan citizens to confer with the Iranian government" in Tehran on the proposed return of the province to the national fold.

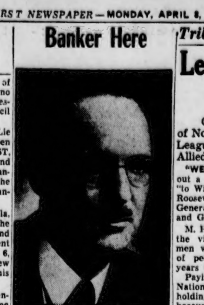

QAVAM TOLD newspaper men that elections for a new parliament would be held immediately after the Russian withdrawal.

Informed of rumors circulated here that arms and ammunition had been sent into the Caspian coastal province of Mazandaran, recently evacuated by the Russians, Cavan said:

"I have given urgent instructions to preserve order in the evacuated territories. The Persian (Iranian) army has been sent to the evacuated areas and will be sent again."

THE PREMIER said the oil agreement with Russia was not secret and that the text would be published soon. He was quoted also as saying that "All exploring expenses will be borne by the Russians," and that Iran would "retain all rights to the ground."

Banker Here

S. M. WEDD

Loans to Farmers Supported by Bank

Alberta ranks first in applications for bank loans under legislation that provides money for extended periods to farmers for machinery purchases, livestock herd improvement and building, and the chartered banks of Canada are 100 per cent behind such loans, S. M. Wedd, general manager of the Canadian Bank of Commerce, said in an interview here Monday.

MR. WEDD is travelling through the west "getting impressions" of business conditions, he said.

It is four years since he last visited Edmonton at which time he was assistant general manager of the bank. He was promoted to general manager three years ago. Head offices of the bank are in Toronto.

He is also meeting branch managers and other employees of the bank "right on the ground".

APART FROM FARM loans, which are so favorably received in Alberta, Mr. Wedd said he has had no time to carefully study the outlook here.

Possible effects of the Alberta Bill of Rights was something he would need time to study before commenting on the situation.

As for new branches in Alberta Mr. Edmonton he said that "when the situation seems to call for more branches we will have them." No additional bank facilities are planned for Edmonton in the near future.

AS TO THE THREAT of inflation, Mr. Wedd said:

"I think the government has the situation well in hand. By and large our Canadian people are gifted with a great deal of common sense.

"Any country that has to go in for a great deal of deficit financing is facing a condition of automatic inflation. Therefore as long as shortages of certain commodities exist, with ample dollar purchasing power, controls will have to be maintained over lines where there are shortages."

MR. WEDD POINTED out that large shipments of goods abroad, as is now going on, has the same effect on Canadian economy as the war shipments during the war years.

"Controls will have to be retained where shortages exist until such goods are in keeping with the dollar supply in the country," Mr. Wedd said.

Edmonton has always "struck me" as having unique potentialities for development, he added.

WITH MR. WEDD are J. McMillan, chief inspector of the bank from Toronto and R. B. MacKay, Calgary, Alberta superintendent.

The officials conferred here with James Walker, general manager of the bank in Edmonton.

Athlones Sail For Gt. Britain

NEW YORK, April 8.—(CP)—The Earl of Athlone, retiring governor - general of Canada, and Princess Alice sailed Sunday for the United Kingdom aboard the liner Queen Mary. With them on the liner were 830 civilians and 120 military personnel, largest passenger list since the war on a return voyage to Southampton.

Tribute Paid War Leaders

League of Nations Final Assembly Opens in Geneva

GENEVA, April 8.—(AP)—President Carl J. Hambro of Norway convened the opening session of the 21st and last League of Nations assembly today with a eulogy to five Allied war leaders.

"WE CANNOT MEET here without a word of gratitude," he said, "to Winston Churchill, Franklin D. Roosevelt, Prime Minister Stalin, Generalissimo Chiang Kai-shek and General de Gaulle.

M. Hambro declared that "it was the vision and victory of these men which shall protect the life of peace loving nations in the years to come."

Paying tribute to the United Nations, he said the league was holding its last meeting "in hope because we have already seen the better idea embodied which has sprung from the seeds of our endeavors."

"WE MEET not to terminate what activities are carried out from this centre, but to transfuse into a new body all the enduring assets, moral and material, the accumulated imponderable experience of 25 years."

The session opened today in a half-empty council room with a reminder from M. Hambro that its sole task was to dissolve and transfer its assets to the United Nations.

"THE LEAGUE has no longer any questions for political discussion and no issues of national prestige," said Mr. Hambro, who was re-elected president of the assembly by a unanimous raised-hand vote of delegates from the 35 nations represented.

GENEVA, April 8—(Reuters)—The Austrian government has given the league of nations a problem in its last days by applying for the admission of its delegates to the final session of the assembly which opened in Geneva today.

AUSTRIA STILL is nominally a sented since Germany marched into the country in 1938. No invitation was sent to her for the present session.

It was expected that the assembly would be asked to decide whether Austria had a right to admission. member, but had not been repre-

Jap Demands

(Continued from Page 1)

thereby toward the establishment of a democratic diet."

The remote island village of Okino Shima meanwhile set a surprising pace by sending 86.2 per cent of its normally apathetic voters to the polls. The village voted two days early because of poor communications; its ballots will be counted on Shikoku island Wednesday, Japan's designated election day.

JAPANESE POLITICAL experts in Tokyo had estimated that no more than 60 per cent of eligible Japanese would bother to vote. They also speculated that Ichiro Hatoyama, president of Liberal (conservative) party, might be disqualified because of a book he wrote in 1936 praising Hitler and Mussolini. He had been mentioned as next premier—or as the dominant voice in naming one.

Liberal are accorded the best chance of winning the largest bloc of diet seats, although a majority for any party is doubtful.

There are 2,803 candidates for 466 diet seats—among them 89 women. Liberals are conceded up to 150 seats, with the Progressives (also conservative) and the middle-ground Social Democrats bunched closely behind. Communists are conceded by most observers only a dozen seats.

American and British military teams will observe Wednesday's elections.

BUILDING TRADES RELEASE INDUSTRIAL BRAKES

Think, for a moment, of the industries and trades—the people and products—affected by home building. Architects, contractors and builders . . . carpenters and bricklayers . . . painters and plasterers. Think, too, of the lighting and heating required—the home furnishings. Post-war building in Canada will, indeed, release many of the industrial brakes that had to be applied in war.

According to a recent survey, 554,000 Canadian families are planning home improvements . . . 584,000 families plan to move . . . builders and buyers plan an estimated investment of no less than $1,750 millions.

For more than 90 years, the Bank of Toronto has extended credit to large and small construction firms . . . supplying needed financial assistance to overcome financial obstacles that often confront builders and contractors. We cordially invite you to bring your credit needs to us.

By HARPER PROWSE, M.L.A.

JUST to make it nice and easy for returned men to furnish the homes they can't get, the government has now taken the price ceiling off bedding and furniture. Not only has the price ceiling been taken off, but price raises of 16 to 25 per cent have been authorized. Somebody will undoubtedly thank the government for this—but there aren't any loud cheers being raised by the returned men.

RETURNED MEN aren't, of course, the only persons in Canada who will be hit, and hit hard, by this new order. But, as a group, returned men are practically all faced at the present time with the problem of furnishing homes. If homes had been available when they arrived back many of them would have had them furnished by now. But due to the fact that nomes were not available, more than half of the veterans who wanted to start homes of their own have had to struggle along in makeshift fashion with relatives, or wherever they

Emphasizes Need Of Co-Operation

The importance of co-operation between community leagues and the city recreation commission in carrying out a planned recreation program under trained supervisors was stressed by Mickey Maguire of the city recreation commission, when addressing members of the North Edmonton Community League at the last of their regular monthly meetings held last Wednesday.

Fifty-four younsters in the district participated in hockey teams it was reported by C. W. McNicoll, coach of the hockey club. Johnny Armstrong was appointed as head of the sports committee.

It was decided to hold a special meeting on Wednesday, April 17, to elect members to fill vacancies on the committees, and to further the plans for a sports day to be held on the community grounds on May 24.

The league president, O. Byers, was chairman.

Home, School Group Meets Wednesday

A guest speaker, election of officers, entertainment and refreshments will be featured at the meeting of the Garneau Home and School Association in the Garneau school assembly hall on Wednesday, April 10 at 7:30 p.m.

The speaker, G. M. Dunlop, associate professor of education, school of education, University of Alberta, will speak on "Fears in Your Children."

During the evening an election of officers for the 1946-47 term will me held.

Entertainment will be supplied by Miss Florence McBeth, gold medal vocalist, accompanied by Mrs. Joyce Lees Moore, and Miss Ingrid Grant, gold medalist in elocution from Mrs. Holtsman's school of elocution. The evening will conclude with refreshments being served.

Cancel Proposed U of A Chorus Tour

A proposed concert tour of the University of Alberta mixed chorus following final examinations has been cancelled. It was found that the proposed tour conflicted with summer job arrangements being made by many of the 130 members. Also several students will not have completed their examinations until May 4, leaving only a short time for such a trip which would of necessity have to be completed before convocation exercises on May 15. It is expected that the chorus, under the direction of Gordon F. Clark, will continue activities with the fall session.

Business Men Plan Tuesday Meeting

The April dinner meeting of the South Edmonton Business Men's Association will be held in the Knox church basement Tuesday at 6:30 p.m. Speaker will be C. H. Hatch, and the subject "Electronics."

Red Deer Balks At Assessment

Although the provincial government announced that new municipal assessment in rural districts was designed to put all lands in the province on an equal assessment standard, ratepayers of the municipal district of Red Deer voiced a protest against the new assessment at a meeting in the Innisfail Armory Saturday.

THEY CLAIMED that the increase in the assessment varied in their district from 10 to 100 per cent for an over-all increase of 30 per cent.

The meeting felt that the assessment was designed to increase the amount of social service tax which is collected by the provincial government, and suggested in a resolution that the government should reduce its rate of taxation from the present three mills to the point where it would be receiving the same revenue as before from the district.

THE RATEPAYERS also felt that the government should increase the school grants to rural districts and should return a share of the gas tax collected in each district to those who lived in the area, so that the amounts thus returned could be expended on the roads in the district.

The ratepayers formed an association which will be charged with the responsibility of carrying their requests to the government. President of the new group is W. J. Edgar of Innisfail, while S. Sievertt of Penhold will act as secretary. Other members of the executive are: E. Stevenson, Penhold; V. Parsonage, Innisfail; A. Hoar, Kneehill Valley; and E. Morrisroe, Penhold.

LARGE NUMBERS of appeals against the new assessments are to be made, it was learned.

The Inquiring Reporter

THE QUESTION

Traffic laws require vehicles to keep to the right. What is your opinion of the conduct of pedestrians on the city's sidewalks?

THE ANSWERS

IVOR JOHNS, war veteran: We had enough dictation in the army as to how to walk. Now I like to ramble all over the place and I delight in keeping out of step with other people. The stores have such elegant window displays these days and there are so many mirrors in them that people can't be expected to keep their mind on where they're going. Besides, a few bumps here and there often makes new acquaintances.

JOHN D. STAFFORD, agency chief: I have some unmentionably strong views on this subject, but I'll make them printable let me say that Edmonton crowds are the most disorderly and disorganized I've seen in any city. This is especially true immediately after the hours of 6:15 and 9:45 p.m. The crowds weave and zig-zag all over the sidewalk, and for one who believes in orderly walking I am usually at a loss to guess correctly just which way an approaching individual or crowd is going to zig or zag. I am seriously in favor of a by-law compelling every person to keep to the right and to avoid crowding at corners.

WILLIAM HAWKINS, retired farmer: As an old veteran campaigner I have never fallen back into the carelessness shown by most civilians who appear never to have learned to walk properly. If people would allow me ample there would be no pedestrian annoyance.

Edmonton Woman Dies in Hospital

Resident of Edmonton for the last 16 years, Mrs. Gertrude Maureen Poss, wife of E. H. Poss, 10737 81 avenue, auditor at the University Hospital, died in an Edmonton hospital early Saturday. She was a native of Toronto, Ont.

Surviving, besides her husband, are three daughters, Alice, Peggy and Marion, all at home; her mother, Mrs. W. C. McCallum of New Westminster, B.C., and two brothers, R. L. Shaw of Lloydminster and John C. Shaw of Edmonton.

A funeral service will be conducted at 2 p.m. Tuesday from Halmstok's funeral chapel by the Rev. A. R. Schrag. Burial will be in Edmonton cemetery.

Five City Utilities Increase Revenue

Gross revenue from the five city owned utilities for the first two months of 1946 totalled $1,388,356.95 compared with $1,345,115.53 for the same period last year, an increase of $43,241.42, according to A. A. Campbell, city comptroller.

EXPENDITURES during the 1946 period totalled $754,458.21 compared with $740,783.35 for the two months of 1945, an increase of $13,672.96. The surplus on operation during the 1946 period was $633,898.74 against $604,330.28 in the first two months of 1945.

A total of $207,645 was paid to the city treasury in taxes and net surpluses during the two months of 1946 compared with $206,854.23 in the 1945 period.

Payments made into renewal reserve accounts during the first two months of this year totalled $322,-739.45 compared with $303,406.21 in the same period of 1945, an increase of $19,333.24.

During the two-month period of 1946 the electric light department showed a net surplus of $7,000; the power plant, $28,328; the telephone system, $22,700; waterworks, $5,140 and the street railway system, $608.84 for a total of $63,977.

Tidal Wave Death Toll Reaches 115

HONOLULU, April 8.—(AP)—The Hawaiian islands' tidal wave death toll climbed to 115 last night as the sea yielded six more bodies. more than 50 persons still are missing as a result of last Monday's disaster. Five of the bodies were found at Hilo, bringing the island of Hawaii's toll of dead to 83. The other was found on Manui. Some of the bodies were badly decomposed that identification was feared impossible.

Plan Meeting

Regular monthly meeting of the Air Force Mothers' Auxiliary will be held in the clubrooms, 102 avenue, at 2 p.m. Wednesday.

60,000 Insurance Books Renewed

More than 60,000 unemployment insurance books have been renewed for the coming year at selective service headquarters in Edmonton during the last week. About 200 men and women are engaged in the work, which is expected to be completed by the end of this week, according to W. G. Paterson, assistant manager of the office.

Ministers to Name Parley Delegates

Cabinet ministers of the provincial government, at a council meeting scheduled for Tuesday morning, will decide which of them will make up the delegation to accompany Premier Ernest Manning to the next session of the Dominion-provincial conference to be held in Ottawa on April 25, Mr. Manning announced Monday.

SINCE IT IS expected that some of the discussion to be held by the conference, or in some of its committees, will be concerned with the Trans-Canada highway, Hon. W. A. Fallow, minister of public works is expected to be among the cabinet representing Alberta, the premier said.

No new brief is to be presented on behalf of the province, Mr. Manning said, but officials of the provincial government have been gathering material since the conference last adjourned, to strengthen the province's contentions.

Presentation Made For War Kindness

Mrs. Helen Hancock, formerly of Montreal, now living overseas, was presented with a silver cigarette case by Wing Cmdr. Russell Hannock, DSO, DFC and Bar, of Edmonton, on behalf of the City of Edmonton RCAF squadron, according to information received in Edmonton. The presentation was made in recognition of Mrs. Hancock's kindness during the war to all RCAF officers overseas. Her home in London, known as "The Canadian Air Officers' Leave Club," recently closed its doors.

Blind Resolution Draws Complaint

Pensions and other improvements for the blind of Alberta were requested in a recent resolution endorsed at a recent sitting of the Alberta legislature. It appears from information received by The Edmonton Bulletin from a number of Alberta blind persons that not all are satisfied that the resolution is sufficiently broad in scope.

A SPOKESMAN claims that most of those who attended the meeting which passed the resolutions along to the Legislature, were not only in receipt of the blind pension, but were also making money in business of one sort or another. Most of the blind, however, the letter contends, are forced to live on the pension alone, and it goes on to accuse those who are content with the requests of the six-point resolutions of being "scabs."

The complaint is voiced by the spokesman that the $10 a month requested for a human guide service is not enough. Since the resolution, which made the six-point request, originated in Toronto, the writers of the letter complain that there is no reason why the blind of Alberta should accept dictation from Toronto, when they and their human guides have to pay Alberta prices.

THE SPOKESMAN showed a letter which was produced at a recent meeting of the blind in Edmonton, in which the same complaints are voiced. Blind leaders of the country were alleged to be afraid of losing their good jobs at the head of the country's organization should be blind be paid an adequate pension.

Synthetic Tires Prove Superior

Man-made, or so called synthetic rubber, is producing a better tire right now than was made in pre-war times from the natural rubber, Roy A. Gunther, field sales manager of the B. F. Goodrich Co., of Canada Ltd., Kitchener, Ont., told newspapermen at the Macdonald hotel Monday.

MR. GUNTHER is on a coast-to-coast tour visiting Goodrich dealers and distributors.

Fred Waldoh is the Edmonton representative of the company and Marshall-Wells of Alberta Ltd., the north Alberta distributors of the Goodrich products.

A. A. Frew, district manager for the company in B.C., is with Mr. Gunther.

A SALES MEETING has just been completed in Calgary, Mr. Gunthier said.

Mr. Gunthier had good news for Canadian motorists in the assurance that the Polymer plant at Sarnia, the federal angency which manufactures all man-made rubber for the Dominion, will be able to produce sufficient material to meet all tire demands this present year.

Great improvements have been made in man-made rubber products since the first tire of this kind was demonstrated by the Goodrich company in June of 1940, Mr. Gunther said.

ONLY ABOUT THREE per cent of natural rubber now goes into tires being produced under the new process.

Recent tests on the Pennsylvania highway prove the new tire superior to the natural product.

One of the great advantages of the synthetic rubber will undoubtedly be permanent price stabilization, Mr. Gunther said.

IN PRE-WAR DAYS there were fluctuations in price of raw rubber, ranging all the way from three cents to three dollars per pound.

The price of man-made material for tires now is about 22 cents per pound and will likely soon be down to 15 cents per pound.

Canada has a distinct advantage in her development of butyl, the rubber made from an alcohol base, which is superior for inner tubes.

IN THE U.S.A. petroleum is used largely as the base material.

Where the product comes in contact with oils and greases the man-made product is greatly superior to natural rubber.

Visits City

ROY A. GUNTHER

Finest Alberta Cattle Will Compete For Cash Prizes

School Festival Is Held at Eastwood

Music, choral speaking and folk dancing were the highlights of the Public School Festival held in the Eastwood school gymnasium on Friday morning. Approximately 650 elementary pupils of Eastwood, North Delton, Highlands and Parkdale schools took part in the varied program.

CHAIRMAN WAS A. G. Bayly elementary supervisor. Miss B. Taylor took over the duties of zone convener.

Teachers in charge of various groups contributing to the program were: Miss J. Elliot, Miss H. Kennedy, Miss E. Hawken, Mrs. M. Henderson, Mrs. L. Cook, Miss B. Taylor, Miss E. Waitti and G. Turrill, all of Parkdale; Miss E. Whitby of Highlands; Miss H. Ross, Mrs. E. Wotherspoon, M. Brimacombe, all of Eastwood, and Miss M. Watts and Miss A. Buckles of North Delton.

Among the many interesting items on the morning's program were an Indian war dance by the grade three and four pupils, under guidance of Miss H. Ross of Eastwood, and a convincing choral speech imitation of a freight train by the North Delton's grade two pupils directed by Miss M. Watts.

ON FRIDAY afternoon the Oliver and Jasper Place intermediate pupils held their festival in the Oliver school assembly hall.

A physical education display was given by the girls of Oliver school under the direction of Miss E. Mathews. Two numbers, The Song of the Gondolier and Wandering were rendered by Jasper Place pupils under the baton of Miss Norma Dryadale.

Miss E. Mathews instructed the school in two folk dances, while the grade eight pupils of Oliver school under the direction of Miss C. MacMillan presented two musical numbers.

TO CONCLUDE the program, the grade nine girls of Oliver participated in two dance numbers led by Miss A. Michael.

A. G. Bayly acted as chairman and A. V. Cameron was zone convener.

Road Ahead

(Continued from Page Nine)

ould find some kind-hearted person who would take them in. The result is that they, more than any other group, are in, or are going to be in, the market for bedding and furniture.

PROBABLY MR. GORDON has some good and sufficient explanation for this unexpected action. I hope it is a good one—one which will stand up. Possibly the answer is that the material used for ordinary products, such as are needed by so many Canadian families, were being diverted into luxury goods of various kinds which permitted higher profits.

Whatever the reason, it is easy to see who is going to pay the shot. Mattresses up 16 to 25 percent, pillows and comforters up 25 percent, studio lounges up 20 percent. That looks to me like a list of the things that John Q. Public in the lower wage bracket, and the returned men generally, need. Or at least, things they will need as soon as there are homes available for them to live in.

Perhaps I have a funny slant on these things. But it seems to me that John Q. Public in the lower wage brackets and the returned men generally deserve a better deal than that. And just off-hand it seems to me that there are easier and better and more acceptable ways of seeing that materials aren't diverted to other more profitable lines of production.

I DON'T THINK nearly as many people would have been hurt if Mr. Gordon had just put down his large foot and prohibited the production of the more profitable, luxury lines. No doubt this might have given rise to black market operations. But there are ways of handling this, too.

For example, Mr. Gordon, out of the goodness of his large heart, has granted an eight percent rise in the mill price of lumber. The reason given for this is that it will stop black marketeering in lumber. The reasoning here is interesting.

WITH SO MANY people needing so many things at the present time I don't think it is an exaggeration to say that a national emergency exists in the supply situation. (I will not soon forget the things which happened during the emergency known as World War II.) I find it hard to understand the kind of logic that permits Mr. Gordon to penalize the public at large in order to put a stop to the machinations of a few black marketeers.

To my mind a black marketeer is a criminal of the worst type. He preys on the misfortunes of his fellow men in order to greedily increase his own income—and most of that income is concealed from the income tax authorities and is therefore tax-free.

IT SEEMS TO ME that ten-year penitentiary terms instead of chicken-feed fines would prove to be a most effective way of stopping black market operations. In fact I would go so far as to suggest that society would be better off without those kind of people in it—but then it seems that in some ways we are terribly, terribly civilized today.

But perhaps I have been hasty in my judgement. Perhaps Mr. Gordon had a good and sufficient reason. If he has, then I'll be most happy to apologize for this—if I like his reason.

MARRIED OVERSEAS

Annual Spring Livestock Show to Open on Tuesday

The finest cattle in Northern Alberta will compete against the stiffest kind of opposition from all parts of the province and from many points outside Alberta for the greatly increased prize money offered by the Edmonton Exhibition Association in all classes at the annual spring livestock show opening Tuesday.

Active Part

Lee S. Williams, past president of the Edmonton Exhibition Association, and well known thoroughbred livestock breeder, who is taking an active part in the staging of the spring fat stock and annual sale of pure bred bulls.

CHARLES E. WILSON, managing director of the association, stated that entries both in numbers and quality, were well ahead of last year. He added that a feature of this year's show is the number of new exhibitors entering animals.

Judging in the show will get underway on Tuesday morning when the children's judging competitions will be staged. These competitions are amongst the most interesting in the annual event, and are supervised by Fred N. Miller, supervisor of boys' and girls' clubs for the province of Alberta.

TUESDAY AFTERNOON the children's calf-feeding competitions, both in the beef and dairy classes, will get under way. Entries this year are considerably larger than last year, and contain the names of a considerable number of new exhibitors.

Lawrence Kallal, Tofield, who took the championship of the show last year with his Hereford steer, beating out all comers, is in the field again this year seeking a repetition of his 1945 successes.

The judges in the beef classes in this competition are Jos. Roper, Lacombe, in the Shorthorn class; W. J. Edgar, Innisfail, in the Hereford class, and William Gibb, Killam, in the Aberdeen-Angus class.

S. G. CARLYLE, Edmonton, and Prof. J. P. Sackville, University of Alberta, are the judges in the dairy calf feeding class, and also in the dairy breeds.

More than 400 head of fat cattle and calves will be shown on the first day of the Edmonton Spring Show, April 9 to 11. Second day will feature the auction of 59 registered breed sows and the fat stock, third day the bulls and registered female cattle.

CHILDREN'S JUDGING competitions will be staged on Tuesday morning during which time the fat stock will be judged. Entered for the commercial cattle show are 42 head of fat beeves, 11 pens of light beef and nine of heavy steers. There will be eight carlots of cattle under 1,100 pounds and six cars of fat stock over 1,100 pounds. Beef and dairy calves fed by boys and girls to the number of 58 will be judged Tuesday afternoon, followed by the beef cattle championship.

On Wednesday, April 10, sale of purebred sows will be held during the forenoon, auction of fat cattle and beef calves during the afternoon.

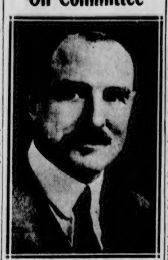

ON APRIL 11 THE SHOW of purebred bulls will be judged in the forenoon. As usual Shorthorns lead with 79, but Herefords have climbed in numbers to 59 and Aberdeen Angus to 32. One Red Polled bull is entered. The auction will be at 1:30 p.m.

Town Hall Home To Family of Six

BROCKVILLE, Ont., April 8.—(CP)—Thanks to intervention of Mayor N. S. Cuthbertson a family of six have found temporary living quarters in a room of the town hall. Charles Rusland, his wife and four sons had been evicted from their home last week and were living in a tent until the mayor found room for them. How long they will be able to remain at the town hall is doubtful.

If you ate like a bird, you'd eat approximately your own weight in food every day.

On Committee

Angus McDonell, St. Albert, pioneer Shorthorn cattle breeder, and director of the Edmonton Exhibition Association, who is one of the committee of management of the purebred bull sale which is expected to be the finest ever staged by the association.

Leading Judges Will Officiate

Outstanding authorities on Alberta's cattle industry will be the judges at the annual spring livestock show sponsored by the Edmonton Exhibition Association which starts on Tuesday next and will continue through to Thursday.

A. E. Colbert, Edmonton, will judge the commercial livestock classes, and Jos. Roper, Lacombe, the Shorthorn breeds. The Hereford breed classes will be judged by W. J. Edgar, Innisfail, and the Aberdeen-Angus classes by William Gibb, Killam. The dairy calves will be judged by S. G. Carlyle, Edmonton, and Prof. J. P. Sackville, University of Alberta, and the purebred sow classes by George R. Ball, veteran Edmonton livestock man.

"Come, now, Arthur, didn't your conscience tell you it was wrong to help yourself to these tarts?"

"Well, it did, but it didn't sound convincing, Mummie."

Vice-President

R. V. Price, vice-president of the Edmonton Exhibition Association and prominent Edmonton business man, who predicts the spring show will be the best in history.

Hog bristles were used as springs in watches of early times.

Pioneer Ribstone Resident Is Dead

Pioneer resident of the Ribstone district, Mrs. Elizabeth Emma Wilde, 80 years old, of 10202 156 street, died in Edmonton Sunday. She was a native of Ontario.

Mrs. Wilde moved to the Ribstone district with her husband, who died in 1942, prior to the coming of the railway in 1902, and lived there until seven years ago when she moved to Edmonton.

SHE IS SURVIVED by three sons, Norman and Earl of Ribstone and Arthur of Hamilton, Ont.; one daughter, Mrs. Wilma Dallyn of Edmonton; and 14 grandchildren.

A funeral service will be conducted at 2 p.m. Thursday at the Church of the Latter Day Saints, Ribstone. Burial will be in the Ribstone cemetery.

Hainstock and Sons Ltd., funeral home is in charge of arrangements.

Club Roosevelt Robbed of $165

About $165 was stolen from the Club Roosevelt, Jasper avenue east, when it was broken into sometime Sunday. Entry was gained by forcing open the rear door of the premises. Bob Lyons, proprietor of the club, reported that the cash register in the coffee shop had been "jimmied open" and $25 obtained. The burglar also forced open the door to the manager's office and made off with $140 after ransacking the office files. Theft occurred between 2 a.m. and 10 p.m. Sunday.

Loses Money

Loss of $99 has been reported to city police by Mrs. M. Wells of Rochester, who said that the money was lost while she was shopping in Edmonton Saturday.

LIMITED

Back up your hopes and your luck. Make sure of quick and steady gains. Raise your calves on Burns' "VIGOR" Calf Meal. It's a complete milk substitute that will economicaly develop those spindly-legged critters into sound, healthy stock and heavy milk producers.

Less than 200 pounds will feed a calf properly to six months of age.

SOLD BY LEADING FEED DEALERS

High Quality Livestock Will Be Auctioned at Sale

Widely-Known Breeders Plan To Send Best Animals Here

When Don Ball, Edmonton, and J. W. Durno, Calgary, mount the rostrum at the annual purebred bull sale at the Edmonton Exhibition Association's spring livestock show they will have for sale the finest aggregation of livestock ever passed through a sale ring in the history of the Edmonton Exhibition Association's long history.

AMONG THE BREEDERS sending stock to the sale are some of the province's most noted livestock producers. In the Hereford classes entries have been received from Walter C. Bissell, Viking, who staged one of the most successful private sales in the history of the province last summer.

Also exhibiting in this breed is W. A. Crawford-Frost, Nanton, one of the leading Hereford breeders in Southern Alberta; Charles Kallal, Tofield, who has been a consistent winner of major ribbons at the Edmonton show for a number of years, and Paul Gabriel, Erskine, also well known for his successes here and at other shows on the western circuit.

In the Aberdeen-Angus class such stalwarts among prairie breeders as Thomas Henderson, Lacombe, who won many major prizes at the recent show in Calgary; Roy Ballhorn, Wetaskiwin, A. J. L. Lappenbush, Tofield, and Walter Elliott, Morinville, have entered large consignments.

THE SHORTHORN classes have brought out an exceptionally strong entry list with many exhibitors from outside the province showing. Angus McDonell, St. Albert, a pioneer breeder in this class is expected to have stiff competition from his son John when the animals are lined up before the judges. O. A. Willoughby, Lloydminster, has entered several animals in this breed, and another exhibitor from that district, F. H. Dunstan, is seeking major awards in several groups in the class.

Entries in the registered bred sow classes are much heavier than last year, and as in other classes exhibitors from outside the province are seeking major awards against the best of Alberta's stock.

THE ANNUAL SALE of purebred sows will take place on Wednesday morning, April 10, and the finished cattle auction sale on Wednesday afternoon.

Thursday at 9:30 a.m. the judging of purebred bulls for sale will start with the auction scheduled for the same afternoon at 1:30 p.m.

Confident

Charles E. Wilson, managing director, Edmonton Exhibition Association, who stated Tuesday that the entries for this year's spring show and purebred bull sale are the largest in history. He said also that the quality of the stock on exhibition is well ahead of recent years, and reflects the appreciation of livestock producers in Northern Alberta of the materially increased prize money offered by the association in the different classes.

Say British Loan Prospects Better

WASHINGTON, April 8.—(AP)—Prospects for senate approval of the $3,750,000,000 British loan took a sharp upturn Sunday with a report from Senator Kenneth Wherry of Nebraska, the minority whip, that "about half" of the Republicans are expected to vote for it.

Commissioner

A. A. Campbell, Alberta livestock commissioner, who is taking an active part in the staging of the annual spring livestock show and pure bred bull sale sponsored by the Edmonton Exhibition Association. Mr. Campbell's interest in the show is a reflection of the splendid co-operation the association is receiving from the provincial department of agriculture.

Opens Tuesday
Cattle Show Program

PROGRAM OF JUDGING
TUESDAY MORNING, APRIL 9

Children's Judging Competitions
Classes 5 and 6

(Supervised by Fred N. Miller, supervision of Boys' and Girls' Clubs for the Province of Alberta).

AID FUR INDUSTRY

WINDHOEK, South-West Africa. —(CP)—A ban on the export of live caracuis has been placed by the government to protect the lamb fur industry. A new type of pure white caracul sheep is being bred.

President

E. I. Clarke, president, of the Edmonton Exhibition Association, who has been active in the association's affairs for more than 30 years. He is a breeder of Belgian horses, and Aberdeen Angus cattle. He farms at Namao, and is also prominent in the city's business circles.

Sheriff Facing Eviction Order

VANCOUVER, April 8.—(CP)—Sheriff S. F. M. Moodie has an eviction job to do—he has to evict Sheriff S. F. M. Moodie.

The sheriff is a permanent guest at a hotel here which recently gave notice to all permanent guests that they must leave by May 31 to make room for summer transients.

Tot Dies in Fire While Mother Out

PORTAGE LA PRAIRIE, Man., April 8.—(CP)—Diana Lavalee, 13 months, daughter of Mr. and Mrs. Clifford Lavalee, burned to death Saturday when fire destroyed their home at St. Ambroise, 25 miles northeast of here, while Mrs. Lavalee was shopping.

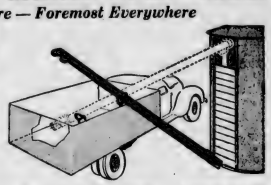

An overheated stove was blamed.

Sues For $15,000 After Bump on Head

LOS ANGELES, April 8.—(AP)—It was a double-barrelled accident that befell Countess Dorothea de Gambert and her escort, scenarist Peter de Tropea, they alleged as they filed suit for damages against Preston Sturges, screen writer-producer and cafe proprietor. First, the Countess alleged, she tripped on a frayed carpet in Sturges' cafe. Then, when Topea stooped over to pick her up they both were banged on the skull by a swinging door, they claimed. The countess wants $15,060 and Tropea $5,000.

DOROTHY DIX SAYS—

Husband Inconsiderate Of One Who Pays Bills

Girl of 21 Has Been Married a Year to a Fellow a Year Younger Than Herself; She Never Takes His Pay Cheque and Pays Nearly All Their Expenses

Dear Dorothy Dix: I am 21 years of age. Have been married a year to a fellow who is a year younger than I am. I find that my husband isn't the romantic type. Nothing like before we were married. He pays me no attention and never talks about anything except money. I never take his pay check. I work full time and pay for all the groceries, the paper, and laundry bills and insurance policies. He never pays anything.

I am very fond of clothes, but I have never been able to buy any since I have been married as I have to take care of the household bills. When we have our little disputes I always give in to him, but it does not seem to please him.

Will you please give me some advice about how to handle him.

WORRIED WIFE.

Answer: Well, my first piece of advice to you is to quit babying him. What's the matter with him is that you are spoiling him to death. You have assumed all the responsibility of supporting the family and he is letting you do it.

Believe me, daughter, every wife writes her own price tag. Her husband treats her the way she demands to be treated. If she makes a doormat of herself, he walks over her and kicks her around. If she slaves in the kitchen after a hard day's work at the office, he will growl over the food and complain because it isn't more elaborate. If she stays at home and scrubs and cleans at night while he steps out to some place of amusement, he will never think of taking her even to the movies.

BUT, ON THE other hand, if she makes him pay his part of the household expenses, he will do it. If she dresses herself up and looks pretty, he will be proud of her, and he will like to take her stepping. In a word, if she makes herself his equal, he will treat her as an equal instead of a household drudge.

The fact that your husband is younger than you are is all the more reason for your asserting yourself. You have to educate a boy husband. You have to teach him to assume responsibility by throwing the responsibility on him. He won't do it of his own accord.

Dear Miss Dix: I am a girl of 18. Will graduate from high school within a few months. I have been tempted to quit school, for what is the good of an education when one is in my position? My trouble is that I have two sisters, both older than I, and both have had illegitimate children. There is not a day that someone doesn't throw their disgrace in my face. Just recently the boy I love told me that if his mother knew about my sisters she would not let him go with me.

I have kept my name clean and I am going to continue to do so, but I feel that if I lose this boy nothing else matters.

WOULD IT help me to quit school and go far away where no one knows me and start out for myself?

M.E.L.

Answer: Don't quit school before you graduate. Your millions will be your best help in getting a job. Your letter is so intelligently written that I am sure you have a good mind and the ability to succeed if you will just put your mind on that and stop thinking about your misfortunes.

If you have the money and know any place to go away from your home town, I think it will be very wise for you to do so. As long as you live where you are known your sister's reputations will be a drawback to you, and people will thrash over old scandals. But strangers will not be interested in the old gossip, and will forget what they do hear.

HAVEN'T YOU made friends with some one of your teachers, or perhaps the pastor of your church, or some business man who would be interested in trying to get you a job in some other town?

ANXIOUS.

Dear Miss Dix: I am to be married soon and must live with my folks. My mother is a very sweet and lovely character, but she has personal habits which are very disgusting and she is not neat about her person and her cooking. Now my intended wife is a very refined girl and very particular about her surroundings and she would not tolerate mother's ways. They are also very trying to me. Otherwise I can see no fault in my mother.

What must I do?

ANXIOUS.

Answer: It will be folly, and worse, for you to bring your bride to live with a mother who has such slovenly habits. The result would be bound to be quarrels between you and your wife, unhappiness all around, and your marriage would probably end in divorce. Wait until you can provide your wife with a separate home.

Bulletin Patterns

By ANNE ADAMS

It's all done with drawstrings: at waist, neckline and sleeves! Pattern 4751 has buttons, no placket; no shoulder, armhole or waist seams! What could be simpler to sew?

Pattern 4751 comes in girls' sizes 6, 8, 10, 12, 14. Size 10 takes 2¼ yards 35-inch material.

Send 20c in coins (stamps cannot be accepted) for this pattern. Print plainly size, name, address, style number.

Send your order to The Edmonton Bulletin, Pattern Dept., 60 Front Street W., Toronto 1-A, Ont. Please allow a week or ten days for delivery.

Minute Make-Ups

Massage the hands every night for one minute, using your favorite hand cream. Then draw on a pair of loose cotton gloves. Your hands will look so pretty in the morning that you won't mind sleeping with the gloves!

Sell Mink Shirts

NEW YORK, April 8.—(AP)—Now it's mink shirts.

A men's store Saturday advertised shirts made of five per cent mink, 20 per cent muskrat and the rest virgin wool—at $14.50 each.

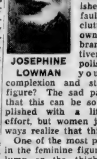

By JOSEPHINE LOWMAN—

Why Grow Old?

Actress Suzi Crandall shows you what a comfortable and easy exercise is the one Josephine Lowman recommends today for keeping the thighs in line.

THIS IS THE SEASON when women are engaged in spring cleaning and reconditioning of the house and yard. Curtains are being cleaned, floors are being waxed, new flowers are being planted, the lawn is being fertilized and the woodwork and windows are being washed. It is also a fine time for personal reconditioning. Everything is looking up and all the world is breaking into new beauty. Why not you?

JOSEPHINE LOWMAN

Why not throw into the discard some of the blemishes and figure faults which are cluttering up your own particular brand of attractiveness? Why not polish up your hair and complexion and streamline your figure? The sad part of it all is that this can be so easily accomplished with a little persistent effort, but women just do not always realize that this is true.

One of the most prevalent faults in the feminine figure world is the lump on the thigh. This comes from sedentary living and much sitting. It is a question of muscle slump as well as of accumulation of fatty deposits. Even women who are thin often have this trouble. As a matter of fact, almost all women from 30 on can see the first incipient signs of this approaching figure fault.

TODAY'S EXERCISE is a splendid aid in overcoming large thighs. Lie on your back with your legs straight and your arms on the floor at your sides. Swing your left leg out to the left side as far as comfortable. Swing it back. Continue swinging out and back with the left leg. The swing comes from the hip and the heel should be kept close to the floor. Do the same thing with the right leg, swing out to the right.

If you wish to have my exercise booklet reducing the thighs send a stamped, self-addressed envelope with this request for leaflet No. 4 to Josephine Lowman in care of this newspaper.

McCoy Health Service

THE USE OF HERBS

One of the herbs very frequently used is SAVORY. Both summer and winter savory have made for themselves a place in cookery, being prized because of the aromatic, spicy flavor imparted by the use of the leaves. Both the leaves and the flowering tops are put into stuffings and dressings, while the leaves are employed in sausages, or as a garnish, in salads, or boiled with peas. In Germany, savory is added when cooking broadbeans and may also be added to string beans.

THYME. Thyme is one of the herbs most popular with those using any herbs at all and is added to soups, to sauces for meat and fish, and to the stuffing prepared for goose. Among the Greeks, thyme was thought to inspire courage and the smell of it was held to make one energetic and brave.

MARJORAM. Of all the herbs grown in the garden sweet marjoram has the sweetest scent. In many parts of the world it is thought to aid the digestion and among the Germans, marjoram is used to season sausages, while in Italy a spinach fritter is flavored with it. It is also employed in salads and in the dressing for roast chicken. The dried and powdered leaves may be lightly sprinkled over roast pork to give an excellent flavor. Small amounts of marjoram may also be used with white fish.

MINT. Mint is one of the herbs which is used quite often and many of you are familiar with its flavor from eating the mint sauce served with lamb. The ancients had many stories about mint and Pliny recommends that you wear a crown of mint while studying, for he believes that it "exhilarates the mind". Ancient writings contain many references to mint: for example, the Pharisees had to pay tithes of mint, anise and cumin. All of the very early Irish plants mention mint and it was probably growing in the gardens of America in 1739. The fresh green leaves are sometimes sprinkled over cooked carrots, or a sprig of fresh mint may be added to cooked green peas. The oil extracted from mint is one of the common flavorings of chewing gum, and of course the mint juleps of the South have become celebrated.

In using the various herbs in cooking the chief rule to keep in mind is to use them sparingly. The flavor desired should be just barely suggested as though you were whispering it, but should not be shouted. You will have to do a little experimenting to find the amount which provides just exactly the right flavor to suit your taste.

If you will go to a grocery store, you will find many of the herbs I have mentioned waiting for you, packaged in small tin containers. I suggest that you purchase a few of them and start experimenting. Certainly, you will be able to impart a new and different flavor to even the most ordinary foods through the judicious and skillful addition of herbs.

All questions regarding health and diet will be answered. Large stamped, self-addressed envelope must be enclosed. Write on one side of the paper only. Letters must not exceed 150 words. Address McCoy Health Service, The McCoy Building, 1151 West 6th Street, Los Angeles, Calif.

Your Baby And Mine

By MYRTLE MEYER ELDRED

Every day in a small child's life he learns something that is valuable to him. He learns there are things he can't do, because his mother won't let him. He discovers that there are innumerable objects around him which he has to handle with caution or they can injure him painfully.

WHILE HE IS LEARNING all of these valuable lessons his mother is teaching him something equally important and that is to be respectful of authority. She and daddy are the authorities so far as baby is concerned and he must learn that, unlike the heavy box which falls on him periodically, mother is personally interested in him and will not punish him unjustly because he is too young to know how to act.

THE BABY feels the prestige of his parents because they are older and wiser and have control of all the situations which have to do with the baby. But parents lose prestige and authority when their one method of dealing with baby's mistakes is to hit and hurt him for them.

Because they do know better and know what is right and proper conduct, they should make an effort to prevent misconduct by putting the baby where he can be safe and happy but not accidentally or deliberately able to be destructive or mischievous.

WHEN HE IS old enough they can explain why a thing is not done and give the baby something he can do which is desirable for him.

They can remove the baby from situations in which he is unruly, such as mishandling the merchandise in a grocery store, and let that be punishment enough.

IN FACT all the ways in which we prevent and prohibit a child from acting in ways which are displeasing to him—if not to us—are punishment to him. Why need we add the insult of slapping or spanking?

THE CHILD has to learn that he cannot do as he pleases in all ways because that runs counter to what is good for the rest of the family, or even for him. But he doesn't have to learn this by being pounded periodically when he experiments with conduct.

Once the parent adopts such methods of dealing with the child's mistakes discipline becomes merely the force of the strong over the weak. It ceases to be educational and becomes as immoral and as unjust as when the knife cuts the tender hand which uses it mistakenly. Children are entitled to more intelligent discipline than that.

Our leaflet No. 74 "Undesirable Punishment," contains information on punishments that are desirable and why. It may be had by sending a stamped, self-addressed envelope with this request to Myrtle Meyer Eldred in care of this newspaper.

For Shower Linens

By ALICE BROOKS

7195

The tale of a kitten couple makes merry motifs for a set of tea towels! Any bride-to-be would welcome this gay embroidery.

A child would find fun in doing this simple, colorful stitchery. Pattern 7195 has transfer of six 6½-inch motifs; stitches; directions.

Send 20c in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street W., Toronto 1-A, Ont. Print plainly name, address, pattern number. Please allow a week or ten days for delivery.

Princess Revives 6,000 Army Cadets

LONDON, April 8.—(Reuters)—Princess Elizabeth, wearing a navy blue coat and hat, took the salute from between 5,000 and 6,000 army cadets at a march past in London's Hyde Park Sunday.

With the Princess at the saluting base, where her personal standard was flying, was Maj.-Gen. R. E. Urquhart, who commanded the 1st Airborne Division at Arnham and who now is director of the Territorial Army and the Army Cadet Force.

At the end of the parade the various county representatives were presented to the Princess.

Soviet Breweries Resume Production

MOSCOW, April 8.—(AP)—Russian Breweries have resumed production, with the ministry of food announcing plans to brew 347,000,000 litres of beer for summer consumption. During the war many breweries were converted into war plants producing bottles of an anti-tank incendiary liquid.

Answer to Previous Puzzle

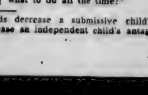

Debunker

The large Arctic body of water named for William Baffin, early explorer, is actually a sea and not a bay. This great expanse of sea water is much larger than the Mediterranean Sea and is six times the size of the Black Sea. The mistake in name probably dates from the time of its discovery, when its real size was not comprehended, and so it was called a bay. The Baffin Sea forms part of the long strait separating Greenland from Baffinland, Canada.

Points for Parents

By EDYTH THOMAS WALLACE

Mother: "Did you brush your teeth? . . . Go wash your hands. . . Eat your vegetables. . . . Wipe your mouth. . . . Hang up your sweater. . . . Come straight home from school . . . etc., etc."

Mother: "You can check this list when you brush your teeth and do these other things. Now what else can you suggest so that I won't have to tell you what to do all the time?"

Mother's continuous commands decrease a submissive child's ability to direct himself and increase an independent child's antagonism.

Esther Beith City Visitor

"More and more Canadian nurses are thinking of their profession in national terms, although the authority is definitely with the provinces with the Canadian Nurses Association acting only in an advisory capacity with a representative from each of the nine provinces," stated Miss Esther M. Beith of Montreal in an interview with The Edmonton Bulletin, Sunday.

Miss Beith, who is chairman of the labor relations committee of the Canadian Nurses Association, and a graduate of the Sick Children's hospital in Toronto, addressed the 28th annual meeting of the Alberta Association of Registered Nurses, which opened in the Macdonald hotel Monday will continue Tuesday.

SUBSEQUENT positions held by Miss Beith include: supervisor, operating room, Babies hospital, New York; staff, Department of Public Health, Toronto; supervisor, Dalhousie University Public Health Clinic, Halifax; executive director, Child Welfare Association, Montreal.

The relationship of the national association toward provincial nursing relations are in matters of conduct of nursing affairs, plus the responsibility for all labor relations, continued Miss Beith.

THE NATIONAL labor relations committee was set up in 1943 to act as an agent for collective bargaining for nurses and to co-ordinate the thinking of the provinces, she explained. Each province, however, has its own labor relations committee whose chief interest is collective bargaining for nurses with possible affiliation with trade unions, and whose interest also lies in labor legislation that may affect nurses and the nursing services, she concluded.

Mrs. W. J. Melrose of Edmonton, who is in Calgary attending the Anglican Women's Auxiliary convention, is a guest at the Palliser hotel.

Who's Who in Edmon-Teens

—Photo by Studio ROYAL.

Miss Joyce Aldythe Hedley, 16, daughter of Mr. and Mrs. J. S. Hedley, 10014 105 street, who is a member of the Central and South Side Edmon-Teens Clubs. . . . A Grade 11 student at Victoria High School, Joyce likes basketball, skating and dancing. She collects post cards and coins. Her clubs are the House League Team at Victoria school; Photography Club; Music Club; Hi-Y, and the B-B-R Girls' Club. She is a member of First Presbyterian church.

Elizabeth Woodward Says . . .

DON'T GO GETTING IDEAS

Jimmy asked you to write to him when he joined the Merchant Marine. And you wrote him faithfully . . . a letter every week . . . then a letter every day. And Jimmy answered. You got a letter with his Dad that you'd hear from Jimmy before he did. And you told your girl friends about your letters. You pried a snapshot out of Jimmy's mother, and wore it in your locket. Everybody knew you were devoted to Jimmy.

Then Jimmy came home. You saw him by accident at the movies one night. And that is all. He never phoned you . . . he never asked for dates. And you wept. You sat by the phone all the time he was home. But he didn't come near you.

YOU COOKED yourself up a sentimental little daydream. You'd read into Jimmy's letters things that just weren't there. You'd spread the news around town that you were waging romance with Jimmy by mail. And what about Jimmy? He just didn't feel that way about you. Sure, it was nice to get mail while he was away. He had a dozen girls writing to cheer him up. But he wasn't falling in love with any of you, thank you. He strung a good line on paper. So you got the idea it was love . . . and wasn't it wonderful?

No. It was a great emptiness . . . an aching void . . . a snare and a delusion . . . a phoney. But who started it? You did!

You say . . . well, a girl can dream, can't she? It doesn't cost anything. But it does cost something. Dreaming's fun . . . until it hurts you. You wish so hard . . . you convince yourself your dream's come true. And when you wake up?

TAKE THAT week you kept watching Hal watching you. You dreamed to yourself . . . Hal likes me. . . he's crazy about me. . . he's in love with me. Or he wouldn't watch me all the time. And when Nick took to walking by your house every afternoon at five-fifteen. . . he never looked in . . . but you were sure he was watching for you. Else why would he be haunting your house. So you dreamed to yourself . . . Nick likes me . . . he's crazy about me . . . he's in love with me. But he's too shy to come ring my bell! And when Mary told you that Bill told her that Ned told him that he thought you were swell . . . you started eying Ned. A longing eye. If Ned thinks I'm swell . . . he's crazy about me, isn't he? Well, what's he waiting for?

Day dreaming can get you in trouble with yourself. Jimmy wrote to you . . . Hal watched you . . . Nick walked by your house . . . Ned thought you were swell. But all of them in love with you? That's only your idea!

The Inside Nerves

Fatigue comes from the nerves. When you are bodily tired, you feel it in the arms, legs and back. But the inside nerves which control the bodily organs are also tired and the result is indigestion, headaches, loss of sleep and general lack of energy. You will see by the illustration how the sympathetic nervous system, through the inside nerves, supplies energy to the bodily organs—The lungs, the stomach, etc.

By the use of Dr. Chase's Nerve Food you can very materially help to restore energy and vigor to these bodily organs and relieve the feelings of fatigue and languor which hold you down.

The result is better digestion, better sleep and renewed energy with which to enjoy life. Ask your druggist for the economy size bottle of Dr. Chase's Nerve Food.

"Tiny" Ferris Takes Bride

TORONTO, April 15—St. George's United church chapel in Toronto was the scene of the wedding Friday when Group Capt. "Tiny" W. D. Ferris, DFC, who commanded the famous Canadian Goose Squadron overseas, took as his bride Miss Mabel Marsh, daughter of a concert singer and entertainment officer in the RCAF won her the MBE and mention in dispatches. The Rev. Canon A. Mutch, of Hamilton, performed the ceremony in a setting of Easter lilies and snapdragon. The wedding music was played by Henry E. Atack.

The bridegroom is a son of Mrs. W. D. Ferris of Edmonton and the late Dr. Ferris, and the bride is a daughter of Mrs. Alexander Mutch of Regina and the late Mr. Mutch.

THE BRIDE given in marriage by her brother-in-law, C. John Baker, wore a tailored suit of Shepherd's check with black accessories. Her flowers were deep red roses with sweet peas.

Mrs. C. John Baker attended her sister as matron-of-honor, and S. R. McMillan of Edmonton, formerly flying commander in the RCAF, was best man. After a small family reception the couple left on a trip through the United States and will later arrive in Edmonton, where they will make their home.

A noted concert singer in Europe and New York before the war, the bride assisted in organizing entertainment for the RCAF in Canada and was entertainment officer with the rank of flight officer for No. 6 Bomber Group in Yorkshire.

GROUP CAPT. Ferris was well known prior to the war in commercial airline circles, operating the Arctic, and was traffic manager for Mackenzie Air Services. Since enlisting as a pilot in 1939 he established an outstanding record with the RCAF Bomber Group. While commanding 408 Squadron, the Canadian Goose Squadron, he was awarded the DFC. Just recently discharged, he is returning to an executive position with Arctic Airlines.

PRINCIPALS IN APRIL WEDDING

Boulton, Mrs. G. Symon, Mrs. J. W. Scott, Mrs. C. Groves, Mrs. F. Kmblin. Miss Peggy Smith and Miss Mary Campbell.

Kathleen Croft Wed at Coast

VICTORIA, B.C., April 8.—St. John's Anglican church in Victoria was the scene of the wedding April 6 at 8:45 p.m. when Miss Kathleen Lillian Croft, daughter of Mr. and Mrs. W. P. Croft of Edmonton, became the bride of ERA James Laurence Nicholson, RCN, son of Mr. and Mrs. E. J. Nicholson of Bridgeford, Sask. Spring flowers decorated the church and the Rev. George Biddle performed the ceremony.

The bride was given in marriage by Andrew Bugslag and wore a gown of ivory satin fashioned with a princess neckline a slight train and tiny buttons down the back of the gown. A Queen Anne headdress held her chapel veil in place and she carried a bouquet of calla lilies and white carnations. Her only jewelry was a pearl necklace gift of the bridegroom.

SISTER OF the bride, Mrs. J. C. Bugslag was matron-of-honor and Miss Beverly Bugslag was bridesmaid. The former wore blue sheer jersey with a gold sequin necklace of pearls and carried a sheaf of spring flowers. The latter wore pink lace and net, gold sequin cap and carried a colonial bouquet of spring flowers.

ERA J. C. Bugslag, RCN, was best man and the usher was Stuart Nicholson.

Miss May Bellingham sang, "Through The Years", during the signing of the register.

Mrs. Croft chose for her daughter's wedding a deep blue wool crepe frock, flowered hat and a corsage of gardenias and pink rosebuds.

AFTER THE ceremony a reception was held at the Kit Kat tea room, where the bride's table was centred with a three-tiered wedding cake surrounded with pearl tulle and decorated with white tapers and spring flowers. A large white bell hung above the table. E. G. Tromley proposed the toast to the bride. Assisting at the reception were Miss Iva Baldry, Vancouver, and Miss K. Morrissey.

Later the couple left for a honeymoon in Kelowna, B.C., the bride travelling in a brown pin-stripe suit, matching purse, shoes and hat trimmed with turquoise blue, and gold wool topcoat. The couple will make their home in Victoria.

Out-of-town guests included Mrs. W. F. Croft and Bert Knowles, Edmonton, and Miss Iva Baldry, Vancouver.

Unity Rebekah Lodge No. 38 meeting in Acacia hall, Tuesday at 8 p.m.

Neilly-McIntyre Wedding Held at St. Stephen's College

Tulips, daffodils and iris decorated the chapel of St. Stephen's College on Saturday at 3 p.m. for the wedding when Mrs. Helen Louise McIntyre, daughter of Mr. and Mrs. Frederick Jenkins of Edmonton became the bride of Louis Graham Neilly, son of Mr. and Mrs. L. A. Neilly of Gilford, Ont. The Rev. G. Elgin Turnbull performed the ceremony. Mrs. W. Gallimore played the wedding music.

Mr. Jenkins gave his daughter in marriage. The bride wore a blush pink crepe afternoon dress, floral hat and a corsage of Belmont gardenias and sweetheart roses. Her accessories were in deep rose.

The bride's sister, Miss Betty Jenkins of Vancouver was bridesmaid and wore a smoke blue afternoon dress, matching hat, floral veil and a corsage of Briercliff roses and blue hyacinths.

KENNETH MacNair of Didsbury was best man and ushers were Robert Simmerman and Robert Jenkins.

Receiving with the bridal party was Mrs. Jenkins, mother of the bride, who was smartly frocked in an afternoon dress of floral mesh, black hat and accessories. A corsage of anemae complimented her frock.

After the ceremony a reception for 50 guests was held at the home of the bride's parents, where the rooms were decorated with spring flowers. The bride's table was set with an ecru lace cloth, centred with a three-tiered wedding cake surrounded by a garland of sweetheart roses. Tall ivory tapers lighted the centrepiece. P. B. Rose proposed the toast to the bride. Assisting at the reception were Mrs. J. A. Joslin, Mrs. Robert Simmerman, the Misses Catherine Rose, Florence Boyer and Anne Shaw.

LATER the couple left by motor for a honeymoon trip through the United States, the bride travelling in a rose dressmaker suit, brown boucle top coat, brown hat and accessories and silver fox twin furs. Mr. and Mrs. Neilly will make their home in London, Ont.

Out-of-town guests included Mrs. A. McIntyre of Copper Cliff, Ont.; Mr. and Mrs. A. E. Jenkins, Calgary; the Misses Isabelle and Carrie Neilly, Toronto, sisters of the bridegroom.

THE BRIDE is a graduate in commerce from the University of Alberta. She served four years with the RCAF (WD). At the time of her discharge last fall she was attached to Air Force headquarters at Ottawa with the rank of flight officer.

The bridegroom served five years with the RCAF and at the time of his recent discharge held the rank of squadron leader. He completed two tours of operations overseas with the Pathfinders and was awarded the DFC and Bar.

MISS Kathleen E. Gimblett, a bride-elect of the near future, was guest of honor at a bridge party and shower held recently at the home of the Misses Edith and Mary Dickson. Guests were Mrs. W. N. Gimblett, Mrs. C. Craig, Mrs. W. S. Allison, Mrs. D. L. Fowler, Mrs. G. G. Latham, Mrs. E. Thompson, Mrs. A. Anderson, Mrs. J. Warner, Mrs. J. E. Lambert, the Misses Jessie Templeman, Mima Templeman, Gladys Bramley-Moore, Dorothy Bramley-Moore, Doris McAvoy, Bessie McAvoy, Ethel McKenzie, Winnifred Brown and Grace Hardy.

Nurses Open Annual Meet

"At present, there is an acute shortage of nurses everywhere," stated Miss Barbara A. Beattie, in her president's address, given to the 28th annual meeting of the Alberta Association of Registered Nurses, which opened in the Macdonald hotel, Monday morning. Miss Beattie is superintendent of nurses, Provincial Mental hospital, Ponoka.

There are many new fields of nursing opening and there is a dire need of good bedside nurses, she said. Miss Beattie named the year 1945 as being an eventful one, with unrest and frustration among nurses, due to the transition from war to peace, which resulted in many changes. "Nursing is going through a critical period and is suffering growing pains," she said.

SHE ADVOCATED that every nurse be thoroughly interested in her profession, attend meetings and diligently read the "Canadian Nurse", the official nursing paper. "Take an active part in building and developing your profession," she concluded.

The report of the registrar-secretary, presented by Miss Elizabeth B. Rogers, showed that new registrations from Dec. 1944 to Dec. 1945 totalled 291 with membership renewals being 1,432. Total active membership was 1,823. The total 1946 registration to April 4 is 1,320.

She reported on visits made to districts and hospitals, of which there were eight, from April 1, 1945, to April 1, 1946. Alberta nurses donated $271 for clothing and food for the nurses of Holland, in addition to other donations for food and clothing. She also reported that quite a number of nursing sisters have returned to active duty in Alberta and that eight have enrolled in the public health course, School of Nursing, University of Alberta.

THE TREASURER'S report, submitted by Miss Ruth M. Gavin, showed that receipts for the year amounted to $7,911 of which $7,000 was received from membership fees. Disbursements during the year amounted to $7,777.

In his address of welcome, Mayor Harry Ainlay lauded the nurses for their work during the war years, and welcomed the delegates on behalf of the city of Edmonton. The Very Rev. A. M. Trendell, Dean of Edmonton, gave the invocation.

Calendar

All Saints' Boy Choristers Mothers' club meeting in the parish hall Tuesday at 8:15 p.m.

TENDERS

Veterans' Land Act

Sealed Tenders, addressed to the District Superintendent, Veterans' Land Act, at 302 Blowey - Henry Building, Edmonton, Alberta, and marked Tender for Salvaging and Shipping Building Materials at Prince Rupert, B.C., will be received up to 12:00 o'clock noon, Monday, April 22nd, 1946, for the salvaging of all building materials and fixtures from old United States Army Buildings at Port Edward and Watson Island, B.C.

Form of Tender, description of work and list of buildings to be salvaged may be obtained from the office of the District Construction Supervisor, Veterans' Land Act, Blowey - Henry Building, Edmonton, or his representative at the office of the War Assets Corporation, Prince Rupert, B.C.

An authorized representative of the Director, Veterans' Land Act, may be contacted at the office of the War Assets Corporation, Prince Rupert, B.C., from noon Monday, April 15th to 5:00 p.m. Tuesday, April 16th, 1946.

Each tender must be accompanied by a certified cheque on a chartered Canadian Bank for the sum of $5,000.00, payable to the order of the Receiver General of Canada, which cheque will be forfeited in the event of the tenderer refusing to enter into a contract on the basis of his tender, if called upon to do so, or failing to satisfactorily complete such a contract. Cheques of unsuccessful tenderers will be returned.

The Department does not bind itself to accept the lowest or any tender.

G. MURCHISON,
Director,
The Veterans' Land Act.
Department of Veterans' Affairs,
Veterans' Land Act,
April 6th, 1946.

Notice to Creditors and Claimants

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the above named Olaf Bostrom, who died on the 13th day of March, A.D. 1946, are required to file with Elsie M. Hunter and Andrew A. Russell, Executors, care of the undersigned, by the 13th day of May, 1946, a full statement duly verified of their claims and of any securities held by them, and that after that date the executors will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

DATED this 25th day of March, 1946.
F. G. DAY,
Solicitor for the Executors.
Address: C.P.R. Building,
Edmonton, Alberta.

NOTICE

In the estate of NATHAN NUNN, late of Jasper, Alberta, retired, deceased.

Notice is hereby given that all persons having claims upon the estate of the above named NATHAN NUNN, who died on the 4th day of November, A.D., 1945, are required to file with the Executor, National Trust Company Limited, by the 15th day of May, A.D., 1946, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed, or which have been brought to its knowledge.

DATED this 22nd day of March, A.D. 1946.
NATIONAL TRUST COMPANY LIMITED,
Executor, 10072 Jasper Avenue,
Edmonton, Alberta.
Hugh E. Stanton,
Solicitor for Executor,
Edmonton, Alberta.

University of Alberta Extension to Medical Building

GENERAL CONTRACT

Sealed tenders are invited covering the General Contract for the erection of a steel, concrete, and brick addition to the above building.

Tenders to be addressed to Mr. A. West, Bursar of the University, care of the Architects, Rule, Wynn & Rule, 254 Birks Building, Edmonton, and will be received up until noon on the 22nd day of April, 1946.

Plans and specifications may be obtained at the office of the Architects, Birks Building.

A marked cheque in the amount of 10% of the bid must accompany each tender.

The lowest, or any tender, will not necessarily be accepted.

Dated at Edmonton, April 6, 1946.
RULE, WYNN & RULE,
254 Birks Building,
Edmonton, Alberta.

Wheat Arrives

Chinese Red Paper Lashes at Chiang

CHUNGKING, April 8.—(BUP)—The Communist Daily published a vitriolic attack today upon Generalissimo Chiang Kai-shek, employing language so sharp that some observers believed it might rupture the truce between the government and Communist factions.

THE COMMUNIST attack was republished from the Emancipation Daily, organ of the Yenan Communist centre. It charged Chiang was guilty of "lust for battle and slaughter" and asserted that government troops armed with tanks and bazookas were attacking the people of Manchuria.

The editorial was a reply to Chiang's address before the political council which it said, had the effect of repudiating the North China cease-fire agreement and constituted a new declaration of large-scale civil war.

Chiang, the paper charged, was attempting to continue his dictatorship "in constitutional form" through the national assembly.

THROUGHOUT the editorial Chiang was referred to in what the Chinese consider rude terms with neither his title of generalissimo or president being given.

It charged that a "slaughter" of Chinese was going on in the northeast at the hands of both Nationalists and Japanese puppet forces.

Chiang, the paper asserted, was "deliberately enlarging the war" and privately is hopeful that the truce teams will not be able to halt the warfare.

Manitoba Members Wipe Out Pay Cut

WINNIPEG, April 8.—(CP)—Lt.-Gov. R. F. McWilliams Saturday gave royal assent to supplementary estimates of $11,763 to provide an additional indemnity of $200 for each of the Legislature's 58 members and a salary increase of $163 for Speaker Robert Hawkins of Dauphin. The increase restores members' indemnities to their pre-depression figure of $2,000. The Saturday morning and afternoon sittings — first this session — saw main estimates of $19,979,225 approved for third reading.

TODAY'S MARKETS

Toronto Stocks

TORONTO, April 8.—(CP) — More gains than losses were boarded in today's session of the Toronto Exchange and trading was quite active, showing turnover of around 3,000,000 shares.

Golds group showed individual gains in quantity ranging from 5 to 10 cents. Among these were Macassa, San Antonio, Frobisher, Louvricourt, Starratt-Olsen, Campbell Red Lake, North Inca, Orenada and Aubelle. Discovery touched 1.40 for a gain of 16 cents.

Base metal stocks had a loss of about a point in the index, mainly through weakness of the senior oils. Home, Okalta and Ajax were softer junior oils. Calgary-Edmonton added 5.

MARKET MOVEMENTS

APRIL 8, 1946.

Stocks—
At New York: Small losses.
At Montreal: Papers higher.
At Toronto: Gains predominate.

Wheat—
At Winnipeg: Trading suspended.
At Chicago: Unchanged to ¼ lower, closing at 1.83½ (May).

May Rye Advances In Chicago Trading

CHICAGO, April 8.—(AP)—May rye moved well ahead most of the time again today on continued strong short covering demand and stop losses buying.

At one time, the delivery was up the five-cent limit allowed in a single day's trading at $2.34 a bushel, another 26-year peak price. All other deliveries of the grain remained at $1.46⅛ ceilings.

The demand for oats which usually accompanies a strong bulge in rye was absent and prices for all deliveries, except May, were weak.

Wheat, corn and barley finished again at ceilings at $1.83½, $1.21½ and $1.26½. Oats were unchanged to ⅞ cent lower. Rye unchanged to 3¾ cents ahead.

Cash grain: Wheat, No. 2 red and hard, 1.82 nominal, ceiling. Corn, No. 2 yellow 1.19 nominal, ceiling. No oats. Barley, malting, 1.25-1.43½ nominal.

Close: Wheat, July 1.83½, Sept. 1.83½, Dec. 1.83½. Corn, May 1.21½, July 1.21½, Sept. 1.21½. Oats, May 83, July 81¼, Sept. 78⅞-79, Dec. 79-79⅛. Rye, May 2.32¾-2.33, July 1.48½, Sept. 1.48½, Dec. 1.48½. Barley, May 1.26½, July 1.26½, Sept. 1.26½, Dec. 1.26½.

New York Stocks

NEW YORK, April 8—(AP)—Steels, rails and some utilities lost fractions to around a point in today's irrefular stock market, while motors and selected industrials managed to resist the trend. Dealings picked up at times but were off appreciably from the totals of the last several days.

Livestock

EDMONTON, April 8. — Total receipts: Cattle 348, calves 22, hogs 181.

Trading opened active on the cattle market with prices fully steady to stronger on all classes. Receipts continue very light with insufficient good butchers on offer to meet the demand. One small lot of choice steers realized a new high of $13 per cwt. Choice steers $11.75 per cwt. Best butcher heifers $11.75 per cwt. Choice light cows $9.50-$10.

The following are the quotations:

CATTLE—			
Good-choice fed calves	$11.25	to	12.25
Good-choice steers	11.75	to	12.75
Medium to good steers	11.00	to	11.75
Fair-medium steers	10.00	to	11.00
Common to fair steers	8.50	to	10.00
Good-choice light heif's	11.00	to	11.75
Medium-good heifers	10.00	to	10.75
Fair-medium heifers	9.00	to	9.75
Common-fair heifers	7.50	to	9.00
Choice light cows	9.50	to	10.00
Good heavy sows	8.50	to	9.50
Fair to medium cows	8.00	to	8.50
Common to fair cows	6.50	to	7.75
Canners-cutters	4.50	to	6.50
Bulls	7.50	to	9.75
STOCKERS AND FEEDERS—			
Good steers	9.50	to	10.50
Common to fair	8.50	to	9.00
Stock heifers	7.50	to	8.50
Stock cows	6.00	to	7.00

Stockers and feeders of suitable quality in good demand. Good short-keep steers $9.50 to $10.50. Heifers $7.50 to $8.50. Stock cows, $6.00 to $7.50 per cwt.

Calves firm and in demand. Good to choice handyweights $12.50 to $13.50. Extreme tops $14 per cwt. Heavy calves $12 down and common kinds down to a low of $7 per cwt.

Hogs stronger. Grade A for shipment $18.80, plus Dominion government premium of $2 on Grade A and $1 on B1. This new rate effective April 1st. Sows live weight on yards $12. Feeder hogs $13.50-$14.50, according to weight and quality.

Lambs steady. Good handy weight locals $12 to $12.50. Off cars $12.75. Mediums $9.50 to $10.50. Yearlings $5 to $9. Light ewes $5 to $7. Medium ewes $3.50 to $5. Feeders in good demand from $6 to $8.50 per cwt.

AT ST. PAUL

SOUTH ST. PAUL, April 8.—(AP)—Cattle 3,500; top good, choice steers $16.60; bulk good steers $14.75-$16.35; good heifers $14-$15.50; most good cows $11.75-$13; choice sows $13.85; bulk good beef bulls $13-$13.85; medium, good sausage kinds $11-$13; cutter, common stock $8.50-$10.50; good feeder steers $13.50-$14.50; good feeder calves $14. Calves 1,800; vealers, bulk good, choice $14.50-$16; few top choice $16.50; common, medium $10-$14.

Hogs 5,150; barrows, gilts largely good, choice $14.60; sows, stags $13.85; feeder pigs, good, choice 100-135 lb., $14.75-$15.

Sheep 1,900; good, choice wooled skins, $15.50-$16.

AT WINNIPEG

WINNIPEG, April 8—(CP)—Trade opened up on the draggy side on the livestock market here today. Most killing classes were under pressure.

Cattle, 1,750. Steers up to 1,050 lbs. choice $12¾-$13, good $11½-$12½, steers over 1,050 lbs. choice $12¾-$13, good $11½-$12½, heifers choice $11¼-$11¾, good $10-$11, fed calves choice $12¾-$13, good $9-$9¾, bulls good $9¼-$10¼, stocker and feeder steers good $9½-$10½.

Calves, 810. Good and choice veal $13½-$15.

Hogs, 1,100. Grade B1 dressed $18.30-$18.40.

Sheep, 174. Good lambs $13.

AT TORONTO

TORONTO, April 8—(CP)—Cattle prices were firm, good western lambs sold 25c cwt. higher, calves and sheep were steady, in early trade on the livestock market here today. No price was established for hogs.

Receipts reported by the Dominion marketing service were: Cattle 1,170, calves 360, hogs 150, sheep and lambs 510.

Good butcher steers were $12-$12½, good butcher heifers up to $12, good cows and bulls $10-$10½. Choice veal calves were $16-$17 with plain lights downward to $10. Good western lambs were $16. Sheep were $4-$9. Hogs closed previously at dressed grade A $10½, grade B1 $19.10.

AT CHICAGO

CHICAGO, April 8—(AP)—Hogs, 8,500. Good and choice barrows and gilts $14.85, sows and stags $14.10.

Cattle 13,000, calves 700. Top steers $17½, odd head and short loads $18, [illegible] $15½-$17, most beef cows $11-$12¾, few strictly good kinds $15, heavy sausage bulls $13¾, beef bulls $14¾, cull vealers $9.

Sheep, 7,000. Good to choice fed wooled western lambs $16½-$16.60, wooled slaughter ewes $8¾ down.

Erratic Display In Futures Trade

WINNIPEG, April 8. — (CP) — An erratic display was given by rye futures in trading on the Winnipeg grain exchange today and prices closed three cents higher to 3¼ cents lower.

Buying orders which found the market base of offerings had boosted May and July the five cent limit during the first half of the session, but purchases dropped off towards the close and May closed at $2.61 bid, July at $2.47½ asked. October showed weakness throughout and closed at $1.94⅛-$1.94¼.

Exporters reported only a light trade with 75,000 bushels of wheat being sold for shipment to Belgium.

Local Produce

BUTTER PRICES

No. 1, 40; No. 2, 38; No. 3, 36.

CREAM PRICES

Prices for cream delivered to Edmonton creameries: Special grade 48 tto 50; No. 1, 46 to 48; No. 2, 41 to 45; off grade, 36 to 38.

EGG PRICES

Dealers now paying to country shippers: A large 32; A medium, 30; A pullets, 21; grade B, 24; grade C, 18.

Wholesale to retail: A large, 36; medium, 34; A pullet, 28; B, 32; grade C, 27.

Retail to consumer: A large, 42; A medium, 40; A pullet, 34; grade B, 37; grade C, 31.

This egg market remains practically unchanged with egg receipts as reported through all registered egg grading stations in the province showing an increase of 12 per cent. over the preceding week. Quality factor shows 66.5 per cent. grade A, compared to 67.2 per cent. for last week. The chief factor for under grades is soiled shells with the coming of spring thaws. The market is strong to firm and all quotations remain unchanged. Eleven carlots moved into storage under the fall contract prorgram and eight lots moved to the drier during the week. 375 cases of grade C rolled to Winnipeg, and other shipments consisted of four small shipments to local army camps.

POULTRY PRICES

The poultry market remains very inactive. Receipts of chicken through all processing plants in the province were 1,1013 head, and receipts of fowl were 2,336 head. All paying prices remain unchanged and the market is very firm locally for all freshly killed poultry.

Grade C	20-21c

Rail Grade Dressed Fowl

(All Weights)

Grade A	24c
Grade B	21-22c
Grade C	16-18c

HATCHERY OUTLOOK

This week's hatchery report is compiled from information received from 22 hatcheries, representing 56 per cent. of the total capacity for the province. These hatcheries report 1,029,733 chicks hatched since the start of the season, with an average hatchability of 66.1 per cent. The demand for chicks continues strong, and indications are that the 1946 season will very likely exceed the record year of 1944 in total chicks hatched and placed on Alberta farms. The breeds in order of volume hatched continue to be New Hampshires, Single Comb White Leghorns, Barred Rocks, in that order, with other breeds following. Sale of cockerel chicks continues excellent for heavy breeds and fair to good for Leghorns, with only a few Leghorn cockerels gassed the past week.

Turkey eggs set since the start of the season, 21,642. No turkey poults are reported as hatched yet, but advance orders indicate that demand for turkey poults will be far in excess of available supplies.

LIVESTOCK TRAFFIC

EDMONTON, April 8—Total receipts of cars trucked, driven and shipped by rail to local livestock agencies: Cars 1, cattle 37, calves 2, hogs 135, sheep 33.

Shipments on April 5: To Eastern Canada, 5 cars hogs, 2 cars calves, hogs and sheep, 1 car cattle and hogs.

More than 94,000 newspapers and magazines are published throughout the world.

Dodge Announces New Models

Reporting 34 new features and improvements, the Dodge-DeSoto Division of the Chrysler Corporation of Canada, Limited, announces the new Dodge De Luxe 4-door sedan and Special De Luxe models in the low-price field, and claims new economy and polished performance for the new models. Among the 34 new features are the new grille, bumpers which extend well around the sides of the fenders, and newly-styled rear fenders. A push button starter on a newly-designed instrument panel replaces the foot starter. Greater dependability and operating economy are claimed by the company as a result of many mechanical refinements, including new oil pump, new design intake manifold and new self-cleaning gas filter in the gasoline tank.

LONDON STOCKS

London, April 8—(Reuters)—Sentiment remained cheerful throughout the day on the London stock exchange and although there were few sensations in the way of price movements, there was a marked preponderance of upward trends.

Industrials took the lead with tobaccos and breweries also in the van. Oils were quietly firm with chief interest displayed in Canadian Eagle on a proposed change of domicile. Base metals maintained their initial improvement although business slackened toward the close.

AIRCRAFT FOR WHALING

LONDON. — (CP) — Walrus aircraft will be used for reconnaissance work in the British whaling expedition due to leave for the Antarctic in the fall. The amphibious biplanes will be catapulted from a base ship.

Home-Building Boom Continues

Edmonton's home-building program is spreading like a wind-whipped prairie fire with 341 dwelling permits being issued up to April 6, and a further 81 in sight through sales of city-owned property made since April 1 by the city land department.

THE TOTAL VALUE of home-building permits since Jan. 1 to April 6 is $1,303,225, or slightly less than $1,000,000 in excess of the home building total for the same period of last year.

During Friday and Saturday of last week 25 permits for the erection of dwellings were issued by the city architect's department. The value of the permits was $100,600.

The permits were issued to: P. Wiedman, 9840 83 avenue, $4,500; Joe Miciak 11160 64 street, $4,000; R. Busenius 9847 81 avenue, $3,500; I. A. Bower 8815 88 avenue, $3,000; M. Szstopalski 9851 82 avenue, $2,-500; F. Labrenz 10152 and 10149 83 avenue, two houses each costing $3,500.

L. BALDWIN 9420 97 avenue, $4,500; L. Pombert 12302 91 street $2,500; L. McCollum 10915 75 street, $4,000; J. Hanelt 9849 88 avenue, $5,000; H. F. Duncan 11143 Saskatchewan Drive, $13,000; Tom Nelson 11602 123 street, $4,000; W. J. Alexander 11204 61 street, $5,000.

C. Oudel, 11934 76 street, $3,000; N. J. Hubenig, 10343 117 street, $6,000; W. Candler, 10513 75 avenue, $2,500; J. B. McCollum, 7515 111 avenue, $3,000; J. W. Magistad, 12803 73 street, $3,000; Lorna Williams, 7522 109 street, $3,000; Steve Wynchar, 12419 St. Alberta Road, $2,000; F. G. McManus, 9245 87 street, $2,500; W. Thomas, 11715 88 street, $5,000; J. R. Coffin, 11120 60 street, $4,500; and J. W. Durdle, 11307 80 street, $3,600.

Washington to Act On Miners' Strike

NEW YORK, April 8—(AP)—A new strike threat arose today—among 72,000 CIO ship workers—as a labor department official expressed belief "the government will do something this week" about the soft coal work stoppage.

JOHN GREEN, CIO Marine and Shipbuilding Workers' president, announced filing of a 30-day strike notice in behalf of workers in 17 shipyards, which he said had refused to pay an 18-cent-hourly pay raise recommended by the shipbuilding wage conference.

The labor department official, who asked anonymity, reported steel mills soon will begin to feel the full effect of the week-old strike of 400,000 bituminous miners.

Meanwhile, one of the country's oldest strikes, that of 1,700 employees of the Yale and Towne Manufacturing Company's Philadelphia plant, had ended. The workers, members of the AFL Machinists' union, voted to accept a 12½-cent-hourly raise and end their 149-day walkout.

AT AKRON, O., Mayor Charles E. Slusser threatened to take "immediate steps" to end a week-long walkout of 450 CIO bus and trolley drivers, who are demanding 32 cents an hour more pay. But the labor troubles of four other cities had eased.

In Detroit, buses and street cars started running again following a week-old strike of 5,200 AFL transit workers. The workers accepted a 15-cent hourly raise from the municipally-owned system.

Across the country, meanwhile, 800,000 workers continued idle in labor disputes.

Improved Brakes In Latest Dodge

Claiming the greatest brake improvement since 1924, and 33 other new features, the Dodge-DeSoto division of the Chrysler Corporation of Canada Limited, announces the new Dodge De Luxe models in the low-priced automotive field. The new-type two-cylinder front brakes and improved rear brakes greatly increase breaking power and require 25-30 per cent less foot pressure by the driver, the company states.

ADDED DEPENDABILITY and operating economy are said to result from many mechanical advances which are included in the 34 new Dodge features. Easy cold weather starting is the aim of the new design intake manifold; the new oil pump is more efficient throughout the range of engine speeds; by placing a new-type gasoline filter in the gas tank the hazard of plugged gas lines is eliminated, the company states; and, in addition, this filter is self-cleaning by action of the gas in the tank.

A NEW GRILLE, new bumpers which extend well around the sides of the fenders, and the newly styled rear fenders give distinctive appearance to this new Dodge.

Body finish is of a new enamel which is reported to be harder and color-fast. A new, three-spoke steering wheel and a rearranged instrument panel makes all dials easily visible. A push button starter on the instrument panel replaces the old type foot starter.

THE NEW DODGE De Luxe is available in three body types—four-door sedan, two-door sedan and business coupe; the Special De Luxe is also available in three body types—four-door sedan, two-door sedan and Club coupe.

Dies of Injuries

WINNIPEG, April 8. — (CP) — Henry Wilson, 70, of Winnipeg, died in hospital Sunday from injuries received when he was struck by a street car Friday.

CPR Hits Peak Traffic Volume

MONTREAL, April 8.—(CP)—Notwithstanding a slight decline in gross earnings, "an all-time record volume of transportation service was achieved by the Canadian Pacific Railway Company in 1945, D. C. Coleman, chairman and president, stated in the annual report of the directors issued Saturday.

HE SAID THAT ALTHOUGH "the flood of freight traffic derived from war production and from the export of war material suddenly ceased at the victorious ending of the conflicts in Europe and Asia, the relief and rehabilitation needs of devastated Europe and the repatriation of thousands of Canada's fighting men provided new sources of traffic."

Mr. Coleman reported that net earnings from railway operations were substantially less owing to increased costs. This was partially offset, he stated, by an improvement in "other" income, such as communications and hotels, and in reduction of fixed charges.

The report listed gross earnings from transportation of freight, passengers and incidental railway services at $316,109,358, barely one per cent less than the record earnings in 1944.

THE VOLUME OF traffic handled exceeded that carried by all Canadian railways in any of the immediate pre-war years. Working expenses totalled $280,055,024 and were the largest in the history of the company. Net earnings at $36,054,334, equal to $1.98 an ordinary share after preferred dividends, compared with $43,159,664 or $2.21 in 1944.

Net earnings were smaller in proportion to gross than at any time in the past.

Freight earnings accounted for $227,707,486 or 72 per cent of the gross earnings, a reduction of $5,-410,987. Approximately half reduction was in earnings from grain and grain products. Grain loadings on the western lines dropped 44,-000,000 bushels. This was offset to some extent by increased all-rail movements of grain from the lakehead and Georgian Bay ports to St. Lawrence and Atlantic coast ports.

AVERAGE REVENUE received for hauling one ton one mile was 83 cents, the report indicated, a decline of two cents from the previous year. In the decade before the war the average revenue per ton mile was 97 cents.

Passenger earnings slightly exceeded those of 1944 at $56,854,297 and were 18 per cent of the gross earnings. The average revenue received per passenger mile was 1.97 cents compared with 1.94 cents in 1944-1945.

"Other" earnings amounted to $31,547,575 or 10 per cent of the gross and were up $2,105,144 on 1944 due to movements of servicemen returning home. Maintenance expenses at $118,155,208 showed no change. Transportation expenses at $114,725,361 took 36 cents of every dollar earned against 35 cents in 1944.

THE REPORT SHOWED railway tax accruals were $21,933,197, of which $18,200,000 represented the provision for Dominion income and excess profit taxes.

Current assets exceeded current liabilities by $82,854,705 against $88,484,857 in the previous year.

During the year 278,932 acres of agricultural lands were sold for $1,-603,044, an average price of $5.75. Included were 638 acres of irrigated land, which brought an average of $55.05 per acre.

Student Group Elects Council

Some 400 special session students, who commenced classes at the university in January, went to the polls Friday to elect their own Students' Council to carry on activities through the summer.

W. GRAHAM CAMPBELL, former member of the RCAF, now studying engineering, will be the president of the newly formed organization.

The position of vice-president will be filled by George Hartling. J. A. Mackintosh won the position of secretary-treasurer in a close race with Bill Turlock. Three general committee members were also elected. T. S. Bay, Jack Beaton and George Davis are the elected members at large.

It is the intention of the new executive to provide social and sports activities for their classmates who will be continuing their studies for three months following the cessation of the regular university session.

THE TWO WEEKS following Easter will be the only vacation for this class before they finish studies in July. The vacation to be granted shortly corresponds to the Christmas vacation of the regular varsity class students.

Friday arts and science students in the regular session voted Tevie Miller to the position of representative of the Arts and Science Faculty on the Students' Council for 1946-47. Mr. Miller, a pre-law student, will represent the largest faculty in the university, numbering over 700 students. The present representative, who held office during 1945-46, was Jack Pritchard who brought about the organization this year of an Arts and Science club.

Blum Arrives in Ottawa

Leon Blum, ambassador extraordinary of France, and Mrs. Blum, shown above as they stepped from their RCAF plane in Ottawa. Blum, former Socialist premier of France, is on this continent seeking trade and credit.

Pair Are Jailed For Brutal Assault

Two men were sentenced to serve six-week jail terms in city police court Saturday for what veteran police officers described as one of the most brutal and vicious assaults in history of the city.

ALBINIE J. SHANK and George C. Brydes were arrested Saturday morning by Detective Herb Graham after they had attacked and beaten up William Antosko and Isaac M. Derksen at 97 street and 102A avenue about 12:30 a.m. Saturday.

Detectives Graham and Kenny of the city morality squad were taking two prisoners to the police station when they witnessed the assault. They stated that the two accused approached Antosko and Derksen and knocked them to the ground without warning, kicked them and then fled.

"I've seen lots of scraps since I joined the force, but never anything as brutal and quick as that", Det. Kenny said.

DETECTIVE KENNY proceeded to police headquarters with the two prisoners that had been arrested earlier, while Det. Graham ran to the scene of the assault. There he found both Antosko and Derksen lying on the sidewalk unconscious. Both had been badly beaten and both had been kicked on the head.

Albinie and Shank returned to the scene of the assault while Det. Graham was still there and he immediately placed them under arrest.

Giving evidence in the witness box, Det. Graham testified that Shank's hand was covered with blood when arrested. He described the two accused as "both vicious types" and stated that they swore and cursed when arrested.

BOTH VICTIMS of the assault testified that they didn't know the accused men and said they had no idea what motive might have been behind the attack. Antosko appeared in court wearing a blood-stained bandage on his head.

Eden Leads Tory Debate in House

LONDON, April 8.—(Reuters)—Anthony Eden, who has been leading the Conservative opposition in the absence of Winston Churchill, former prime minister, will be the leading Tory spokesman in the debates next Wednesday and Thursday in the House of Commons on the budget to be presented tomorrow by Hugh Dalton, chancellor of the exchequer.

Informed Conservative sources say that Mr. Churchill has not yet decided whether he will intervene but it is felt that should political issues arise, he may wish to take part.

LONDON NEWSPAPERS today were cautiously optimistic and urged the need for less taxation to ease the present burden on industry.

The Sunday Times, Conservative, did not expect a further reduction in income tax (the standard rate was reduced from 10 to nine shillings on the pound, effective April 1) but expressed hope for "restoration, wholly or in part, of the old earned-income allowance of one-sixth instead of 1-10th and an allowance of £60 ($267) for a child instead of £50."

The Observer, Conservative, discussing talk of a further increase in surtax, said the policy of "soaking the rich" had been carried far enough.

Driver Arrested After Auto Hit

Norman Smith, 8642 92 street, was arrested and charged with dangerous driving about 12:30 a.m. Sunday when a car he is alleged to have been driving struck a parked auto belonging to Tom Clare, 7539 111 avenue, on 103 street between 96 and 97 avenues. Smith's auto is alleged to have crashed into the right rear of Clare's auto and to have stopped on the boulevard between the parked car and the board sidewalk on 103 street.

Ukrainian Club Officers Elected

Mike Budnyk was elected president of the Ukrainian National People's club at the association's first general business meeting called Sunday in the Ukrainian Labor Temple. The club includes three age groups from eight to 30, and officers elected to represent these members in three divisions totalled more than 20.

There were 62 members present, with John Kawluk acting as chairman and Michael Martyn as secretary. The following officers were elected:

President, Mike Budnyk; vice-president, William Chmiliar; secretary, Stella Palsat; treasurer, Peter Yarmoluk; directors, recreational and entertainment, Anne Martyn; educational, Alex Moysa; dramatic and cultural, John Kawluk; membership, Edna Orlecki; social, Sophie Kurlyk.

Audit committee: Michael Martyn, Tony Mokry and William Halina.

THE PROPOSED constitution was accepted and the club was divided into three groups; Junior group, 8 years to 13 years and 11 months; intermediate group, 14 years to 17 years and 11 months; senior group, 18 years to 30.

The following executive was elected for the intermediate group: president, Bill Hruba; vice-pres., Elizabeth Balamuni; secretary, Jeanette Makarowski; treasurer, John Hursin. The committee for the junior group consists of Lillian Korchinsky, Olga Loza and Lois Bielous.

IT WAS DECIDED that the senior executive handle all finances and have one representative to direct the activities of the other two groups. The meeting concluded with all the members being treated to a free Russian show entitled "Taxi To Heaven".

Special Services Conducted by SA

Special Salvation Army services were held Sunday to observe the annual SA Canadian Prison Sunday. A service conducted by the Edmonton Citadel, 102 street, was addressed by Mrs. Maj. Halsey. Other speakers during the day were Major and Mrs. Harold Harpin and Major Halsey. A similar service was conducted at the Fort Saskatchewan provincial jail. Music was provided at each of the services.

Cabinet Ministers Back From Parley

Three of Alberta's four cabinet members who attended the Social Credit convention in Regina last week arrived in Edmonton Sunday morning by plane. They were Premier Ernest Manning, Hon. W. A. Fallow, minister of public works and Hon. Lucien Maynard, KC, attorney general.

Hon. R. Earl Ansley, minister of education, who also attended the convention, is returning by rail and is expected to arrive sometime on Monday, with other delegates.

Burning Gasoline Causes Excitement

A flurry of excitement was caused on 101 street at noon today when gasoline which had leaked from the overflow pipe in a car owned by Bernard Burrows, 5837 111 avenue, was ignited by a cigarette butt.

The gasoline spread along the east side of the street in front of the Empire building. The flames were prevented from spreading by Constables Musa, McNicoll and Gillies of the city police force until fire equipment arrived and put out the blaze. One line of hose was laid. The car was not damaged.

About 90 per cent. of the total weight of the earth's atmosphere lies within 12 miles of the surface.

Arrives Tuesday

RALPH D. WALDEN

YMCA Official Arrives Tuesday

Ralph D. Walden, recently appointed young people's secretary of the Edmonton YMCA, will arrive in Edmonton Tuesday night to take over his new duties, it was announced Monday by the personnel committee of the "Y" here.

MR. WALDEN HAS just returned from overseas following five years of service as Canadian YMCA war services senior supervisor. Before proceeding overseas he was stationed at Windsor and Camp Borden, Ont.

Prior to enlistment Mr. Walden was active as a layman in church and "Y" work in London, Ont. As young people's secretary here he succeeds Ralph Young who left the city last fall to take up duties in Eastern Canada.

To Evict Eight From Single Room

VANCOUVER, April 8.—(CP)—City Health Department Saturday ordered a mother and her seven children, ranging in age from 18 months to 17 years, to vacate a small room, only 12 by 17 feet.

If they don't move, health authorities warn, they will prosecute the landlord for breaking a city bylaw by permitting overcrowding of his rooming house.

IN A STATEMENT read in rental appeal court, health officers charged neglect. Judge Bruce Boyd promised the landlord the rental board would give him full protection from the threatened prosecution by the city until the family can be moved out.

The father, who is working in Trail, has a house there, but the mother left him to come to Vancouver. She is working as a waitress.

Elect President Mormon Church

INDEPENDENCE, Mo., April 8.—(AP)—Israel A. Smith, son of Joseph Smith III, was elected president of the Reorganized Church of Jesus Christ of Latter Day Saints Saturday, succeeding his brother, Dr. Frederick M. Smith, who died March 20.

18 Germans Die As Ferry Sinks

LONDON, April 8.—(Reuters)—At least 18 persons died when a ferry carrying 80 passengers capsized Sunday on the Rhine-Herne canal between Gelsenkirchen and Buer, in the Ruhr, the British News Service in Germany reported last night.

Faulty Switch Disrupts Light

A surge on the power lines throughout the city late Saturday night caused by a faulty switch at the power house disrupted power and light supply throughout the feeder system for periods ranging from four minutes to four hours, according to David C. Raith, superintendent of the electric light department.

Following the surge it was necessary to patrol the whole line system to determine where the sudden increase in power had caused damage, Raith stated. This was accomplished as quickly as possible, and in the majority of the districts power and light supplies were re-established within a few minutes.

However, in certain section of the northeastern end of the city, light and power supplies were not reinstated for approximately four hours.

DDT has been known since 1874, but did not have its first commercial application until 1939.

Asks For Removal Of Paving Hazard

Attention of city council is called to a "real dangerous condition along new pavement on 109 street and on 111 avenue by H. W. Clendenning, who suggests that all cross streets along this new paving should be paved or graded to the pavement level, and all ditches filled in. The matter will be considered by city council Monday night.

The following is the text of Mr. Clendenning's letter:

I wish to draw your attention to a condition which has come to be a real dangerous propoasition since the new pavement has been completed on 111 avenue and 109 street. At each and every cross street there has been no material left to fill the approaches to the pavement and the drop which is the depth of the pavement makes it a very unbalanced condition and the contractors should be appealed to and the ditches filled up. In the course of time the pounding will break off the pavement and an unsightly condition will present itself by the traffic dropping over the pavement and also hitting it when approaching.

I am drawing your attention to this in an endeavor to have the nuisance remedied and also for the protection of a job well done, for the pavement from observation is a good piece of work and it would be just too ridiculous to have it broken up or disfigured so soon after the completion and make an eyesore when a little precaution would eliminate the cause. The citizens will have to pay for all this and why become careless or indifferent with their money or the taxes of the city.

Saigon Is Rocked By Munitions Blast

SAIGON, April 8. — (AP) — A giant French ammunition dump on the northern outskirts of Saigon exploded this morning and two hours later a shattering series of explosions continued to rock the city.

Truckloads of wounded, including women, children and French servicemen were still streaming into the hospitals at noon.

MORE THAN 60 wounded persons officially were reported admitted to hospitals in the half-hour following the first blast. Hospital officials said they lost count after that.

Henri Cedille, commissioner for Cochin China, issued a special communique saying that the explosion was due to an accident and expressed the public to remain calm.

Red Cross Campaign Nets Total of $85,000

More than $85,000 was received at Edmonton headquarters of the Northern Alberta Red Cross campaign during the month-long drive in March, according to an announcement from H. T. Griffiths, Edmonton campaign manager.

Mr. Griffiths said that outstanding contributions are expected to boost the total over the $100,000 mark, less than one-half of the total received here in the campaign of the previous year.

Report Increase In City Jobless

Increase in the unemployment situation in Edmonton during the last week was shown in the following figures released by selective service: unplaced male applicants, 5,046, an increase of 264 over the previous week; female applicants, 638, an increase of 19; placements during the week, 361 male, 180 female; vacancies, 832 for men, 393 for women; total unemployed ex-servicemen, 2,615, an increase of 85; unemployment insurance claims, 1,627.

Bandits Get $1,200 In House Robberies

WINDSOR, Ont., April 8.—(CP)—Three men carrying revolvers held up Gordon Girard at a house on Howard avenue Saturday night and escaped with $1,150 in cash. Some four hours later John F. Deacey was robbed of $35 at gunpoint when he answered his front-door bell.

Four More Nazis Held For Murder

MEDICINE HAT, April 8.—(CP)—In a move which followed closely upon the trials of three other prisoners on murder charges, Royal Canadian Mounted Police Saturday arrested four German soldiers held in Medicine Hat internment camp who now are awaiting preliminary hearing on charges of murdering a fellow-prisoner, Karl Lehmann.

THE FOUR ARRESTED and charged before Magistrate W. H. Ellis are Bruno Perzenowski, Walter Wolf, Willi Mueller and Heinrich Buach.

Two of three other prisoners charged earlier with the murder of a fellow-inmate of the camp—Pte. Adolf Kratz, 24, and Sgt. Werner Schwalb, 30—have been sentenced to hang at Lethbridge June 26 for their part in the slaying of August Plaszek, 42.

The third man charged with Plaszek's murder, L-Cpl. Johannes Wittinger, 30, was granted a new trial by Chief Justice W. R. Howson of Alberta Supreme Court when it was learned that one of the jurors hearing his case, G. D. Eckestrand, was under age for jury duty.

L. S. TURCOTTE of Lethbridge, who was appointed by Justice Minister St. Laurent to defend Kratz, Schwalb and Wittinger, has appealed Schwalb's conviction.

The four charged with Lehmann's murder appeared only briefly in court Saturday and later were taken to the provincial jail at Lethbridge to await preliminary hearing before Magistrate Ellis, May 1.

Servicewomen Now On Way to Canada

MONTREAL, April 8. — (CP) — One of the largest groups of Canadian servicewomen to return home on a single ship to date, 15 members of the Wrens, 78 of the CWAC, and 77 of the RCAF women's division, will arrive in Halifax Wednesday morning on the SS Aquitania.
